UNANIMOUS CONSENT - Print in Journal

Mrs. Crosby asked unanimous consent to print the following amendment to LB 455 in the Journal. No objections. So ordered.

AM0805

1. Strike original section 4 and insert the following new sections:

"Sec. 4. Section 68-1708, Revised Statutes Supplement, 1994, is amended to read:

68-1708. Sections 68-1701 to ~~68-1735~~ 68-1734 and sections 5 to 7 of this act shall be known and may be cited as the Welfare Reform Act. The act becomes operative January 1, 1996.

Sec. 5. The Legislature finds and declares that the welfare system in Nebraska must be reformed to more adequately support, stabilize, and enhance individual and family life in Nebraska. To accomplish this objective, the Legislature has approved the Welfare Reform Act.

By the terms of the act, it is mandated that thousands of children and families will lose eligibility for aid to dependent children and its related services, including medical assistance, child care, and job training. At the same time, there is little assurance that the Nebraska economy will be able to provide the thousands of living wage jobs necessary to keep these thousands of Nebraska children and families who have lost the public assistance due to the mandates of the act from becoming destitute and homeless and from being without necessary services such as medical assistance. This is particularly true due to the failure of health care reform on the federal level which was intended to be a central foundation for the purposes behind the act.

The Legislature declares that it is necessary to determine the potential impact of these mandated changes to Nebraska's welfare system on all state agencies, counties, public and private social service providers such as homeless shelters and food banks, the foster care system, school districts, local communities, philanthropic and charitable entities in Nebraska, and other public and private organizations prior to the implementation of the act so that there is an efficient and effective implementation of the act, so that all affected parties are as fully informed and prepared as possible for the potential impact of the act, and so that the State of Nebraska is not imposing financial and human resources responsibilities on public and private entities without full consideration.

Sec. 6. The Welfare Reform Act Impact Study Committee is created. The Director of Social Services shall serve as chairperson of the committee. The Governor shall appoint the other members. The committee shall include representatives of the State Department of Education, the Department on Aging, the Department of Labor, the Department of Public Institutions, the Office of Probation Administration, the Department of Correctional Services, the Department of Economic Development, the Department of Health, the Department of Revenue, the State Court Administrator, and the office of the Legislative Fiscal Analyst. The committee shall include at least one representative from county government, the Foster Care Review Board, school districts, municipalities, the health care industry, the child care industry, the community action agencies, a homeless shelter, the food bank network, private philanthropy, and charitable giving. The committee shall include two persons who are receiving public assistance at the time of appointment and one noncustodial parent. The Governor shall also invite a representative from tribal governments in Nebraska to be a member of the committee.

Sec. 7. The Welfare Reform Act Impact Study Committee shall evaluate the potential impacts of the welfare system changes prescribed by sections 68-1721 to 68-1724, especially the two-year limit on cash assistance, the two-year period of ineligibility, the exclusion of benefits for additional children born into a family receiving assistance, the reduction in cash assistance based upon minor children's school attendance, and the requirement that an adult cash assistance recipient participate in employment activities when the youngest child in a recipient family is under one year of age. The committee shall study and evaluate whether and to what degree the mandated changes will create an impact upon the services provided by and the responsibilities of public and private entities. The study shall include, but not be limited to, an evaluation of the legal responsibilities of public and private entities in Nebraska to provide services to meet the basic needs of indigent Nebraskans for, at a minimum, food, housing, and health care. 66-1330. Sections 66-1330 to 66-1348 and sections 2 to 5 of this act shall be known and may be cited as the Ethanol Development Act.

Sec. 2. An excise tax is levied upon all corn and grain sorghum to be utilized as feed, as food, or for industrial processing in the State of Nebraska. Except as otherwise provided in this section, the tax is three-fourths cent per bushel for corn and three-fourths cent per hundredweight for grain sorghum. The excise tax shall be imposed on all sales occurring on or after July 1, 1995, and before January 1, 2001. The tax shall be in addition to any fee imposed pursuant to sections 2-3623, 2-3627, and 2-4012. The excise tax shall be levied and imposed on the seller at the time of sale or delivery and shall be collected by the first purchaser in Nebraska. The tax shall be collected, administered, and enforced together with and in the same manner as the fees imposed pursuant to sections 2-3623, 2-3627, and 2-4012. The tax shall be collected, administered, and enforced by the Department of Agriculture. No corn or grain sorghum shall be subject to the tax imposed by this section more than once. In the case of a pledge or mortgage of corn or grain sorghum as security for a loan under the federal price support program, the excise tax shall be deducted from the proceeds of such loan at the time the loan is made. The excise tax shall be deducted whether the corn or grain sorghum is stored in this or any other state. The excise tax shall not apply to the sale of corn or grain sorghum to the federal government for ultimate use or consumption by the people of the United States when the State of Nebraska is prohibited from imposing such tax by the Constitution of the United States and laws enacted pursuant thereto.

Sec. 3. (1) The grain recipient, at the time of transfer or settlement, shall retain the excise tax as provided in section 2 of this act and shall maintain the necessary records of the excise tax for each transfer of corn or grain sorghum. Records maintained by the grain recipient shall provide (a) the name and address of the supplier, (b) the date of the transfer, (c) the number of bushels of corn and hundredweight of grain sorghum transferred, and (d) the amount of excise tax retained on each transfer. The records shall be open for inspection and audit by authorized representatives of the Department of Agriculture during normal business hours observed by the purchaser.

(2) The grain recipient shall render and have on file with the department by the last day of each January, April, July, and October on forms prescribed by the department a statement of the number of bushels of corn and hundredweight of grain sorghum transferred in Nebraska. At the time the statement is filed, the grain recipient shall pay and remit to the department the excise tax.

(3) The department shall remit the excise tax collected to the State Treasurer for credit to the Ethanol Production Incentive Cash Fund within thirty days after the end of each quarter.

(4) For each fiscal year beginning with fiscal year 1995-96 through fiscal year 2000-01, the department shall calculate its costs in collecting and enforcing the excise tax imposed by section 2 of this act and shall report such costs to the Department of Administrative Services within thirty days after the end of the fiscal year. Sufficient funds to cover such costs shall be appropriated from the Ethanol Production Incentive Cash Fund to the Department of Agriculture each fiscal year.

Sec. 4. The State Treasurer shall transfer from the General Fund to the Ethanol Production Incentive Cash Fund, before the end of each of the following fiscal years, the following amounts:

(4) For fiscal year 2000-01, $3,000,000.

Sec. 5. Any person violating any of the provisions of section 2 or 3 of this act shall be guilty of a Class III misdemeanor.

Sec. 6. Section 66-1345, Revised Statutes Supplement, 1994, is amended to read:

66-1345. (1) There is hereby created the Ethanol Production Incentive Cash Fund which shall be used by the board to pay the credits created in section 66-1344 to the extent provided in this section. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act. The State Treasurer shall transfer to the Ethanol Production Incentive Cash Fund such money as shall be (a) appropriated to the Ethanol Production Incentive Cash Fund by the Legislature, (b) given as gifts, bequests, grants, or other contributions to the Ethanol Production Incentive Cash Fund from public or private sources, (c) made available due to failure to fulfill conditional requirements pursuant to investment agreements entered into prior to April 30, 1992, (d) received as return on investment of the Ethanol Authority and Development Cash Fund, ~~and~~ (e) credited to the Ethanol Production Incentive Cash Fund from the fertilizer fee pursuant to section 77-4401, (f) credited to the Ethanol Production Incentive Cash Fund from the excise taxes imposed by section 2 of this act, and (g) credited to the Ethanol Production Incentive Cash Fund pursuant to section 4 of this act.

(2) The Department of Revenue shall, at the end of each calendar quarter, notify the State Treasurer of the amount of motor fuel tax that was not collected in the preceding calendar quarter due to the credits provided in section 66-1344. The State Treasurer shall transfer from the Ethanol Production Incentive Cash Fund to the Highway Trust Fund an amount equal to such credits less the following amounts:

(c) For 1997, the amount generated during the calendar quarter by a one-half-cent tax on motor fuel pursuant to such sections; and

(d) For 1998, 1999, and 2000, no reduction.

The amounts shall be transferred through December 31, 2000. For 1993 through 1997, if the amount generated pursuant to subdivisions (a), (b), and (c) of this subsection and the amount transferred pursuant to subsection (1) of this section are not sufficient to fund the credits provided in section 66-1344, then the credits shall be funded through the Ethanol Production Incentive Cash Fund but shall not be funded through either the Highway Cash Fund or the Highway Trust Fund. For 1998, 1999, and 2000, the credits provided in such section shall be funded through the Ethanol Production Incentive Cash Fund but shall not be funded through either the Highway Cash Fund or the Highway Trust Fund.

(3) The State Treasurer shall transfer from the Ethanol Production Incentive Cash Fund the amounts appropriated under subsection (4) of section 3 of this act for each fiscal year as provided in such subsection.

(4) On February 15, 2001, the State Treasurer shall transfer any unexpended and unobligated funds from the Ethanol Production Incentive Cash Fund to the Highway Trust Fund.

Sec. 7. Original sections 66-1330 and 66-1345, Revised Statutes Supplement, 1994, are repealed.

Sec. 8. Since an emergency exists, this act takes effect when passed and approved according to law.".

Educational service units or cooperatives of school districts recognized as regional planning entities by the State Board of Education pursuant to section 79-3328 shall be eligible to receive grants for cooperative programs for such handicapped children of less than five years of age if such educational service units or cooperatives have complied with the reporting and approval requirements of section 79-3328. The grants shall be one hundred percent of the costs of such programs and shall continue to be one hundred percent as long as the funding for such grants comes from federal funds. If the federal funding is inadequate at any time to pay one hundred percent of the costs of such programs, the amount of the grant provided by the department shall, before fiscal year 1996-97, be ~~ninety percent of such costs~~ as determined by the State Board of Education from appropriations approved by the Legislature and, commencing in fiscal year 1996-97 and each fiscal year thereafter, the aggregate grant amount for all recipients shall not exceed an amount equaling the aggregate grant amount for all recipients for the previous fiscal year multiplied by a rate not to exceed the allowable growth range pursuant to section 79-3816. The grant payments shall be made by the State Department of Education to the resident school district, educational service unit, or regional planning entity recognized by the State Board of Education pursuant to section 79-3328 each year in seven as nearly as possible equal monthly payments between the fifth and twentieth day of each month beginning in December.

The proportionate share for each school district for Level I services shall be based on the final expenditure report of ninety percent of the allowable excess cost for Level I services for the immediately preceding year's special education program.~~ Cooperatives of school districts or educational service units shall also be eligible for reimbursement for cooperative programs pursuant to this section if such cooperatives or educational service units have complied with the reporting and approval requirements of section 79-3343 for cooperative programs which were offered the preceding year. Standing Committee amendment to LB 302:
AM0774

1. Strike the original sections and insert the following new sections:

"Section 1. (1) Notwithstanding any other provision of law, sections 1 to 5 of this act shall govern responsibility for payment of the costs of medical services for any person ill, wounded, injured, or otherwise in need of such services at the time such person is arrested, detained, taken into custody, or incarcerated.

(2) For purposes of sections 1 to 5 of this act, the term medical services includes medical and surgical care and treatment, hospitalization, transportation, medications and prescriptions, and other associated items.

Sec. 2. Primary responsibility for payment of the costs of medical services provided to individuals who are arrested, detained, taken into custody, or incarcerated shall be with the recipients of such services, and providers of such medical services shall seek reimbursement for the cost of such medical services from such recipients. Reimbursement shall be sought from the following sources in the following order:

(1) From an insurer, a health maintenance organization, a preferred provider organization, or other similar source, if the recipient of medical services is entitled to payment of or reimbursement for the costs of such medical services under the terms and provisions of a policy, subscription, or agreement with an insurer, a health maintenance organization, a preferred provider organization, or another similar source. This section does not extend or enlarge the liability of any such insurer, health maintenance organization, preferred provider organization, or other similar source, and no such insurer, health maintenance organization, preferred provider organization, or other similar source is responsible for reimbursing or paying any costs of medical services for which it is not otherwise responsible under the terms of the applicable policy, subscription, or agreement. Any individual who is entitled to payment or reimbursement for the costs of medical services under the terms of a policy, subscription, or agreement with an insurer, a health maintenance organization, a preferred provider organization, or other similar source shall cooperate with the providers of such services by making whatever applications, assignment, or other arrangements that are necessary in order to secure payment for the services provided;

(2) Personally from the recipient of the medical services; and

(3) From any other available source, including, where appropriate, the United States Department of Veterans Affairs, social security, the Department of Social Services, or other similar source.

Sec. 3. (1) Upon a showing that reimbursement from the sources enumerated in section 2 of this act is not available, in whole or in part, the costs of medical services shall be paid by the appropriate governmental agency. Such payment shall be made within ninety days after such showing. For purposes of this section, a showing shall be deemed sufficiently made if a provider signs an affidavit stating that (a) in the case of an insurer, health maintenance organization, preferred provider organization, or other similar source, a written denial of payment has been issued or (b) in all other cases, efforts have been made to identify sources and to collect from those sources and more than one hundred eighty days have passed or the normal collection efforts are exhausted since the medical services were rendered, but full payment has not been received. In no event shall the provider of the medical services be required to file a suit in a court of law or retain the services of a collection agency to satisfy the requirement of showing under this section. Such affidavit shall be forwarded to the appropriate governmental agency.

(2) In the case of medical services necessitated by injuries or wounds suffered during the course of apprehension or arrest, the appropriate governmental agency shall be the arresting agency. In all other cases, the appropriate governmental agency shall be the agency responsible for operation of the institution or facility in which the recipient of the services is lodged, except that when the agency is holding the individual solely for another jurisdiction, the agency may, by contract or otherwise, seek reimbursement from the other jurisdiction for the costs of the medical services provided to the individual being held for that jurisdiction.

(3) Except as provided in section 5 of this act, a governmental agency shall not be responsible for paying the costs of any medical services provided to an individual if such services are provided after he or she is released from the legal custody of the governmental agency or when the individual is released on parole.

(4) Any governmental agency requesting medical services for an individual who is arrested, detained, taken into custody, or incarcerated shall notify the provider of such services of (a) all information possessed by the agency concerning potential sources of payment and (b) the name of the appropriate governmental agency pursuant to subdivision (2) of section 3 of this act.

Sec. 4. The costs of routine medical services provided in the ordinary course of the duties of regular staff of a jail, prison, or other similar holding or detention facility shall not be considered reimbursable under the provisions of sections 1 to 5 of this act.

Sec. 5. Sections 1 to 5 of this act do not release any governmental agency from liability for the costs of medical services made necessary by the negligence, recklessness, or intentional misconduct of the agency or its employees or the costs of medical care resulting from an accident or occupational disease arising out of and in the course of the individual's performance of tasks assigned by the staff of the facility or institution holding that individual. Any recipient or provider of medical services or any insurer, health maintenance organization, preferred provider organization, or other similar source that may be responsible for the costs of medical services pursuant to sections 1 to 5 of this act shall be entitled to reimbursement from the appropriate governmental agency for the costs of medical services made necessary by the negligence, recklessness, or intentional misconduct of the agency or its employees or the costs of medical care resulting from an accident or occupational disease arising out of and in the course of the individual's performance of tasks assigned by the staff of the facility or institution holding that individual.

Sec. 6. Since an emergency exists, this act takes effect when passed and approved according to law.".

ATTORNEY GENERAL'S OPINION

Opinion No. 95020

DATE:	March 13, 1995
SUBJECT:	Constitutionality of LB 735, Legislation Mandating the Establishment of a College of Engineering at the University of Nebraska at Omaha
REQUESTED BY:	Senator Ardyce L. Bohlke Nebraska State Legislature
WRITTEN BY:	Don Stenberg, Attorney General Lauren L. Hill, Assistant Attorney General

You have requested an opinion from this office regarding the constitutionality of LB 735, legislation introduced on January 19, 1995, which would establish a College of Engineering at the University of Nebraska at Omaha. Specifically, you have asked us to address whether LB 735 violates Article VII, § 14 of the Nebraska Constitution. We emphasize that the analysis and reasoning herein are limited to the legal questions raised by the proposal set forth in LB 735. The public policy question of whether a College of Engineering should be established at the University of Nebraska at Omaha is a separate issue beyond the scope of your inquiry and, therefore, not addressed in our opinion.

Facts

In April, 1994, University of Nebraska President Dennis Smith appointed a task force to study the issue of engineering education in Nebraska. See Board of Regents of the University of Nebraska, Minutes, 59, p. 191 (December 9, 1994). The task force transmitted its final report to the University President on November 11, 1994. Id. At its December 9, 1994, meeting, the University of Nebraska Board of

Regents reviewed the task force findings and the recommendations submitted by the University President. While the Board of Regents adopted several recommendations to bolster engineering education in Nebraska, it rejected a motion to establish an independent College of Engineering at the University's Omaha campus. Id. at 198. Five of the eight Board of Regents members voted against the motion. Id.

On January 19, 1995, Senator Chris Abboud and 13 cosponsors introduced legislation which, in pertinent part, provides:

> The Legislature finds that a College of Engineering should be established at the University of Nebraska at Omaha. The University of Nebraska at Omaha shall offer an engineering program leading to a bachelor's degree through its College of Engineering. The Legislature shall appropriate money necessary to offer the engineering program. The appropriation shall be made to the Board of Regents of the University of Nebraska for the sole purpose of funding the engineering program.

LB 735, Ninety-Fourth Legislature, First Session (emphasis added).

Coordinating Commission For Postsecondary Education

Our review begins with a brief overview of the constitutional and statutory provisions governing Nebraska's Coordinating Commission for Postsecondary Education {"Commission"}. The Commission has been established under the Nebraska Constitution as the entity "which shall, under the direction of the Legislature, be vested with the authority for coordination of public postsecondary educational institutions." Neb. Const. art. VII, § 14. The Constitution expressly defines the term "coordination" to include:

> (1) {a}uthority to adopt, and revise as needed, a comprehensive statewide plan for postsecondary education . . . {and}
>
> (2) {a}uthority to review, monitor, and approve or disapprove each public postsecondary educational institution's programs and capital construction projects which utilize tax funds designated by the Legislature. . . .

Id. (emphasis added). The Constitution specifies that such authority is vested in the Commission "in order to provide compliance and consistency with the comprehensive {statewide} plan {for postsecondary education} and to prevent unnecessary duplication. . . ." Id.

In accordance with this constitutional mandate, the Legislature has enacted the "Coordinating Commission for Postsecondary Education Act," Neb. Rev. Stat. § 85-1401 to § 85-1420 (1994). The Act details and expands upon the powers and duties vested in the Commission by the state constitution.

The Act directs that, in developing its comprehensive statewide plan, the Commission is to include "role and mission statements for each public institution within any general assignments of role prescribed in sections 85-121.05 {pertaining to the Nebraska College of Technical Agriculture at Curtis} and 85-917 to 85-966 {pertaining to the University of Nebraska campuses, the State Colleges, and the Community Colleges}. . . ." Neb. Rev. Stat. § 85-1413(1) (1994).

Specific to our analysis are the program review duties set forth in Neb. Rev. Stat. § 85-1414 (1994). The statute dictates the process and procedures which the Commission is to utilize in its review, monitoring, approval, or disapproval of new and existing programs. For purposes of the Act, the term "program" is defined as "any program of instruction which leads directly to a degree, diploma, or certificate. . . . Program shall also include the establishment of any new college, school, major division, education center, or institute but shall not include reasonable and moderate extensions of existing curricula which have a direct relationship to existing programs." Neb. Rev. Stat. § 85-1402(5) (1994).

The Commission's program approval authority extends to public postsecondary educational institutions including "each postsecondary educational campus or institution which is governed by the Board of Regents of the University of Nebraska." Neb. Const. art. VII, § 14. The statute expressly provides that "{a}ny program which is authorized by action of the Legislature or a governing board and which is not in existence prior to January 1, 1992, {date of the Commission's establishment} shall not become operative unless and until such program has been approved by the commission pursuant to this section." Neb. Rev. Stat. § 85-1414(12) (1994). These provisions would clearly apply to a proposed College of Engineering established upon the University of Nebraska at Omaha campus.

In order to ensure enforcement of the coordination provisions of the Act, the Legislature has provided that "{n}o state warrant shall be issued by the Department of Administrative Services or used by any public institution for the purpose of funding any program . . . which has not been approved or which has been disapproved by the {C}ommission pursuant to the Coordinating Commission for Postsecondary Education Act." Neb. Rev. Stat. § 85-1418(1) (1994).

Discussion

Based upon the preceding constitutional and statutory provisions, we now address your inquiry. Several tenets of statutory construction direct our analysis.

First, the Nebraska Supreme Court has determined that constitutional provisions are to be construed more liberally than statutory provisions. Nebraska P. P. Dist. v. Hershey School Dist., 207 Neb. 412, 299 N.W.2d 574 (1980). A second principle of statutory construction requires that before interpretation of the language of a constitutional provision may be engaged in, "it must be demonstrated that the questioned language is unclear or ambiguous and, therefore, requires judicial construction. . . ." State ex rel. Spire v. Beermann, 235 Neb. 384, 389, 455 N.W.2d 749, 752 (1990). If the plain meaning of a constitutional provision cannot be ascertained, then

> {t}he intent and understanding of {the} framers {of a constitutional amendment} and the people who adopted it as expressed in the instrument is the main inquiry in construing it. . . . The words of a constitutional provision will be interpreted and understood in their most natural and obvious meaning unless the subject indicates or the

> text suggests they are used in a technical sense. The court may not supply any supposed omission, or add words to or take words from the provision as framed. It must be construed as a whole, and no part will be rejected as meaningless or surplusage, if it can be avoided. . . . It is permissible to consider the facts of history in determining the meaning of the language of the Constitution. . . . It is also appropriate and helpful to consider, in connection with the historical background, the evil and mischief attempted to be remedied, the objects sought to be accomplished, and the scope of the remedy its terms imply.

Id. at 389-90, 455 N.W.2d at 752 (quoting State ex rel. State Railway Commission v. Ramsey, 151 Neb. 333, 340-41, 37 N.W.2d 502, 507 (1949)) (citations omitted). See also State ex rel. Douglas v. Beermann, 216 Neb. 849, 347 N.W.2d 297 (1984); Dwyer v. Omaha-Douglas Public Building Commission, 188 Neb. 30, 195 N.W.2d 236 (1972).

Finally, because the Nebraska Constitution "is not a grant but, rather, a restriction on legislative power, . . . the Legislature is free to act on any subject not inhibited by the Constitution." State ex rel. Stenberg v. Douglas Racing Corp., 246 Neb. 901, 905, ____ N.W.2d ____ (1994); State ex rel. Creighton Univ. v. Smith, 217 Neb. 682, 353 N.W.2d 267 (1984). In so acting, however, the court has established that "{t}he people of the state, by adopting a Constitution, have put it beyond the power of the {L}egislature to pass laws in violation thereof." State ex rel. Randall v. Hall, 125 Neb. 236, 243, 249 N.W. 756, 759 (1933); See also State ex rel. Stenberg v. Murphy, 247 Neb. 358, ___ N.W.2d __ (1995)(holding that "constitutional language controls legislative language, not the other way around."); State ex rel. Caldwell v. Peterson, 153 Neb. 402, 45 N.W.2d 122 (1950)(holding that the Legislature cannot lawfully act beyond limitations of the Constitution). Therefore, as we noted in a prior opinion, "{t}he legislative authority of the Unicameral is extensive. However, it is not limitless." Op. Att'y Gen. No. 93-012 (March 4, 1993) at 5.

Under these rules, we analyze the provision of the state constitution which vests within the Commission's "coordination" powers the "{a}uthority to review, monitor, and approve or disapprove each postsecondary educational institution's programs . . . which utilize tax funds designated by the Legislature in order to provide compliance and consistency with the comprehensive plan and to prevent unnecessary duplication. . . ." Neb. Const. art. VII, § 14 (emphasis added). We find this language to clearly and unambiguously vest in the Commission the power to approve or disapprove a "postsecondary educational institution's program." As noted earlier, the creation of a proposed College of Engineering falls within that definition. Therefore, to the extent that LB 735, as currently drafted, does not provide in any manner for review of the proposed independent College of Engineering by the Commission, we find the measure to be violative of Article VII, Section 14 of the Nebraska Constitution.

We reach the same conclusion even if we adopt the view that the language of the constitutional provision is unclear and, therefore, subject to further construction. The Nebraska Supreme Court has directed that if the plain meaning of Article VII, Section 14 cannot be ascertained, then we are to review "{t}he intent and understanding of {the} framers {of the constitutional amendment} and the people who adopted it as expressed in the instrument." State ex rel. Spire v. Beermann, 235 Neb. at 389-90, 455 N.W.2d at 752. "It is also appropriate and helpful to consider, in connection with the historical background, the evil and mischief attempted to be remedied, the objects sought to be accomplished, and the scope of the remedy its terms imply." Id.

A historical review illustrates that a form of the current Commission has been in existence since 1976. In that year, the Legislature enacted LB 579 which established a twelve-member "Nebraska Coordinating Commission for Postsecondary Education." See Laws 1976, LB 579, § 2 (codified at Neb. Rev. Stat. § 85-902 (1987)). In 1984, the membership of the Commission was expanded from twelve to seventeen. See Laws 1984, LB 981, § 9. From the time of its inception, the Commission remained merely an advisory body, one devoid of meaningful enforcement power over Nebraska public postsecondary institutions. See Neb. Rev. Stat. § 85-910 (1987)(outlining Commission powers).

Concerned with the apparent lack of effectiveness in coordinating postsecondary education operations within Nebraska, the Legislature commissioned an extensive study of the issue. See Laws 1989, LB 247. Recommendations of consultants retained to conduct the study prompted Senator Ron Withem, then serving as Chairman of the Education Committee, to propose that an amendment to the Nebraska Constitution be forwarded "to the citizens of our state ... for the November ballot {on the question} of whether we should bring about this change in which postsecondary education is coordinated and governed in our state." Education Committee Hearing on LR 239, 91st Neb. Leg., 1st Sess., February 6, 1990 (Testimony of Senator Withem). On April 9, 1990, the Legislature enacted LB 1141, which placed the current provisions of Article VII, Section 14 before the electorate. The proposed constitutional amendment was adopted by a majority of voters in November 1990.

During the legislative session immediately following the November 1990, general election, Senator Withem introduced legislation to implement the newly-adopted constitutional amendment. See Introducer's Statement of Intent, LB 663, 92nd Neb. Leg., 1st Sess., February 12, 1991. In several instances during floor debate of LB 663, questions regarding the extent of the Commission's program review authority arose. For example,

> SENATOR ROBINSON: What power do they have as far as program goes, the coordinating commission?
>
> SENATOR WITHEM: What program do they have?

> SENATOR ROBINSON: Yeah, what power to they have as far setting programs . . .
> SENATOR WITHEM: They can approve programs, request to start a new program. They can approve that or they can disapprove it. If it is disapproved it goes out of existence. They can review existing programs and they can disapprove those. They have very, very strong powers in terms of program review and approval and disapproval.
> . . .
> SENATOR WARNER: . . . the program review authority and disapproval or approval as spelled out by Senator Withem, and again, it's a very strong one because if the coordinating commission disapproves a program even though we fund the program, even though the Legislature would fund the program under the mechanism, a warrant for the cost of those, at least to be provided for with state funds, but the General Fund money could not proceed....

Floor debate on LB 663, 92nd Neb. Leg., 1st Sess., March 25, 1991.

Further, in highlighting various provisions of the bill during its consideration, Senator Withem summarized as follows:

> SENATOR WITHEM: Finally, the bill makes a number of changes in our role and mission statutes. . . . I would point out to you that although the bill makes statutory changes in role and mission, those programs needed to implement those role and mission changes cannot go into effect until they will be approved by the Postsecondary Coordinating Commission.

Id.

In debate on an amendment regarding education centers offered to LB 663 by Senator Nelson, it was noted that

> SENATOR WITHEM: We have established the commission constitutionally with the authority to approve or disapprove programs. We, as the Legislature, have in effect said this . . . the floor of the Legislature is not the appropriate place to make these decisions. The appropriate place to make these decisions is within the coordinating commission. For us, in the very year that that {sic} would pass, after that passed, to violate that and come in and establish education centers legislatively I think would be the wrong signal about how seriously we're taking the coordinating commission.

Id.

The Commission's history and the debate centering upon the extent of the Commission's role in postsecondary education demonstrate the Legislature's clear intent to vest substantial program review powers in the Commission. We conclude that enactment of LB 735, without providing for a program review by the Coordinating Commission for Postsecondary Education, would violate the state constitution as well as several provisions of the corresponding "Coordinating Commission for Postsecondary Education Act."

Additional Considerations

In addition to the issues raised by LB 735 under Article VII, Section 14 of the Nebraska Constitution, our research prompted the following considerations which should be contemplated by the Legislature.[1]

Your letter notes that in 1994, the Legislature enacted statutory language providing:

> After January 1, 1995, the Legislature shall not change the role and mission provisions in this section and sections 85-121.05 and 85-917 to 85-966 unless and until a proposal for such change has first been reviewed by the Coordinating Commission for Postsecondary Education and its recommendations on such proposal have been given to the Legislature pursuant to subdivision (2) of section 85-1412, section 85-1414, or otherwise.

Neb. Rev. Stat. § 85-966.01 (1994).

You indicate that while the statute is subject to amendment or repeal, "the language provides one Legislature's interpretation of how the authority of the Coordinating Commission should be viewed." We agree. Moreover, enactment of LB 735 would appear to contradict two statutes in addition to Neb. Rev. Stat. § 85-966.01. First, Neb. Rev. Stat. § 85-1414(12) (1994) mandates that "{a}ny program which is authorized by action of the Legislature . . . and which is not in existence prior to January 1, 1992, shall not become operative unless and until such program has been approved by the commission pursuant to this section." Next, Neb. Rev. Stat. § 85-1418(1) (1994) assures that "{n}o state warrant shall be issued by the Department of Administrative Services or used by any public institution for the purpose of funding any program . . . which has not been approved or which has been disapproved by the commission pursuant to the Coordinating Commission for Postsecondary Education Act."

The enactment of LB 735 without repeal or amendment of all three of these statutes would provide conflicting law as to the Commission's program review authority. Generally, the Legislature is presumed to have intended that every provision of a statute have meaning. Richardson v. Board of Ed. of School Dist. No. 100, 206 Neb. 18, 290 N.W.2d 803 (1980). Further, in enacting legislation, the Legislature is presumed to have known the preexisting state of the law. In re Hilbers Property Freehold Transfer, 211 Neb. 268, 318 N.W.2d 265 (1982). Based upon these two presumptions of law, a reviewing court has a duty to give effect to the language of every statute and to reconcile various provisions so that they are harmonious. State v. Black, 195 Neb. 366, 238 N.W.2d 231 (1976).

If current statutes remain in place and LB 735 is enacted, an argument exists that, to the extent the provisions of LB 735 contradict current law, then a repeal by implication would occur. The court has indicated:

> While repeals of statutes by implication are not favored and a statute will not be considered so repealed unless the repugnancy between the new enactment and the former statute is plain and

unavoidable, where such repugnancy exists, the new enactment will be deemed to have repealed the former statute by implication.

State v. Fellman, 236 Neb. 850, 857-58, 464 N.W.2d 181, 187 (1991); Mauler v. Pathfinder Irr. Dist., 244 Neb. 217, 505 N.W.2d 691 (1993). Thus, "a legislative act which is complete in itself and is repugnant to or in conflict with a prior law repeals the prior law by implication to the extent of the repugnancy or conflict." Mauler, 244 Neb. at 219, 505 N.W.2d at 693. We cannot opine with certainty as to whether a reviewing court would declare a repugnancy between the provisions of LB 735 and current law. We merely direct your attention to the issue and recommend that existing statutory provisions be considered.

Conclusion

In conclusion, LB 735, as currently drafted, violates Article VII, § 14 of the Nebraska Constitution. The defect in the legislation could be repaired by an amendment which would make implementation of the legislation subject to the review and approval of the Coordinating Commission for Postsecondary Education. In addition, the Legislature should carefully examine existing statutes and make any revisions it deems necessary to clearly effect its intent.

[1] For purposes of reaching our conclusion in this opinion, we did not find it necessary to address the precedent established by the court's holding in Board of Regents v. Exon, 199 Neb. 146, 256 N.W.2d 330 (1977).

When the owner registers a replacement vehicle at the time of filing such affidavit, the credit may be immediately applied against the registration fee for the replacement vehicle. When no such replacement vehicle is so registered, the county treasurer or designated county official shall forward the application and affidavit, if any, to the State Treasurer who shall determine the amount, if any, of the allowable credit and furnish a certificate therefor to the owner. When such motor vehicle is removed from service within the same month in which it was registered, no credit shall be allowed for such month. Such credit may be applied against registration fees for new or replacement vehicles incurred within one year after cancellation of registration of the motor vehicle for which the credit was allowed. (Amendments to Standing Committee amendments, AM0892)

1. Insert the following new section:

"Sec. 8. Section 79-3805, Reissue Revised Statutes of Nebraska, is amended to read:

79-3805. (1) Using data from the annual financial reports and the annual statistical summary reports for the most recently available complete data year, the department shall calculate the tiered cost per student for grades kindergarten, one through six, including full-day kindergarten, seven and eight, and nine through twelve for each district as described in subsections

(2) through ~~(8)~~ (11) of this section.

(2) Each district's general fund operating expenditures for grades kindergarten, one through six, including full-day kindergarten, seven and eight, and nine through twelve shall be computed as follows: (a) The weighted average daily membership for kindergarten shall equal the average daily membership for kindergarten multiplied by five-tenths; (b) the weighted average daily membership for grades one through six, including full-day kindergarten, shall equal the average daily membership for such grades multiplied by one; (c) the weighted average daily membership for grades seven and eight shall equal the average daily membership for such grades multiplied by one and two-tenths; (d) the weighted average daily membership for grades nine through twelve shall equal the average daily membership for such grades multiplied by one and four-tenths; and (e) the total weighted average daily membership shall equal the sum of grades kindergarten, one through six, including full-day kindergarten, seven and eight, and nine through twelve weighted average daily membership values. Each district's general fund operating expenditures for each grade group shall be calculated by dividing that grade group's weighted average daily membership by the total weighted average daily membership in the district and multiplying the result by the district's total general fund operating expenditures.

(3) Each district with general fund operating expenditures in grades one through six, including full-day kindergarten, shall be placed into a tier based on the following schedule.

Tier	Tier midpoint	Average daily membership range
1	50.50	.01 - 101.00
2	143.00	101.01 - 185.00
3	280.00	185.01 - 375.00
4	687.50	375.01 - 1,000.00
5	1,450.00	1,000.01 - 1,900.00
6	8,450.00	1,900.01 - 15,000.00
7	Median average daily membership of tier	15,000.01 and over

The average general fund operating expenditures per student for grades one through six, including full-day kindergarten, shall be calculated for each tier by adding the total general fund operating expenditures for such grades for all districts in the tier and dividing by the total average daily membership for such grades for all districts in the tier.

(4) Each district with general fund operating expenditures in grades nine through twelve shall be placed in a tier based on the following schedule.

Tier	Tier midpoint	Average daily membership range
1	25.00	.01 - 50.00

2	62.50	50.01 - 75.00
3	87.50	75.01 - 100.00
4	125.00	100.01 - 150.00
5	200.00	150.01 - 250.00
6	375.00	250.01 - 500.00
7	750.00	500.01 - 1,000.00
8	5,500.00	1,000.01 - 10,000.00
9	Median average daily membership of tier	10,000.01 and over

The average general fund operating expenditures per student for grades nine through twelve shall be calculated for each tier by adding the total general fund operating expenditures for such grades for all districts in the tier and dividing such sum by the total average daily membership for such grades for all districts in the tier.

(5) ~~Tiered~~ Except as provided in subsection (7) of this section, tiered cost per student values shall be computed for grades one through six, including full-day kindergarten, for each district as follows:

(a) For districts with average daily memberships for grades one through six, including full-day kindergarten, which are less than the midpoint of tier 1 for such grades, the tiered cost per student shall equal the average general fund operating expenditures per student for tier 1;

(b) For districts with average daily memberships for grades one through six, including full-day kindergarten, which are greater than the midpoint of tier 7 for such grades, the tiered cost per student for such grades shall equal the average general fund operating expenditures per student for tier 7; and

(c) For districts with average daily memberships for grades one through six, including full-day kindergarten, which fall on or between the midpoints of any two tiers, the tiered cost per student for such grades shall be calculated by means of a linear transition between the average general fund operating expenditures per student of the two tiers between whose midpoints the districts' average daily memberships for such grades fall.

(6) ~~Tiered~~ Except as provided in subsection (7) of this section, tiered cost per student values shall be computed for grades nine through twelve for each district as follows:

(a) For districts with average daily memberships for grades nine through twelve which are less than the midpoint of tier 1 for such grades, the tiered cost per student shall equal the average general fund operating expenditures per student for tier 1;

(b) For districts with average daily memberships for grades nine through twelve which are greater than the midpoint of tier 9 for such grades, the tiered cost per student for such grades shall equal the average general fund operating expenditures per student for tier 9; and

(c) For districts with average daily memberships for grades nine through twelve which fall on or between the midpoints of any two tiers, the tiered cost per student for such grades shall be calculated by means of a linear transition between the average general fund operating expenditures per student of the two tiers between whose midpoints the districts' average daily memberships for such grades fall.

(7) In Class II, III, IV, V, and VI districts in which the grades nine through twelve average daily membership from the most recently available complete data year was less than 50.00 and in which a high school is within fifteen miles of another public high school on a highway, the tiered cost per student for each grade group described in subsections (5) and (6) of this section shall be:

(a) For school year 1995-96, the average tiered cost per student of districts in tier 2;

(b) For school year 1996-97, the average tiered cost per student of districts in tier 3;

(c) For school year 1997-98, the average tiered cost per student of districts in tier 4; and

(d) For school years 1998-99 and each school year thereafter, the statewide average tiered cost per student or the district's tiered cost per student, whichever is less.

(8) The tiered cost per student for kindergarten shall be calculated by multiplying each district's tiered cost per student for grades one through six, including full-day kindergarten, by five-tenths.

~~(8)~~ (9) The tiered cost per student for grades seven and eight shall be calculated as follows: For Class II, Class III, Class IV, and Class V districts, the tiered cost per student shall be the calculated mean of the district's tiered cost per student for grades one through six, including full-day kindergarten, and for grades nine through twelve; for Class I districts, the tiered cost per student shall be the district's tiered cost per student for grades one through six, including full-day kindergarten, multiplied by one and two-tenths; and for Class VI districts providing instruction in grades seven and eight as authorized by section 79-1109, the tiered cost per student shall be the district's tiered cost per student for grades nine through twelve multiplied by one and two-tenths and the result divided by one and four-tenths.

~~(9)~~ (10) The tiered cost per student for nonresident high school tuition funds shall be the average general fund operating expenditures per student for grades nine through twelve for all districts included in subsection (4) of this section.

~~(10)~~ (11) In districts which receive payments pursuant to Public Law 81-874 and in which there are students enrolled who reside on Indian land, as defined under regulations of the United States Department of Education in effect on July 10, 1990, promulgated pursuant to Public Law 81-874, the tiered cost per student, for each grade level, calculated pursuant to subsections (5) through ~~(8)~~ (10) of this section, shall be increased by a factor equal to the result of multiplying the ratio of average daily attendance of students who reside on Indian land to the total average daily attendance of the district, as reported by the United States Department of Education in calculating the district's payment pursuant to Public Law 81-874, times twenty-five percent.".

2. On page 37, line 15, strike ", 79-3804," and insert "to".

Standing Committee amendment to LB 750:
AM0941

1. Strike the original sections and insert the following new sections:

"Section 1. Sections 1 to 16 of this act shall be known and may be cited as the High-Level Nuclear Waste Liability Act.

Sec. 2. For purposes of the High-Level Nuclear Waste Liability Act, the definitions found in sections 3 to 14 of this act apply.

Sec. 3. Environment means any surface water, ground water, water supply, land surface, subsurface stratum, or ambient air within the State of Nebraska.

Sec. 4. Ground water means water in a saturated zone or stratum beneath the surface of land or water.

Sec. 5. Natural resources means land, fish, wildlife, biota, air, water, ground water, and water supplies.

Sec. 6. Nuclear waste means the highly radioactive material resulting from the reprocessing of spent nuclear fuel, including liquid waste produced directly in reprocessing and any solid material derived from such liquid waste that contains fission products in sufficient concentrations, and other highly radioactive material that the federal Nuclear Regulatory Commission determines by rule to require permanent isolation.

Sec. 7. Person means an individual, firm, corporation, partnership, limited liability company, association, joint venture, trust, estate, public or private institution, group, public agency, commercial entity, city, village, political subdivision including a natural resources district, the state, or any interstate body and any legal successor, representative, agency, or agent of the listed entities.

Sec. 8. Release means any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, or dumping of nuclear waste or spent nuclear fuel into the environment, including the abandonment or discarding of barrels or closed containers of nuclear materials but excluding release of source, byproduct, or special nuclear material from a nuclear incident, as those terms are defined in the federal Atomic Energy Act, 42 U.S.C. 2014, if such release is subject to requirements with respect to financial protection established by the federal

Nuclear Regulatory Commission.

Sec. 9. Remedial action means those actions consistent with a permanent remedy taken instead of, or in addition to, the removal action taken if a release of nuclear waste or spent nuclear fuel into the environment occurs. The remedial action is taken to prevent or minimize the release of nuclear waste or spent nuclear fuel so that it does not migrate to cause substantial danger to the present or future public health or welfare or the environment. Remedial action includes, but is not limited to, action taken at the location of a release such as storage, confinement, clay cover, neutralization, cleanup of released nuclear waste or spent nuclear fuel or contaminated materials, diversion, dredging, excavation, repair or replacement of leaking container, collection of leachate or runoff, provision of alternative water supplies, perimeter protection using dikes, trenches, or ditches, or any monitoring reasonably required to assure that such action protects the public health and welfare and the environment. Remedial action also includes the permanent relocation of residences, agricultural enterprises, businesses, and community facilities when necessary to protect the public health or welfare or the environment.

Sec. 10. Removal means the cleanup or removal of a release from the environment; action that is necessary to monitor, assess, and evaluate a release; disposal of removed material; or other action that is necessary to prevent, minimize, or mitigate damage to the public health or welfare or to the environment which may otherwise result from a release. Removal includes, but is not limited to, security fencing or other measures to limit access, the provision of alternative water supplies, temporary evacuation, and housing of threatened individuals.

Sec. 11. Response means removal or remedial action, including enforcement activities related to the removal or remedial action.

Sec. 12. Spent nuclear fuel means fuel that has been withdrawn from a nuclear reactor following irradiation, the constituent elements of which have not been separated by reprocessing.

Sec. 13. Transportation means the movement of nuclear waste or spent nuclear fuel and includes any stoppage in transit which is temporary, incidental to the transportation movement, and at the ordinary operating convenience of a common or contract carrier. Any such stoppage is considered as continuity of movement and not as storage of nuclear waste or spent nuclear fuel.

Sec. 14. Water supply means any raw or finished water source that may be used by a public water system as drinking water by one or more individuals or may be used as water for livestock or for purposes of agricultural irrigation.

Sec. 15. (1) A person may recover damages for personal injury, death, or injury to or loss of personal or real property proximately resulting from a release, for all costs of response, and for damages for injury to or loss of natural resources, including the reasonable costs of assessing and responding to such injury or loss proximately resulting from a release.

(2) The state or a natural resources district may recover damages for injury to or loss of natural resources, including the reasonable costs of assessing and responding to such injury or loss proximately resulting from a release. The state and natural resources district shall use damages recovered in such action to restore, rehabilitate, or acquire the equivalent of the damaged natural resources, but the measure of damages is not limited by the amount which can be used to restore, rehabilitate, or replace the damaged natural resources.

(3) There shall be no double recovery for natural resource damages, including the costs of damage assessment or restoration, rehabilitation, or acquisition, for the same release and the same natural resource.

(4) Notwithstanding any other provision of law and subject only to the defenses set out in subsection (5) of this section, the following persons are jointly and severally strictly liable in tort for damages resulting from a release:

(a) Any person who produced nuclear waste or spent nuclear fuel which was released;

(b) Any person who by contract, agreement, or otherwise arranged for transportation of the nuclear waste or spent nuclear fuel which was released; and

(c) Any person who accepts or accepted any nuclear waste or spent nuclear fuel for transportation which was released.

(5) There is no liability under this section for a person who can establish by a preponderance of the evidence that the release and the resulting damages were caused solely by an act of God, an act of war, or any combination of such acts.

Sec. 16. (1) An action to recover damages for personal injury or death allegedly proximately resulting from a release shall be commenced within four years after the injured person discovers the injury and that such injury was caused by exposure to a release or within four years after the discovery of facts which would reasonably lead to such discovery, whichever is earlier, except that such action shall be commenced within forty years after the date of the exposure to the release or is forever barred.

(2) An action to recover damages for injury to or loss of personal property, real property, or natural resources or for response costs allegedly proximately resulting from a release shall be commenced within four years after the person discovers the injury or damage and that such injury was caused by the release or within four years after the discovery of facts which would reasonably lead to such discovery, whichever is earlier, except that such action shall be commenced within forty years after the date of the release or is forever barred.

Sec. 17. Section 25-224, Reissue Revised Statutes of

25-224. (1) All product liability actions as defined in section 25-21,180, except one governed by subsection (5) of this section, shall ~~be commenced~~ commence within four years ~~next~~ after the date on which the death, injury, or damage complained of occurs.

(3) The limitations contained in subsection (1), (2), or (5) of this section shall not be applicable to indemnity or contribution actions brought by a manufacturer or seller of a product against a person who is or may be liable to such manufacturer or seller for all or any portion of any judgment rendered against a manufacturer or seller.

(4) Notwithstanding the provisions of subsections (1) and (2) of this section, any cause of action or claim which any person may have on July 22, 1978, may be brought not later than two years following such date.

(5) Any action to recover damages based on injury allegedly resulting from exposure to asbestos composed of chrysotile, amosite, crocidolite, tremolite, anthrophyllite, actinolite, or any combination thereof, shall ~~be commenced~~ commence within four years after the injured person has been informed of discovery of the injury by competent medical authority and that such injury was caused by exposure to such asbestos ~~as described herein,~~ or within four years after the discovery of facts which would reasonably lead to such discovery, whichever is earlier. No action commenced under this subsection based on the doctrine of strict liability in tort shall be commenced or maintained against any seller of a product which is alleged to contain or possess a defective condition unreasonably dangerous to the buyer, user, or consumer unless such seller is also the manufacturer of such product or the manufacturer of the part thereof claimed to be defective. Nothing in this subsection shall be construed to permit an action to be brought based on an injury described in this subsection discovered more than two years prior to August 30, 1981.

Sec. 18. Original section 25-224, Reissue Revised Statutes of Nebraska, is repealed.".

AM1006

(Amendments to Final Reading copy)

1. Insert the following new section:

"Sec. 3. Section 48-647, Revised Statutes Supplement, 1994, is amended to read:

48-647. (1) Any assignment, pledge, or encumbrance of any right to benefits which are or may become due or payable under sections 48-623 to 48-626 shall be void except as set forth in this section. Such rights to benefits shall be exempt from levy, execution, attachment, or any other remedy whatsoever provided for the collection of debt. Benefits received by any individual, so long as they are not mingled with other funds of the recipient, shall be exempt from any remedy whatsoever for the collection of all debts except debts incurred for necessaries furnished to such individual or his or her spouse or dependents during the time when such individual was unemployed. Any waiver of any exemption provided for in this section shall be void. Any assignment, pledge, or encumbrance of any right or claim to contributions or to any money credited to any employer's reserve account in the Unemployment Compensation Fund shall be void, and the same shall be exempt from levy, execution, attachment, or any other remedy whatsoever provided for the collection of debt, and any waiver of any exemption provided for in this section shall be void.

(2)(a) An individual filing a new claim for unemployment compensation shall, at the time of filing such claim, disclose whether or not he or she owes child support obligations as defined under subdivision (h) of this subsection. If such individual discloses that he or she owes child support obligations and is determined to be eligible for unemployment compensation, the commissioner shall notify the Director of Social Services that the individual has been determined to be eligible for unemployment compensation.

(b) The commissioner shall deduct and withhold from any unemployment compensation otherwise payable to an individual disclosing child support obligations:

(i) The amount specified by the individual to the commissioner to be deducted under this subsection, if neither subdivision (ii) nor (iii) of this subdivision is applicable;

(ii) The amount, if any, determined pursuant to an agreement between the Director of Social Services and such individual owing the child support obligations to have a specified amount withheld and such agreement being submitted to the commissioner, unless subdivision (iii) of this subdivision is applicable; or

(iii) The amount otherwise required to be so deducted and withheld from such unemployment compensation pursuant to legal process, as that term is defined in subdivision (2)(i) of this section, properly served upon the commissioner.

(c) Any amount deducted and withheld under subdivision (b) of this subsection shall be paid by the commissioner to the Director of Social Services.

(d) Any amount deducted and withheld under subdivision (b) or (g) of this subsection shall for all purposes be treated as if it were paid to the individual as unemployment compensation and paid by such individual to the Director of Social Services in satisfaction of his or her child support obligations.

(e) For purposes of subdivisions (a) through (d) and (g) of this subsection, the term unemployment compensation shall mean any compensation payable under the Employment Security Law and including amounts payable by the commissioner pursuant to an agreement by any federal law providing for compensation, assistance, or allowances with respect to unemployment.

(f) This subsection shall apply only if appropriate arrangements have been made for reimbursement by the Department of Social Services for the administrative costs incurred by the commissioner under this section which are attributable to child support obligations being enforced by the Department of Social Services.

(g) The Director of Social Services and the commissioner shall develop and implement a collection system to carry out the intent of this subdivision. The system shall, at a minimum, provide that:

(i) The commissioner shall periodically notify the director of the information listed in section 43-1719 with respect to individuals determined to be eligible for unemployment compensation during such period;

(ii) Unless the county attorney or authorized attorney has sent a notice on the same support order under section 43-1720, upon the notification required by subdivision (2)(g)(i) of this section, the director shall send notice to any such individual who owes child support obligations and who is subject to income withholding pursuant to subdivision (2)(a), (2)(b)(ii), or (2)(b)(iii) of section 43-1718.01. The notice shall be sent by certified mail to the last-known address of the individual and shall state the same information as required under section 43-1720;

(iii)(A) If the support obligation is not based on a foreign support order entered pursuant to section 43-1729 and the individual requests a hearing, the Department of Social Services shall hold a hearing within fifteen days of the date of receipt of the request. The hearing shall be in accordance with the Administrative Procedure Act. The assignment shall be held in abeyance pending the outcome of the hearing. The department shall notify the individual and the commissioner of its decision within fifteen days of the date the hearing is held; and

(B) If the support obligation is based on a foreign support order entered pursuant to section 43-1729 and the individual requests a hearing, the county attorney or authorized attorney shall apply the procedures described in sections 43-1732 to 43-1742;

(iv)(A) If no hearing is requested by the individual under this subsection or pursuant to a notice sent under section 43-1720, (B) if after a hearing under this subsection or section 43-1721 the department determines that the assignment should go into effect, (C) in cases in which the court has ordered income withholding for child support pursuant to subsection (1) of section 43-1718.01, or (D) in cases in which the court has ordered income withholding for child support pursuant to section 43-1718.02 and the case subsequently becomes one in which child support collection services are being provided under Title IV-D of the Social Security Act, as amended, the director shall certify to the commissioner the amount to be withheld for child support obligations from the individual's unemployment compensation. Such amount shall not in any case exceed the maximum amount permitted to be withheld under section 303(b) of the Consumer Credit Protection Act, 15 U.S.C. 1673(b)(2)(A) and (B), and the amount withheld to satisfy an arrearage of child support when added to the amount withheld to pay current support shall not exceed such maximum amount;

(v) The collection system shall comply with the requirements of Title III and Title IV-D of the Social Security Act, as amended;

(vi) The collection system shall be in addition to and not in substitution for or derogation of any other available remedy; and

(vii) The director and the commissioner shall adopt and promulgate rules and regulations to carry out subdivision (2)(g) of this section.

(h) For purposes of this subsection, the term child support obligations shall include only obligations which are being enforced pursuant to a plan described in section 454 of the Social Security Act which has been approved by the Secretary of Health and Human Services under Part D of Title IV of the Social Security Act.

(i) For purposes of this subsection, the term legal process shall mean any writ, order, summons, or other similar process in the nature of garnishment, which:

(i) Is issued by a court of competent jurisdiction of any state, territory, or possession of the United States or an authorized official pursuant to order of such a court of competent jurisdiction or pursuant to state law. Sec. 5. Section 32-1405, Revised Statutes Supplement, 1994, is amended to read:

Upon receipt of the pages of the petition, the election commissioner or county clerk shall issue to the Secretary of State a written receipt that the pages of the petition are in the custody of the election commissioner or county clerk. The election commissioner or county clerk shall compare the signature of each person signing and the circulator upon each of the pages of the petition with the voter registration records to determine if the circulator was a registered voter one month prior to ~~on~~ the date of circulating and signing the petition and to determine if each signer was a registered voter on or before the date on which the petition was required to be filed with the Secretary of State. The election commissioner or county clerk shall also compare the signer's printed name, street and number or voting precinct, and city, village, or post office address with the voter registration records to determine whether the signer was a registered voter. ~~All signatures and addresses~~ The signature and address shall be presumed to be valid ~~signatures and addresses~~ if the election commissioner or county clerk ~~has found the signers to be registered voters~~ finds the printed name, street and number or voting precinct, and city, village, or post office address to match the registration records and that the registration was received on or before the date on which the petition was required to be filed with the Secretary of State. If they do not match, the signature and address shall be presumed invalid. The presumptions ~~, except that such presumption shall not be conclusive and~~ may be rebutted by any credible evidence which the ~~election commissioner or county clerk~~ Secretary of State finds sufficient. The express purpose of the comparison of names and addresses with the voter registration records, in addition to helping to determine the validity of such petition, the sufficiency of such petition, and the qualifications of the signer, shall be to prevent fraud, deception, and misrepresentation in the petition process.

(2) Upon completion of the comparison of names and

addresses with the voter registration records, the election commissioner or county clerk shall prepare in writing a certification under seal setting forth the name and address of each signer or circulator found not to be a registered voter and the petition page number and line number where the name is found, and if the reason for the ~~challenge~~ invalidity of the signature or address is other than the nonregistration of the signer or circulator, the election commissioner or county clerk shall set forth the reason for the ~~challenge~~ invalidity of the signature. If the election commissioner or county clerk determines that a signer has affixed his or her signature more than once to any page or pages of the petition and that only one person is registered by that name, the election commissioner or county clerk shall prepare in writing a certification under seal setting forth the name of the duplicate signature and shall count only the earliest dated signature. The election commissioner or county clerk shall deliver all pages of the petition and the certifications to the Secretary of State within forty days after the receipt of such pages from the Secretary of State. The delivery shall be by hand carrier, by use of law enforcement officials, or by certified mail, return receipt requested. The Secretary of State may grant to the election commissioner or county clerk an additional ten days to return all pages of the petition in extraordinary circumstances.

(3) Upon receipt of the pages of the petition, the Secretary of State shall issue a written receipt indicating the number of pages of the petition that are in his or her custody. When all the petitions and certifications have been received by the Secretary of State, he or she shall strike from the pages of the petition all but the earliest dated signature of any duplicate signatures and such stricken signatures shall not be added to the total number of valid signatures. Not more than twenty signatures on one sheet shall be counted. All signatures secured in a manner contrary to sections 32-1401 to 32-1416 shall not be counted. Clerical and technical errors in a petition shall be disregarded if the forms prescribed in sections 32-1401 to 32-1403 are substantially followed. The Secretary of State shall total the valid signatures and determine if constitutional and statutory requirements have been met. The Secretary of State shall immediately serve a copy of such determination by certified or registered mail upon the person filing the initiative or referendum petition. If the petition is found to be valid and sufficient, the Secretary of State shall proceed to place the measure on the general election ballot.

(4) The Secretary of State may adopt and promulgate rules and regulations for the issuance of all necessary forms and procedural instructions to carry out this section.

Sec. 7. (1) The Secretary of State shall develop and print one informational pamphlet on all initiative and referendum measures to be placed on the ballot. The pamphlet shall include the measure number, the ballot title and text, and the full text of each initiated or referred measure and arguments both for and against each measure.

(2) The Secretary of State shall write the arguments for and against each measure, and each set of arguments shall consist of no more than two hundred fifty words. Information for the arguments may be provided by the sponsors of the measure, opponents to the measure, and other sources.

(3) The Secretary of State shall distribute the pamphlets to election commissioners and county clerks at least six weeks prior to the election. The election commissioners and county clerks shall immediately make the pamphlets available in their offices and in at least three other public locations that will facilitate distribution to the public.

Notice of each hearing shall be published once in a newspaper of general circulation in the congressional district in which the meeting will be held not less than five days prior to the hearing. The hearings shall be held not more than eight weeks prior to the election.

Sec. 9. Section 32-1413, Revised Statutes Supplement, 1994, is amended to read:

32-1413. Immediately preceding any general election at which any initiative or referendum measure is to be submitted to the registered voters, the Secretary of State shall cause to be published in all legal newspapers in the state once each week for ~~three~~ two consecutive weeks a true copy of the ballot title and text and the number of each measure to be submitted in the form in which the measure will be printed on the official ballot. The publication shall be at a rate charged as provided in section 33-141.

Sec. 10. If any section in this act or any part of any section is declared invalid or unconstitutional, the declaration shall not affect the validity or constitutionality of the remaining portions.

Sec. 11. Original sections 32-101, 32-202, 32-628, 32-1404, 32-1405, 32-1409, and 32-1413, Revised Statutes Supplement, 1994, are repealed.".

AM7063

1. Strike the original sections and all amendments thereto and insert the following new sections:

"Section 1. Section 43-504, Reissue Revised Statutes of Nebraska, is amended to read:

43-504. (1) The term dependent child shall mean a child under the age of eighteen years, or under the age of nineteen if he or she is a full-time student in a secondary school or in the equivalent level of vocational or technical training, and if, before he or she attains age nineteen, he or she may reasonably be expected to complete the program of such secondary school or such training, who has been deprived of parental support or care by reason of the death, continued absence from the home, or physical or mental incapacity of a parent, or partial or total unemployment of the supporting parent, and who is living with his or her father, mother, grandfather, grandmother, brother, sister, stepfather, stepmother, stepbrother, stepsister, uncle, aunt, first cousin, nephew, or niece, in a place of residence maintained by one or more of such relatives as his, her, or their own home, or who has been removed from the home of such relative as a result of judicial determination to the effect that continuation therein would be contrary to the welfare of such child with placement of such child in a foster family home or child care institution as a result of such determination when the state, any court having jurisdiction of such child, or the county social services agency is responsible for the care and placement of such child and one of the following conditions exists: (a) Such child received aid from the state in or for the month in which court proceedings leading to such determination were initiated; (b) such child would have received assistance in or for such month if application had been made therefor; or (c) such child had been living with such a relative specified in this subsection at any time within six months prior to the month in which such proceedings were initiated and would have received such aid in or for the month that such proceedings were initiated if in such month the child had been living with, and removed from the home of, such a relative and application had been made therefor.

(2) In awarding aid to dependent children payments, the term dependent child shall include an unborn child but only during the last three months of pregnancy. ~~children. As soon as it is medically determined that pregnancy exists, application may be made for initial eligibility or for an increase in an existing unit budget. Payments which do not meet applicable criteria established by federal law for pregnant women and unborn children shall be made from state funds. Only for the purpose of meeting federal requirements, a~~ A pregnant woman may be eligible but only (a) if it has been medically verified that the child is expected to be born in the month such payments are made or expected to be born within the three-month period following such month of payment and (b) if such child had been born and was living with her in the month of payment, she would be eligible for aid to families with dependent children. The Legislature further finds that the medical assistance program established in sections 68-1018 to 68-1025, also known as medicaid, should be utilized to the extent possible under federal law in order to provide health care for low-income children and families in Nebraska. The Legislature further finds this goal can be met in part by providing prenatal care to pregnant women and care to infants at the maximum level allowed by federal law. Such persons qualify for care if the family income is less than or equal to one hundred fifty percent of the federal Office of Management and Budget income poverty guidelines. It is the intent of this section and section 68-1020 to provide such health care services.

Standing Committee amendment to LB 543:
AM0527

1. Strike the original sections and insert the following new sections:

"Section 1. Section 79-3805, Reissue Revised Statutes of Nebraska, is amended to read:

79-3805. (1) Using data from the annual financial reports and the annual statistical summary reports for the most recently available complete data year, the department shall calculate the tiered cost per student for grades kindergarten, one through six, including full-day kindergarten, seven and eight, and nine through twelve for each district as described in subsections (2) through (8) of this section.

(2) Each district's general fund operating expenditures for grades kindergarten, one through six, including full-day

kindergarten, seven and eight, and nine through twelve shall be computed as follows: (a) The weighted average daily membership for kindergarten shall equal the average daily membership for kindergarten multiplied by five-tenths; (b) the weighted average daily membership for grades one through six, including full-day kindergarten, shall equal the average daily membership for such grades multiplied by one; (c) the weighted average daily membership for grades seven and eight shall equal the average daily membership for such grades multiplied by one and two-tenths; (d) the weighted average daily membership for grades nine through twelve shall equal the average daily membership for such grades multiplied by one and four-tenths; and (e) the total weighted average daily membership shall equal the sum of grades kindergarten, one through six, including full-day kindergarten, seven and eight, and nine through twelve weighted average daily membership values. Each district's general fund operating expenditures for each grade group shall be calculated by dividing that grade group's weighted average daily membership by the total weighted average daily membership in the district and multiplying the result by the district's total general fund operating expenditures.

(3) Each district with general fund operating expenditures in grades one through six, including full-day kindergarten, shall be placed into a tier based on the following schedule.

Tier	Tier midpoint	Average daily membership range
1	50.50	.01 - 101.00
2	143.00	101.01 - 185.00
3	280.00	185.01 - 375.00
4	687.50	375.01 - 1,000.00
5	1,450.00	1,000.01 - 1,900.00
6	8,450.00	1,900.01 - 15,000.00
7	Median average daily membership of tier	15,000.01 and over

The average general fund operating expenditures per student for grades one through six, including full-day kindergarten, shall be calculated for each tier by adding the total general fund operating expenditures for such grades for all districts in the tier and dividing by the total average daily membership for such grades for all districts in the tier.

(4) Each district with general fund operating expenditures in grades nine through twelve shall be placed in a tier based on the following schedule.

Tier	Tier midpoint	Average daily membership range
1	25.00	.01 - 50.00
2	62.50	50.01 - 75.00
3	87.50	75.01 - 100.00
4	125.00	100.01 - 150.00

5	200.00	150.01 - 250.00
6	375.00	250.01 - 500.00
7	750.00	500.01 - 1,000.00
8	5,500.00	1,000.01 - 10,000.00
9	Median average daily membership of tier	10,000.01 and over

The average general fund operating expenditures per student for grades nine through twelve shall be calculated for each tier by adding the total general fund operating expenditures for such grades for all districts in the tier and dividing such sum by the total average daily membership for such grades for all districts in the tier.

(5) Tiered cost per student values shall be computed for grades one through six, including full-day kindergarten, for each district as follows:

(a) For districts with average daily memberships for grades one through six, including full-day kindergarten, which are less than the midpoint of tier 1 for such grades, the tiered cost per student shall equal the average general fund operating expenditures per student for tier 1;

(b) For districts with average daily memberships for grades one through six, including full-day kindergarten, which are greater than the midpoint of tier 7 for such grades, the tiered cost per student for such grades shall equal the average general fund operating expenditures per student for tier 7; and

(c) For districts with average daily memberships for grades one through six, including full-day kindergarten, which fall on or between the midpoints of any two tiers, the tiered cost per student for such grades shall be calculated by means of a linear transition between the average general fund operating expenditures per student of the two tiers between whose midpoints the districts' average daily memberships for such grades fall.

(6) Tiered cost per student values shall be computed for grades nine through twelve for each district as follows:

(a) For districts with average daily memberships for grades nine through twelve which are less than the midpoint of tier 1 for such grades, the tiered cost per student shall equal the average general fund operating expenditures per student for tier 1;

(b) For districts with average daily memberships for grades nine through twelve which are greater than the midpoint of tier 9 for such grades, the tiered cost per student for such grades shall equal the average general fund operating expenditures per student for tier 9; and

(c) For districts with average daily memberships for grades nine through twelve which fall on or between the midpoints of any two tiers, the tiered cost per student for such grades shall be calculated by means of a linear transition between the average general fund operating expenditures per student of the two tiers between whose midpoints the districts' average daily memberships for such grades fall.

(7) The tiered cost per student for kindergarten shall be calculated by multiplying each district's tiered cost per student for grades one through six, including full-day kindergarten, by five-tenths.

(8) The tiered cost per student for grades seven and eight shall be calculated as follows: For Class II, Class III, Class IV, and Class V districts, the tiered cost per student shall be the calculated mean of the district's tiered cost per student for grades one through six, including full-day kindergarten, and for grades nine through twelve; for Class I districts, the tiered cost per student shall be the district's tiered cost per student for grades one through six, including full-day kindergarten, multiplied by one and two-tenths; and for Class VI districts providing instruction in grades seven and eight as authorized by section 79-1109, the tiered cost per student shall be the district's tiered cost per student for grades nine through twelve multiplied by one and two-tenths and the result divided by one and four-tenths.

(9) The tiered cost per student for nonresident high school tuition funds shall be the average general fund operating expenditures per student for grades nine through twelve for all districts included in subsection (4) of this section.

(10) In districts which receive payments pursuant to Public Law 81-874 and in which there are students enrolled who reside on Indian land, as defined under regulations of the United States Department of Education in effect on July 10, 1990, promulgated pursuant to Public Law 81-874, the tiered cost per student, for each grade level, calculated pursuant to subsections (5) through (8) of this section, shall be increased by a factor equal to the result of multiplying the ratio of average daily attendance of students who reside on Indian land to the total average daily attendance of the district, as reported by the United States Department of Education in calculating the district's payment pursuant to Public Law 81-874, times twenty-five percent.

(11) If there is only one district in tier 7 of subsection (3) of this section and the tiered cost per student in grades one through six, including full-day kindergarten, for the district as computed in subsections (5) through (10) of this section is greater than the average general fund operating expenditures per student for grades one through six, including full-day kindergarten, of tier 6, then the tiered cost per student in grades one through six, including full-day kindergarten, shall be adjusted for the single district in tier 7 and for the district with the highest average daily membership in grades one through six, including full-day kindergarten, in tier 6. The adjustments shall be computed as follows:

(a) For both districts, the average daily membership in grades one through six, including full-day kindergarten, shall be multiplied by each district's tiered cost per student for such grade group as calculated in subsections (5) through (10) of this section;

(b) The products calculated in subdivision (11)(a) of this section shall be summed; and

(c) The sum calculated in subdivision (11)(b) of this section shall be divided by the sum of both districts' average daily membership in grades one through six, including full-day kindergarten, and the result shall be the new tiered cost per student in grades one through six, including full-day kindergarten, for both districts.

(12) If there is only one district in tier 9 of subsection (4) of this section and the tiered cost per student in grades nine through twelve for the district as computed in subsections (5) through (10) of this section is greater than the average general fund operating expenditures per student for grades nine through twelve of tier 8, then the tiered cost per student in grades nine through twelve shall be adjusted for the single district in tier 9 and for the district with the highest average daily membership in grades nine through twelve in tier 8. The adjustments shall be computed as follows:

(a) For both districts, the average daily membership in grades nine through twelve shall be multiplied by each district's tiered cost per student for such grade group as calculated in subsections (5) through (10) of this section;

(b) The products calculated in subdivision (12)(a) of this section shall be summed; and

(c) The sum calculated in subdivision (12)(b) of this section shall be divided by the sum of both districts' average daily membership in grades nine through twelve and the result shall be the new tiered cost per student in grades nine through twelve for both districts.

(13) For any district whose tiered cost per student in grades one through six, including full-day kindergarten, is adjusted pursuant to subsection (11) of this section, the district's tiered cost per student for kindergarten shall be calculated by multiplying the district's tiered cost per student for grades one through six, including full-day kindergarten, determined in subsection (11) of this section by five-tenths.

(14) For any district in which either the tiered cost per student in grades one through six, including full-day kindergarten, or the tiered cost per student in grades nine through twelve, or both, are adjusted pursuant to subsections (11) and (12) of this section, the district's tiered cost per student for grades seven and eight shall be calculated as provided in subsection (8) of this section, but the calculation shall be based on each district's tiered cost values subsequent to the calculations provided in subsections (11) and (12) of this section.

ATTORNEY GENERAL'S OPINION

Opinion No. 95013

DATE: February 22, 1995

SUBJECT: LB 753 (1995)

REQUESTED BY: Senator Paul D. Hartnett

WRITTEN BY: Don Stenberg, Attorney General
J. Kirk Brown, Assistant Attorney General

This is in response to your opinion request of January 27, 1995 concerning LB 753 (1995).

I.

You first inquire whether the repeal of language from Neb. Rev. Stat. § 29-2523(1)(d) (1989) which has come to be identified as the second or "exceptional depravity" element of statutory aggravating circumstance (d) would provide Nebraska with a constitutional death penalty statute.

Before addressing that specific concern one needs to understand the context within which this statutory language exists and is interpreted. The current statutory language upon which you focus has routinely been found to be too vague to meet the objective sentencing requirements of the Cruel and Unusual Punishment Clause of the federal constitution. However, that does not end our inquiry.

The federal courts have long recognized that state statutory language which is unconstitutionally vague on its face may be saved from invalidation by a sufficiently objective state judicial interpretation of that statutory language, and it is in the context of the interpretation of the current statutory language by the Nebraska Supreme Court that your inquiry must be addressed.

As you note, the Nebraska Supreme Court last comprehensively addressed an appropriate judicial interpretation of the "exceptional depravity" element of aggravator (d) in State v. Palmer, 224 Neb. 282, 399 N.W.2d 706 (1986), cert. denied, 484 U.S. 872 (1987). It was the Palmer definitions of that aggravating circumstance which the Nebraska Supreme Court employed in its review and affirmance of John Joubert's sentences of death in State v. Joubert, 224 Neb. 411, 399 N.W.2d 237 (1986), cert. denied, 484 U.S. 905, reh'g denied, 484 U.S. 971 (1987).

The Palmer definitions of exceptional depravity have not been found to be in violation of the federal constitution. The United States Court of Appeals for the Eighth Circuit issued two opinions on this question in the course of deciding Moore v. Clarke, 904 F.2d 1226 (8th Cir. 1990), reh'g denied, 951 F.2d 895 (8th Cir. 1991), cert. denied, ___ U.S. ___, 112 S.Ct. 1995, 118 L.Ed.2d 591 (1992).

In its 1990 opinion the panel found the Palmer definitions to be unconstitutional. However, upon a motion for rehearing filed by this office, that court reconsidered its 1990 opinion in light of recent decisions of the United States Supreme Court, and did not rely upon its

1990 analysis of the Palmer definitions in finally resolving Moore's case. The ultimate result of Moore was invalidation of pre-Palmer attempts by the Nebraska Supreme Court to satisfactorily define "exceptional depravity", nothing more.

Therefore, the Palmer definitions of the "exceptional depravity" element of statutory aggravator (d) are presently viable and capture significant concepts of aggravating behavior which are not described by the first or "especially heinous" element of aggravator (d) or by any other statutory aggravating circumstances. Thus, the repeal of the current statutory language of the "exceptional depravity" element of aggravator (d) would deprive the state of currently viable and unique aggravating factors to be weighed in the determination of whether a sentence of death or life imprisonment is appropriate under the facts of a particular case.

We can assure you that no matter what language is adopted or repealed by the Nebraska Legislature with respect to statutory aggravating circumstances, prisoners will continue to challenge such language on the grounds that it is unconstitutionally vague. Due to the vagaries of the state and federal litigation process we cannot offer any firm assurance that any language might not ultimately be struck down, but our present evaluation of the law is that most, if not all, of the Palmer definitions of "exceptional depravity" will survive federal constitutional challenge.

II.

You next inquire whether the language proposed by LB 753 is adequately "directed and limited" so as to withstand federal constitutional challenge on vagueness grounds.

The answer to that question is complicated by the fact that the concept of physical or psychological torture which is proposed as a replacement for the second or "exceptional depravity" element of statutory aggravating circumstance (d) has historically been considered by the Nebraska Supreme Court as an element of the first or "especially heinous" element of aggravator (d). See State v. Rust, 197 Neb. 528, 250 N.W.2d 867 (1977). We hasten to add that as a definition of the "especially heinous" element of aggravator (d) the concept of "torture" of the victim has repeatedly been upheld against federal constitutional challenges based upon a claim of vagueness.

Therefore, we are as confident as one can be that the proposed language would pass federal constitutional muster. However, we feel obliged to note that by adopting this language no new element of aggravation will be added to our sentencing process, some currently viable elements of aggravation will be lost if the present statutory language regarding "exceptional depravity" is repealed, and confusion may be injected into the definitions of the "especially heinous" element of aggravator (d) by the proposed amendment.

Yours truly,
DON STENBERG

Notwithstanding prior approval, an agreement or plan of merger or agreement or plan of consolidation may be terminated or amended pursuant to a provision for such termination or amendment contained in the agreement or plan of merger or agreement or plan of consolidation.

(b) If the surviving or resulting entity is not a domestic limited partnership, limited liability company, or corporation following a merger or consolidation of one or more domestic limited partnerships, limited liability companies, or corporations and one or more foreign limited partnerships, limited liability companies, or corporations, the surviving or resulting entity shall comply with ~~section 21-2076~~ sections 128 to 134 of this act and, for each such domestic limited partnership, a certificate shall be executed and filed in the office of the Secretary of State by the surviving or resulting limited partnership, limited liability company, or corporation stating that the surviving or resulting limited partnership, limited liability company, or corporation agrees that it may be served with process within or outside this state in any proceeding in the courts of this state for the enforcement of any obligation of such former domestic limited partnership.

(c) A merger or consolidation to which a domestic corporation is a party shall become effective as provided in ~~section 21-2075~~ sections 128 to 134 of this act. A merger or consolidation to which a domestic limited liability company is a party shall become effective as provided in sections 21-2647 to 21-2653. Any other merger or consolidation provided for in the Nebraska Uniform Limited Partnership Act shall become effective as provided in the agreement or plan of merger or consolidation. When such merger or consolidation has become effective, the terms of ~~section 21-2075~~ sections 128 to 134 of this act shall apply if the surviving or resulting entity is a corporation, the terms of section 21-2651 shall apply if the surviving or resulting entity is a limited liability company, and the following provisions shall apply if the surviving or resulting entity is a limited partnership:

(1) The several limited partnerships, limited liability companies, or corporations which are parties to the merger or consolidation agreement shall be a single limited partnership which, in the case of a merger, shall be that limited partnership designated in the merger agreement as the surviving limited partnership and, in the case of a consolidation, shall be the new limited partnership provided for in the consolidation agreement;

(2) The separate existence of all limited partnerships, limited liability companies, and corporations which are parties to the merger or consolidation agreement, except the surviving or new limited partnership, shall cease;

(3) If the surviving or new limited partnership is a domestic limited partnership, it shall have all the rights, privileges, immunities, and powers and shall be subject to all the duties and liabilities of a limited partnership organized under the Nebraska Uniform Limited Partnership Act;

(4) The surviving or new limited partnership shall possess all the rights, privileges, immunities, and powers, of a public as well as of a private nature, of each of the merging or consolidating limited partnerships and, subject to the Nebraska Uniform Limited Partnership Act, each of the merging or consolidating corporations. All property, real, personal, and mixed, all debts due on whatever account, all other things and causes of actions, and all and every other interest belonging to or due to any of the limited partnerships, limited liability companies, and corporations as merged or consolidated shall be taken and deemed to be transferred to and vested in the surviving or new limited partnership without further act and deed and shall thereafter be the property of the surviving or new limited partnership as they were of any of such merging or consolidating

entities. The title to any real property or any interest in such property vested in any of such merging or consolidating entities shall not revert or be in any way impaired by reason of such merger or consolidation;

(5) Such surviving or new limited partnership shall be responsible and liable for all the liabilities and obligations of each of the limited partnerships, limited liability companies, or corporations so merged or consolidated. Any claim existing or action or proceeding pending by or against any of such limited partnerships, limited liability companies, or corporations may be prosecuted as if such merger or consolidation had not taken place or such surviving or new limited partnership may be substituted in its place. Neither the rights of creditors nor any liens upon the property of any such limited partnerships, limited liability companies, or corporations shall be impaired by such merger or consolidation; and

(6) The equity securities of the corporation or corporations, limited liability company or companies, and limited partnership or limited partnerships party to the merger or consolidation that are, under the terms of the merger or consolidation, to be converted or exchanged shall cease to exist, and the holders of such equity securities shall thereafter be entitled only to the cash, property, or securities into which they shall have been converted in accordance with the terms of the merger or consolidation, subject to any rights under ~~section 21-2079~~ sections 137 to 150 of this act or the Limited Liability Company Act.".

(2) Upon receipt of a completed form, the director shall determine whether the undercover license plates will be used by an approved agency for a legitimate purpose pursuant to subsection (3) of this section. If the director determines that the undercover license plates will be used for such a purpose, he or she may issue the undercover license plates in the form and under the conditions he or she determines to be necessary. A decision of the director regarding issuance of undercover license plates shall be final.

(3) Undercover license plates shall be issued to federal, state, county, city, or village law enforcement agencies and shall be used only for legitimate criminal investigatory purposes. Undercover license plates shall not be used on personal vehicles or for personal use of government vehicles.

Sec. 2. (1) Any federal, state, county, city, or village agency involved in criminal investigations may apply for undercover license plates on forms prescribed by the Director of Motor Vehicles under section 1 of this act. UNANIMOUS CONSENT - Print in Journal

Mrs. McKenzie, Messrs. Bernard-Stevens, and Bromm asked unanimous consent to print the following amendment to LB 742 in the Journal. No objections. So ordered.

AM1040

(Amendments to Standing Committee amendments, AM0869)

1. Insert the following new sections:

"Section 1. The State Board of Education, with the assistance of the State Department of Education, shall review existing rules and regulations relating to special education as defined in section 79-3314. All rules or regulations, or portions thereof, not required by state law, federal law, or federal regulation shall be repealed or modified, so that the rules and regulations do not require any action by school districts, educational service units, or approved cooperatives that is not required by state law, federal law, or federal regulation. The State Board of Education shall report to the Committee on Education of the Legislature by November 1, 1995, with preliminary recommendations for state laws that should be repealed, modified, or retained to reduce restrictions on school districts, educational service units, or approved cooperatives in the provision of special education services and programs. The board shall complete its duties under this section and report to the Committee on Education of the Legislature with final recommendations by November 1, 1996. The State Board of Education and the State Department of Education shall strengthen their role in facilitating the effective and efficient delivery of special education services with an emphasis on technical assistance.

Sec. 2. (1) The Legislature finds that the funding system for special education programs should be neutral as to identification and programming of services for students with special needs. Further, the Legislature finds that programs for students with special needs should be, to the extent feasible and consistent with sound education practice, preventative and integrated with regular education services. Services for students with special needs should be driven by student and family needs rather than state funding formulas.

(2) It is the intent of the Legislature that, beginning with school year 1997-98, there shall be implemented a block grant system to replace the existing excess cost reimbursement provisions for the funding of special education programs offered by school districts, educational service units, and approved cooperatives. To the extent possible, the block grant system should be identification and program neutral, assure that adequate resources are available to meet special needs of students, and provide for equity in services to students regardless of the district in which students reside. State funding should be made available to meet the special needs of students without the requirement that students be identified and labeled as "special education".

(3) The Legislature recognizes that the shift from an excess cost reimbursement funding formula to a block grant formula for special education raises several issues which demand further examination and public discussion prior to implementation, including: (a) How to establish the basis for distribution of the block grants; (b) how to provide for the financial support of students with extremely disabling conditions and extraordinary needs which result in high costs to school districts beyond the districts' ability to reasonably provide for services utilizing block grant support and local resources; (c) how to establish the proper funding level for the block grants; (d) how to assure that funding for special education is maintained at the same levels of growth or decline as funding levels of general education; (e) how block grant funding should be integrated with general state aid to be consistent with the principles of student and taxpayer equity underlying the state's equalization aid program; (f) how to phase in block grant funding to minimize financial impacts on school districts; and (g) how the State Department of Education can integrate the administration of block grant funding to eliminate duplication in aid payments, accounting, and reporting of expenditures. It is the intent of the Legislature that these issues shall be addressed through the collaborative efforts of the Special Education Accountability Commission, the School Finance Review Committee, and the State Department of Education.

Sec. 5. Section 79-3368, Reissue Revised Statutes of Nebraska, is amended to read:

79-3368. (1) The Special Education Accountability Commission shall develop an accountability system which adequately measures efficiency and effectiveness of special education programs in a cost-effective manner. The commission shall:

(a) Review all applicable federal and state laws;

(b) Examine the funding mechanism, address issues, and make recommendations relating to the mechanics for implementation of a block grant funding system as described in section 2 of this act, or in the alternative make recommendations for a funding system which will accomplish the goals stated by the Legislature in the findings contained in section 2 of this act. In making such recommendations the commission shall actively collaborate with the members and staff of the School Finance Review Committee and the State Department of Education;

(c) Review any regulatory or procedural changes to determine compatibility with existing law, fiscal impact, and impact on student outcomes;

(d) Review findings of previous committees which have conducted similar studies; and

(e) ~~Develop~~ Address issues and make recommendations for accountability measures for special education, including recommendations for (i) broad frameworks for special education program standards; ~~(f) Establish~~ (ii) a system for assessing student outcomes; and ~~(g) Focus efforts on the establishment of~~ (iii) a system for management and monitoring of special education costs and their impact on total education costs. The commission shall also make recommendations for an accountability report which will describe the services provided to students with special needs and the impacts of those services in the education and post-education performance of such students. Such report shall be incorporated into the State Department of Education data systems and integrated with any accountability measures or student assessment system recommended by the Nebraska Schools Accountability Commission and implemented by the State Department of Education. ~~; and~~

~~(h) Select~~ (2)(a) The commission shall select demonstration sites for the purpose of pilot implementation of program models which can document cost containment while maintaining appropriate services to children with disabilities. Demonstration sites shall be exempt from the provisions of the Special Education Act but shall comply with the federal Individuals with Disabilities Education Act, as amended, 20 U.S.C. 1400 et seq. The State Board of Education may also waive the application of any provision in its rules and regulations adopted and promulgated under Chapter 79 when application of such provisions would directly limit the ability of the pilot program to accomplish its stated goals. The commission shall assist the ~~The~~ State Department of Education in monitoring and evaluating ~~shall monitor~~ each demonstration site to determine how such site would differ if it were not exempt from the Special Education Act and the rules and regulations adopted and promulgated under Chapter 79 and waived pursuant to this section.

(b) In lieu of any payments or reimbursement from the State Department of Education authorized pursuant to sections 79-3325, 79-3332, 79-3333, and 79-3335, school districts, educational service units, or cooperatives of school districts operating demonstration sites may, upon the approval of the commission, receive from the State Department of Education a special needs block grant for support of an approved pilot program of up to the amount it received as special education payments or reimbursement for the prior school year plus an additional amount based on the percentage increase in the general fund budget of expenditures of the school district, educational service unit, or cooperative of school districts for the ensuing school year. Costs of the pilot programs shall be considered as allowable costs, upon approval of the commission, and shall be included in the final financial report of school districts, educational service units, or cooperatives of school districts for purposes of reimbursement of district, educational service unit, or cooperative programs in subsequent years. Pilot programs may include a portion or all of the students with disabilities served at a demonstration site. If a portion of the students are included in the pilot program, the total block grant shall reflect only the proportion of students included compared to the total costs of the program for all students served at the demonstration site.

(3) ~~(2)~~ The commission shall annually report its activities and recommendations to the ~~Education~~ Committee on Education of the Legislature, the ~~Appropriations~~ Committee on Appropriations of the Legislature, and the State Board of Education and shall make its final report on or before September 1, 1996. The ~~, except that~~ initial recommendations for statutory or procedural changes in the funding mechanism shall be made on or before November 1, 1994. Sec. 2. An excise tax is levied upon all corn and grain sorghum sold or delivered through commercial channels in Nebraska. Except as otherwise provided in this section, the tax is three-fourths cent per bushel for corn and three-fourths cent per hundredweight for grain sorghum. The tax shall be in addition to any fee imposed pursuant to sections 2-3623 and 2-4012. The excise tax shall be imposed on any sale or delivery occurring on or after July 1, 1995, and before January 1, 2001. The excise tax shall be imposed at the time of sale or delivery and shall be collected by the first purchaser. The tax shall be collected, administered, and enforced in conjunction with the fees imposed pursuant to sections 2-3623 and 2-4012. In the case of a pledge or mortgage of corn or grain sorghum as security for a loan under the federal price support program, the excise tax shall be deducted from the proceeds of such loan at the time the loan is made. If, within six months of the collection of the excise tax for corn or grain sorghum that is mortgaged as security for a loan under the federal price support program the grower of the corn or grain sorghum so mortgaged decides to purchase the corn or grain sorghum and use it as feed, the grower shall be entitled to a refund of the excise tax previously paid. Sufficient funds to cover such costs shall be transferred from the Ethanol Production Incentive Cash Fund to the Management Services Expense Revolving Fund at the end of each calendar quarter. For 1998, 1999, and 2000, the credits provided in such section shall be funded through the Ethanol Production Incentive Cash Fund but shall not be funded through either the Highway Cash Fund or the Highway Trust Fund.

LEGISLATIVE BILL 752. Placed on Select File as amended.
E & R amendment to LB 752:
AM7075

1. Strike the original sections and all amendments thereto and insert the following new sections:

"Section 1. Sections 1 to 11 of this act shall be known and may be cited as the Rehabilitation and Support Mental Health Services Incentive Act.

Sec. 2. The Legislature finds and declares that:

(1) Community-based mental health services substantially enrich the lives of persons with mental illness and enable such

persons to become more productive and involved members of society and the provision of such services supports the intent and purposes of the family policy objectives prescribed in sections 43-532 to 43-534;

(2) Rehabilitation and support services are needed in communities to provide persons disabled by severe and persistent mental illness with the opportunity for rehabilitation, housing, work, and supportive care;

(3) A supplemental program to the Nebraska Comprehensive Community Mental Health Services Act should be implemented to provide incentives for the development of rehabilitation and support services;

(4) The Department of Public Institutions is the state mental health authority and is the primary state agency responsible for the planning and development of community-based rehabilitation and support mental health services in Nebraska. The Department of Social Services is the primary state medicaid authority. It is the intent of the Legislature that matching federal funds through the medicaid rehabilitation option will be used to develop middle-intensity, community-based services for Nebraskans with severe, persistent, and disabling psychiatric disorders;

(5) All available federal, state, and private resources, including specialized managed care for Nebraskans with severe, persistent, and disabling psychiatric disorders, should be effectively utilized; and

(6) Too few appropriately trained mental health professionals are available to meet the present and future needs of Nebraskans with severe, persistent, and disabling psychiatric disorders.

Sec. 3. For purposes of the Rehabilitation and Support Mental Health Services Incentive Act:

(1) Department means the Department of Public Institutions;

(2) Medicaid rehabilitation option means the agreement pursuant to federal law allowing matching federal funds to be available for middle-intensity, community-based services for Nebraskans with severe, persistent, and disabling psychiatric disorders;

(3) Mental health regions means the regions as defined in section 71-5002; and

(4) Rehabilitation and support services means services intended to provide persons disabled by severe and persistent mental illness and their families with the knowledge, skills, and support necessary to maximize independent functioning and participation in society and includes, but is not limited to, case management services, residential rehabilitation services, community-living services, residential support services, and vocational support services.

Sec. 4. The department may enter into agreements with mental health regions, other public authorities, or private organizations to provide rehabilitation and support services, including sharing resources to provide the nonfederal matching funds for services provided pursuant to the medicaid rehabilitation option. State funds shall not be used for capital construction. When entering into agreements for the provision of rehabilitation and support services, the department shall consider the availability of such services and the needs of persons within the area to be served. The Rehabilitation and Support Mental Health Services Incentive Act does not prevent the provision of similar services under authority of the Nebraska Comprehensive Community Mental Health Services Act.

Sec. 5. Persons receiving rehabilitation and support services pursuant to the Rehabilitation and Support Mental Health Services Incentive Act shall be charged fees in accordance with their ability to pay in the same manner and at the same rate as provided in section 71-5014.

Sec. 6. The department shall require audits, reports, and plans as it deems necessary to supervise and monitor agreements made pursuant to the Rehabilitation and Support Mental Health Services Incentive Act. The department shall provide accountability for all sources and expenditures of funds for all organizations receiving any funds under the act. The department shall adopt and promulgate rules and regulations necessary to carry out the act.

Sec. 7. The Department of Social Services shall take all lawful actions which would provide medicaid funds for the support of both treatment for persons with mental illness and rehabilitation and support services. Any such funds made available will be used to fund a contract between the Department of Social Services and the Department of Public Institutions (1) for providing treatment services in support of the provision of rehabilitation and support services under the Rehabilitation and Support Mental Health Services Incentive Act, (2) for the actual provision of rehabilitation and support services, and (3) for services under Title XX of the federal Social Security Act, as amended.

Sec. 8. The Department of Social Services, in consultation with the Department of Public Institutions, professional provider organizations, advocates, consumers, and families of persons with severe, persistent, and disabling psychiatric disorders, shall apply for and implement the federal medicaid rehabilitation option and apply for any necessary waivers of federal law, with the goal of providing more effective community-based services, preventing unnecessary and expensive hospitalization, and promoting more effective utilization of the state's inpatient psychiatric facilities. The state may apply such in a revenue-neutral manner relative to the General Fund. The state shall cooperate with local governmental subdivisions to generate matching funds for medicaid rehabilitation option services with local approval. The Department of Social Services shall contract with the Department of Public Institutions for provision of services under the Rehabilitation and Support Mental Health Services Incentive Act.

Sec. 9. The Department of Social Services shall contract with the Department of Public Institutions to implement a case management system for persons disabled by severe and persistent mental illness using federal medicaid and other relevant federal financing.

Sec. 10. The Department of Social Services shall submit a report on the status of its application for the medicaid rehabilitation option by September 30, 1995, to the Health and Human Services Committee of the Legislature.

Sec. 11. The Department of Public Institutions shall adopt policies to require all state-funded residential psychiatric services operated by the department to utilize an interdisciplinary professional staff administrative model. All categories of professional staff involved in psychiatric rehabilitation services in the regional center shall be integrated into the administrative structure of the regional center if qualified by their direct administrative or management experience or training. Preference shall be given to the most cost-efficient use of professional staff in administrative positions or roles.".

(c) Making or permitting any unfair discrimination between individuals or risks of the same class and of essentially the same hazards by refusing to issue, refusing to renew, canceling, or limiting the amount of insurance coverage on a property or casualty risk because of the geographic location of the risk unless:

(i) The refusal, cancellation, or limitation is for a business purpose which is not a pretext for unfair discrimination; or

(ii) The refusal, cancellation, or limitation is required by law, rule, or regulation;

(d) Making or permitting any unfair discrimination between individuals or risks of the same class and of essentially the same hazards by refusing to issue, refusing to renew, canceling, or limiting the amount of insurance coverage on a residential property risk, or the personal property contained therein, because of the age of the residential property unless:

(i) The refusal, cancellation, or limitation is for a business purpose which is not a pretext for unfair discrimination; or

(ii) The refusal, cancellation, or limitation is required by law, rule, or regulation;

(e) Refusing to insure, refusing to continue to insure, or limiting the amount of coverage available to an individual solely because of the sex or marital status of the individual. This subdivision shall not prohibit an insurer from taking marital status into account for the purpose of defining individuals eligible for dependent benefits; ~~or~~

(f) Terminating or modifying coverage or refusing to issue or refusing to renew any property or casualty insurance policy solely because the applicant or insured or any employee of the applicant or insured is mentally or physically impaired unless:

(i) The termination, modification, or refusal is for a business purpose which is not a pretext for unfair discrimination; or

(ii) The termination, modification, or refusal is required by law, rule, or regulation.

This subdivision (f) shall not apply to any sickness and accident insurance policy sold by a casualty insurer and shall not be interpreted to modify any other provision of law relating to the termination, modification, issuance, or renewal of any policy; or

(g) Making or permitting any discrimination between individuals in premium, policy fees, or rates charged for automobile liability policies in the minimum amounts established in subdivision (3) of section 60-301 because of the geographic location of the individual;

(i) Knowingly permitting or offering to make or making any life insurance policy, annuity, or sickness and accident insurance policy, or agreement as to any such policy or annuity, other than as plainly expressed in the policy or annuity issued thereon, or paying, allowing, or giving, or offering to pay, allow, or give, directly or indirectly, as inducement to such policy or annuity, any rebate of premiums payable on the policy or annuity, or any special favor or advantage in the dividends or other benefits thereon, or any valuable consideration or inducement whatever not specified in the policy or annuity; or

(b) Nothing in subdivision (7) or (8)(a) of this section shall be construed as including within the definition of discrimination or rebates any of the following acts or practices:

(i) In the case of any life insurance policy or annuity, paying bonuses to policyholders or otherwise abating their premiums in whole or in part out of surplus accumulated from nonparticipating insurance if such bonuses or abatement of premiums are fair and equitable to policyholders and for the best interests of the insurer and its policyholders;

(ii) In the case of life insurance policies issued on the industrial debit plan, making allowance to policyholders who have continuously for a specified period made premium payments directly to an office of the insurer in an amount which fairly represents the saving in collection expenses; or

(iii) Readjustment of the rate of premium for a group insurance policy based on the loss or expense thereunder, at the end of the first or any subsequent policy year of insurance thereunder, which may be made retroactive only for such policy year;

(9) Failing of any insurer to maintain a complete record of all the complaints received since the date of its last examination conducted pursuant to the Insurers Examination Act. This record shall indicate the total number of complaints, their classification by line of insurance, the nature of each complaint, the disposition of each complaint, and the time it took to process each complaint. For purposes of this subdivision, complaint shall mean any written communication primarily expressing a grievance;

LEGISLATIVE BILL 616. Placed on General File as amended.
Standing Committee amendment to LB 616:
AM1033

1. Strike original section 3 and insert the following new sections:

"Section 1. Section 44-4820, Reissue Revised Statutes of Nebraska, is amended to read:

44-4820. (1) The director may petition for an order dissolving the corporate existence of a domestic insurer or the United States branch of an alien insurer domiciled in this state at the time he or she applies for a liquidation order. The court shall order dissolution of the corporation upon petition by the director upon or after the granting of a liquidation order. If the dissolution has not previously been ordered~~, it~~ and if control and ownership of the insurer has not been transferred pursuant to subsection (2) of this section, dissolution shall be effected by operation of law upon the discharge of the liquidator if the insurer is insolvent but may be ordered by the court upon the discharge of the liquidator if the insurer is under a liquidation order for some other reason.

(2) Notwithstanding the entry of a liquidation order, on the motion of the liquidator and following such notice and hearing and on such terms as the court deems appropriate, the court may approve the liquidator's cancellation of all outstanding stock and other securities of, and other equity interests in, the insurer and the court may approve the issuance and sale of new stock or other securities for the purpose of transferring to one or more buyers control and ownership of the insurer together with any or all of its licenses and certificates to do business and such other assets as the liquidator deems appropriate to the transaction. The proceeds of such sale shall be assets of the liquidation estate of the insurer. The order of the court approving such a sale may provide that the sale is free and clear of all claims and interests of the insurer's insureds, creditors, shareholders, and members and all other persons interested in the insurer's estate and may discharge the insurer and all property which is the subject of the sale from all claims and interests of the insurer's insureds, creditors, shareholders, and members and all other persons interested in the insurer's estate, except that such a discharge shall not affect the rights of the insurer's insureds, creditors, shareholders, and members and all other persons interested in the insurer's estate to participate in distributions from the estate as otherwise provided in the Nebraska Insurers Supervision, Rehabilitation, and Liquidation Act.

Sec. 2. Section 44-4828, Reissue Revised Statutes of Nebraska, is amended to read:

44-4828. (1)(a) A preference shall mean a transfer of any of the property of an insurer to or for the benefit of a creditor, for or on account of an antecedent debt, made or suffered by the insurer within one year before the filing of a successful petition for liquidation under the Nebraska Insurers Supervision, Rehabilitation, and Liquidation Act the effect of which transfer may be to enable the creditor to obtain a greater percentage of such debt than another creditor of the same class would receive. If a liquidation order is entered while the insurer is already subject to a rehabilitation order, such transfers shall be deemed preferences if made or suffered within one year before the filing of the successful petition for rehabilitation or within two years before the filing of the successful petition for liquidation, whichever time is shorter.

(b) Any preference may be avoided by the liquidator if:

(i) The insurer was insolvent at the time of the transfer;

(ii) The transfer was made within four months before the filing of the petition;

(iii) The creditor receiving it or to be benefited thereby or his or her agent acting with reference thereto had, at the time when the transfer was made, reasonable cause to believe that the insurer was insolvent or was about to become insolvent; or

(iv) The creditor receiving it was: An officer; any employee, attorney, or other person who was in fact in a position of comparable influence in the insurer to an officer whether or not he or she held such position; any shareholder holding directly or indirectly more than five percent of any class of any equity security issued by the insurer; or any other person, firm, corporation, association, or aggregation of persons with whom the insurer did not deal at arm's length. ~~; or~~

(c) ~~(v)~~ When the preference is voidable, the liquidator may recover the property or, if it has been converted, its value from any person who has received or converted the property, except when a bona fide purchaser or lienor has given less than fair equivalent value, he or she shall have a lien upon the property to the extent of the consideration actually given by him or her. When a preference by way of lien or security title is voidable, the court may on due notice order the lien or title to be preserved for the benefit of the estate, in which event the lien or title shall pass to the liquidator.

(2)(a) A transfer of property other than real property shall be deemed to be made or suffered when it becomes so far perfected that no subsequent lien obtainable by legal or equitable proceedings on a simple contract could become superior to the rights of the transferee.

(b) A transfer of real property shall be deemed to be made or suffered when it becomes so far perfected that no subsequent bona fide purchaser from the insurer could obtain rights superior to the rights of the transferee.

(c) A transfer which creates an equitable lien shall not be deemed to be perfected if there are available means by which a legal lien could be created.

(d) A transfer not perfected prior to the filing of a petition for liquidation shall be deemed to be made immediately before the filing of the successful petition.

(e) The provisions of this subsection shall apply whether or not there are or were creditors who might have obtained liens or persons who might have become bona fide purchasers.

(3)(a) A lien obtainable by legal or equitable proceedings upon a simple contract shall be one arising in the ordinary course of such proceedings upon the entry or docketing of a judgment or decree or upon attachment, garnishment, execution, or like process, whether before, upon, or after judgment or decree and whether before or upon levy. It shall not include liens which under applicable law are given a special priority over other liens which are prior in time.

(b) A lien obtainable by legal or equitable proceedings could become superior to the rights of a transferee or a purchaser could obtain rights superior to the rights of a transferee within the meaning of subsection (2) of this section if such consequences would follow only from the lien or purchase itself or from the lien or purchase followed by any step wholly within the control of the respective lienholder or purchaser with or without the aid of ministerial action by public officials. Such a lien could not, however, become superior and such a purchase could not create superior rights for the purpose of subsection (2) of this section through any acts subsequent to the obtaining of such a lien or subsequent to such a purchase which require the agreement or concurrence of any third party or which require any further judicial action or ruling.

(4) A transfer of property for or on account of a new and contemporaneous consideration which is deemed under subsection (2) of this section to be made or suffered after the transfer because of delay in perfecting shall not thereby become a transfer for or on account of an antecedent debt if any acts required by the applicable law to be performed in order to perfect the transfer as against liens or bona fide purchasers' rights are performed within twenty-one days or any period expressly allowed by the law, whichever is less. A transfer to secure a future loan, if such a loan is actually made, or a transfer which becomes security for a future loan shall have the same effect as a transfer for or on account of a new and contemporaneous consideration.

(5) If any lien deemed voidable under subdivision (1)(b) of this section has been dissolved by the furnishing of a bond or other obligation, the surety on which has been indemnified directly or indirectly by the transfer of or the creation of a lien upon any property of an insurer before the filing of a petition under the act which results in a liquidation order, the indemnifying transfer or lien shall also be deemed voidable.

(6) The property affected by any lien deemed voidable under subsections (1) and (5) of this section shall be discharged from such lien, and that property and any of the indemnifying property transferred to or for the benefit of a surety shall pass

to the liquidator, except that the court may on due notice order any such lien to be preserved for the benefit of the estate and the court may direct that such conveyance be executed as may be proper or adequate to evidence the title of the liquidator.

(7) The district court of Lancaster County shall have summary jurisdiction of any proceeding by the liquidator to hear and determine the rights of any parties under this section. Reasonable notice of any hearing in the proceeding shall be given to all parties in interest, including the obligee of a releasing bond or other like obligation. When an order is entered for the recovery of indemnifying property in kind or for the avoidance of an indemnifying lien, the court, upon application of any party in interest, shall in the same proceeding ascertain the value of the property or lien, and if the value is less than the amount for which the property is indemnity or than the amount of the lien, the transferee or lienholder may elect to retain the property or lien upon payment of its value, as ascertained by the court, to the liquidator within such reasonable times as the court shall fix.

(8) The liability of the surety under a releasing bond or other like obligation shall be discharged to the extent of the value of the indemnifying property recovered or the indemnifying lien nullified and avoided by the liquidator or, when the property is retained under subsection (7) of this section, to the extent of the amount paid to the liquidator.

(9) If a creditor has been preferred and afterward in good faith gives the insurer further credit without security of any kind for property which becomes a part of the insurer's estate, the amount of the new credit remaining unpaid at the time of the petition may be set off against the preference which would otherwise be recoverable from him or her.

(10) If an insurer, directly or indirectly, within four months before the filing of a successful petition for liquidation under the act or at any time in contemplation of a proceeding to liquidate, pays money or transfers property to an attorney for services rendered or to be rendered, the transactions may be examined by the court on its own motion or shall be examined by the court on petition of the liquidator and shall be held valid only to the extent of a reasonable amount to be determined by the court, and the excess may be recovered by the liquidator for the benefit of the estate, except that if the attorney is in a position of influence in the insurer or an affiliate thereof, payment of any money or the transfer of any property to the attorney for services rendered or to be rendered shall be governed by subdivision (1)(b)(iv) of this section.

(11)(a) Every officer, manager, employee, shareholder, member, subscriber, attorney, or any other person acting on behalf of the insurer who knowingly participates in giving any preference when he or she has reasonable cause to believe the insurer is or is about to become insolvent at the time of the preference shall be personally liable to the liquidator for the amount of the preference. It shall be permissible to infer that there is a reasonable cause to so believe if the transfer was made within four months before the date of filing of the successful petition for liquidation.

(b) Every person receiving any property from the insurer or the benefit thereof as a preference voidable under subsection (1) of this section shall be personally liable therefor and shall be bound to account to the liquidator.

(c) Nothing in this subsection shall prejudice any other claim by the liquidator against any person.

Sec. 4. Sections 3 and 5 of this act become operative on October 1, 1995. The other sections of this act become operative on their effective date.

Sec. 6. Original sections 44-4820 and 44-4828, Reissue Revised Statutes of Nebraska, are repealed.

Sec. 7. Since an emergency exists, this act takes effect when passed and approved according to law.".

AM1119

1. Insert the following new sections:

"Section 1. Section 44-4233, Reissue Revised Statutes of Nebraska, is amended to read:

44-4233. (1) Any member subject to premium and related retaliatory tax liability imposed by section 44-150 or 77-908 may offset assessments paid to the pool by such member against its tax liability in the year of payment or subsequent years. For tax years commencing on or after January 1, 1992, the member may offset such paid assessments against (a) subsequent premium tax prepayments imposed by section 77-918, (b) subsequent premium tax payments imposed by section 77-908, and (c) related retaliatory tax liability imposed by section 44-150. Prior to January 1, ~~1996~~ 1998, no individual member shall be subject to any liability of the pool in excess of its premium and related retaliatory tax liability which may be offset under this section.

(2) Commencing with assessments imposed or paid in 1991 and for all subsequent years prior to January 1, ~~1996~~ 1998, whenever it reasonably appears to the satisfaction of the board that a member has during a calendar year paid assessments that exceed that member's premium and related retaliatory tax liability for that calendar year, the board shall, upon request from such member, order the refund to that member of the amount of the assessment that exceeded that member's premium and related retaliatory tax liability. A member's request for a refund shall be filed with the board not later than thirty days after the due date of the member's premium tax return filed with the department. If the refund is not made by the board within thirty days after receipt of the refund request, the member may within thirty days thereafter initiate a suit in district court for the amount claimed. The suit shall be heard by the district court de novo. In the event that an assessment against a member is limited by reason of that member's premium and related retaliatory tax liability, the amount by which the assessment is limited may be assessed against the other members in a manner consistent with the basis for assessments specified in subsection (3) of section 44-4225.

Sec. 5. Sections 5 to 8 of this act shall be known and may be cited as the Health Care Purchasing Pool Act.

Sec. 6 The Legislature recognizes that a pooling mechanism offers the potential to purchase health care at more affordable prices. The Legislature further recognizes that health care purchasing pools do not require that all groups have the same type of health care coverage or benefits and that many options are available.

It is the intent of the Legislature to establish a process to determine whether there should be a coordinated purchasing process for some or all publicly sponsored health care coverage in order to reduce costs and to promote the most efficient methods of financing and coordinating health care services. It is also the intent of the Legislature that the process established also determines whether a health care purchasing pool if established should be made available to individuals, small employer groups, and other associations.

Sec. 7. The Director of Health shall report to the Legislature and the Governor by December 1, 1995, as to whether a health care purchasing pool should be established and recommendations concerning who should be included in such a pool. The report should include recommendations for a governing structure for the pool and recommendations concerning the operation and management of the pool.

Sec. 8. The report of the Director of Health under section 7 of this act shall also include:

(1) The benefits of consolidating administrative functions on behalf of participants in the pool, including claims processing, utilization review, management reports, and benefit management;

(2) Evaluation of potential cost savings;

(3) A recommendation as to whether to place the medical and acute care components of the medical assistance program established under sections 68-1018 to 68-1025 or persons currently participating in the Comprehensive Health Insurance Pool into a health care purchasing pool. The recommendations shall include whether the health care purchasing pool should be available to individuals, small employers, or associations who may choose to participate in the pool;

(4) Other recommendations regarding purchasing strategies and techniques for efficient administration that have potential application to all state-purchased health services; and

(5) Recommendations to insure access to quality care, including assuring reasonable access to local providers, especially for persons residing in rural areas.

Sec. 9. Efforts to reform the health care system at the state level have been hampered due to preemption of self-insured plans under the current terms of the federal Employee Retirement Income Security Act of 1974, and elements of reform will not be applicable unless and until a waiver of the applicable provisions of the federal law is received from the Congress of the United States. The Governor or his or her designee shall take all appropriate actions to submit such a waiver and secure its passage by Congress.".

After July 1, 1994, no such credit shall be given for ethanol produced at an ethanol facility which was in production on or before January 1, 1992, unless on or before July 1, 1994, the name plate design capacity for the production of ethanol, before denaturing, at the facility has been expanded to equal at least two times the name plate design capacity for production of ethanol, before denaturing, existing at the facility as of January 1, 1992.

(2) Any ethanol facility which is in production at the rate of at least twenty-five percent of its name plate design capacity for the production of ethanol, before denaturing, on or before December 31, 1992, shall receive a credit of twenty cents per gallon of ethanol produced beginning with the first month for which it is eligible to receive such credit and ending not later than December 31, 1997.

"Sec. 13. Section 75-128, Revised Statutes Supplement, 1994, is amended to read:

75-128. (1) It is hereby declared to be the policy of the Legislature that all matters presented to the commission be heard and determined without delay. All matters requiring a hearing shall be set for hearing at the earliest practicable date and in no event, except for good cause shown, which showing shall be recited in the order, shall the time fixed for hearing be more than six months after the date of filing of the application, complaint, or petition on which such hearing is to be had. Except in case of an emergency and upon a motion to proceed with less than a quorum made by all parties and supported by a showing of clear and convincing evidence of such emergency and benefit to all parties, a quorum of the commission shall hear all matters set for hearing. Except as otherwise provided in section 75-121 and except for good cause shown, a decision of the commission shall be made and filed within thirty days after completion of the hearing or after submission of affidavits in nonhearing proceedings.

(2) Applications for commission approval of specific new rates or charges or changes in existing rates or charges for telephone service which have not been heard and determined within six months and thirty days from the date the application was filed may be put into effect by the common carrier, in an amount not to exceed seventy-five percent of the total amount of the application,

subject to refund of any amount collected in excess of the amount which would have been collected under the new or changed rates or charges as finally approved by the commission. The refund shall include an interest payment at a rate of interest determined by the commission, except that the rate of interest shall not exceed the overall rate of return which the common carrier is authorized to earn. When making its final determination on the application, the commission shall not consider the rates and charges of the company put into effect pending such final determination. This section shall not apply to rates or charges placed into effect under section 75-616.

(3) In the case of any proceeding upon which a hearing is held, the transcript of testimony shall be prepared and submitted to the commission prior to entry of an order, except that it shall not be necessary to have prepared prior to commission decision the transcripts of testimony on hearings involving noncontested proceedings and hearings involving emergency rate applications under section 75-121.

(4) For each application, complaint, or petition filed with the commission, except those filed under sections 75-301 to ~~75-322.04~~ 75-322, there shall be charged a filing fee to be determined by the commission, but in an amount not to exceed the sum of fifty dollars payable at the time of such filing. There shall also be charged to persons regulated by the commission a hearing fee of fifty dollars for each half day of hearings if the person regulated by the commission files an application, complaint, or petition which necessitates a hearing.

Sec. 16. Section 75-136, Revised Statutes Supplement, 1994, is amended to read:

75-136. If a party to any proceeding is not satisfied with the order entered by the commission other than an order entered under sections ~~75-322.02 to 75-322.04~~ 18 to 20 of this act, such party may appeal to the Court of Appeals as provided in section 75-137 to reverse, vacate, or modify the order. In the case of an order entered under sections ~~75-322.02 to 75-322.04~~ 18 to 20 of this act, the party may (1) seek the review of the Court of Appeals as provided in section 75-137 or (2) seek judicial review of the order under section 75-136.01. Subdivisions (1) and (2) of this section are mutually exclusive and the choice of either section 75-136.01 or 75-137 shall govern the appeal process.

Sec. 17. Section 75-136.01, Revised Statutes Supplement, 1994, is amended to read:

75-136.01. (1) Proceedings for review of an order entered under sections ~~75-322.02 to 75-322.04~~ 18 to 20 of this act shall be instituted by filing a petition in the district court of Lancaster County or in the district court of the county in which the party is domiciled within thirty days after the date of the mailing of a copy of the order by the commission to the party appealing. All parties of record shall be made parties to the proceedings for review. Summons shall be served within thirty days of the filing of the petition in the manner provided for service of a summons in a civil action. The court, in its discretion, may permit other interested persons to intervene. The filing of the petition or the service of the summons upon the commission shall not automatically stay enforcement of a decision. The commission may stay enforcement of a decision, or the court may order a stay after notice to the commission of application for a stay upon such terms as it deems proper and shall require the party requesting such stay to give bond in the amount specified in the order entered under sections ~~75-322.02 to 75-322.04~~ 18 to 20 of this act and conditioned as the court directs. Within fifteen days after service of the petition or within such further time as the court for good cause shown allows, the commission shall prepare and transmit to the court the verbatim testimony transcribed by the official stenographer, including all exhibits, which shall constitute the bill of exceptions. The pleadings, order appealed, and bill of exceptions duly certified to by the executive director of the commission shall constitute the complete record. A copy of the original order appealed, certified to be a true and correct copy by the executive director or a commissioner, shall be admitted in evidence as prima facie evidence of every fact found and that such order is prima facie just and reasonable.

(2) The review shall be conducted by the court without a jury on the record of the commission.

(3) The court may affirm the decision of the commission or remand the case for further proceedings or may reverse or modify the decision if the substantial rights of the petitioner may have been prejudiced because the decision is:

(a) In violation of constitutional provisions;

(b) In excess of the statutory authority or jurisdiction of the commission; or

(c) Arbitrary or capricious.

(4) The commission or such party shall have the right to appeal the decision of the district court to the Court of Appeals under the rules provided by law for appeals to the Court of Appeals, except that in no case shall security for such appeal be required when the appeal is taken by the commission.

(5) The review provided by this section shall not be available in any case when other provisions of law prescribe the method of appeal.

Sec. 18. (1) In addition to other penalties and relief provided by law, the Public Service Commission may assess a civil penalty of up to five thousand dollars against any person, motor carrier, regulated motor carrier, common carrier, or contract carrier for the violation of (a) any provision of Chapter 75, article 3, sections 30 to 32, 44, and 45 of this act, or section 75-126 as such section applies to any person or carrier specified in Chapter 75, article 3, and sections 30 to 32, 44, and 45 of this act, (b) any term, condition, or limitation of any certificate or permit issued pursuant to Chapter 75, article 3, and sections 30 to 32, 44, and 45 of this act, or (c) any rule, regulation, or order of the commission issued pursuant to Chapter 75, article 3, and sections 30 to 32, 44, and 45 of this act. The amount of the civil penalty assessed in each case shall be based on the severity of the violation charged. The commission may compromise or mitigate any penalty prior to hearing if all parties agree. In determining the amount of the penalty, the commission shall consider the appropriateness of the penalty in light of the gravity of the violation and the good faith of the violator in attempting to achieve compliance after notification of the violation is given.

(2) The commission may assess a civil penalty of up to one hundred dollars against any person, firm, partnership, corporation, cooperative or association for (a) the violation of any provision of sections 75-604 and 86-805 or (b) failure to file financial reports as required by subdivision (2)(b) of section 86-807 and as prescribed by commission rules and regulations. Each day during which the violation continues constitutes a separate offense.

(3) When any person, motor carrier, regulated motor carrier, common carrier, or contract carrier is accused of any violation listed in subsection (1) of this section or when any person, firm, partnership, corporation, cooperative, or association is accused of any violation listed in subsection (2) of this section, the commission shall notify such person or party in writing (a) setting forth the date, facts, and nature of each act or omission upon which each charge of a violation is based, (b) specifically identifying the particular statute, certificate, permit, rule, regulation, or order purportedly violated, (c) that a hearing will be held and the time, date, and place of the hearing, (d) that in addition to the civil penalty, the commission may enforce additional penalties and relief as provided by law, and (e) that upon failure to pay any civil penalty determined by the commission, the penalty may be collected by civil action in the district court of Lancaster County.

Sec. 19. Any hearing held pursuant to section 18 of this act shall be held pursuant to rules and regulations adopted and promulgated by the commission. Every decision and order rendered by the commission after the hearing is held shall be in writing and accompanied by findings of facts and conclusions of law. The decision or order shall be sent to the parties by certified or registered mail.

Sec. 20. A civil penalty assessed pursuant to section 18 of this act and unpaid shall constitute a debt to the State of Nebraska which may be collected in the manner of a lien foreclosure or sued for and recovered in a proper form of action in the name of the state in the district court of Lancaster County. Any civil penalty collected shall be transmitted within thirty days from receipt to the State Treasurer for credit to the permanent school fund.

Sec. 25. Section 75-304, Revised Statutes Supplement, 1994, is amended to read:

75-304. The commission may establish such just and reasonable classifications of groups of carriers, included in the terms common carrier and contract carrier, as the special nature of the services performed by such carriers require and adopt and promulgate such just and reasonable rules, regulations, and requirements, to be observed by the carrier so classified or grouped, as the commission deems necessary or desirable in the public interest and as are consistent with the provisions of sections 75-301 to ~~75-322.04~~ 75-322. All certificates and permits issued by the commission shall be construed and interpreted, and the operations authorized thereunder shall be tested and determined, in accordance with such classification so established and any rule, regulation, or requirement prescribed by the commission relating to such carrier so classified.

Sec. 27. Section 75-305, Revised Statutes Supplement, 1994, is amended to read:

75-305. For purposes of sustaining the administration and enforcement of sections 75-301 to ~~75-322.04~~ 75-322, there is hereby fixed an application fee of seventy-five dollars payable by the applicant at the time of filing the application, except that such fee shall not apply to applications under sections 75-303.01 and 75-303.02. In addition thereto, every motor carrier subject to sections 75-301 to ~~75-322.04~~ 75-322 shall pay an annual fee not exceeding the sum of twenty-five dollars for each motor vehicle operated, which fee shall be fixed by the commission and shall not exceed the amount actually necessary to sustain the administration and enforcement of such sections. When the applicant has registered his or her motor vehicles under section 60-305.09, such fee of twenty-five dollars shall be payable on whichever shall be the lesser of (1) the proportion of his or her fleet so registered or (2) the number of motor vehicles owned by him or her and actually used in intrastate business within this state, except that such annual fee for any truck-trailer or tractor-trailer combination shall be forty dollars. In the case of a truck-trailer or tractor-trailer combination, only one license plate shall be required for such combination. Such annual fees shall be due and payable on or before January 1 and shall be delinquent on March 1 of each year after such permit or certificate has been issued. If the initial certificate or permit is issued to a motor carrier on or after July 1, the fee shall be fifty percent of the annual fee. Such fees shall be paid to and collected by the commission and remitted to the State Treasurer within thirty days of receipt for credit to the General Fund.

Sec. 28. Section 75-306, Revised Statutes Supplement, 1994, is amended to read:

75-306. Receipt for the payment of annual fees shall be issued by the commission. The commission shall issue sufficient license plates and renewal tabs to any motor carrier who is in compliance with sections 75-301 to ~~75-322.04~~ 75-322 and the rules and regulations of the commission, except contract carriers operating pursuant to section 75-303.01, for the purpose of identification of motor carriers subject to such sections and to distinguish those motor carriers from other commercial motor carriers not subject to such sections. The Director of Motor Vehicles shall prepare a form of license plate and renewal tab for such motor carriers and furnish a sufficient supply of them to the commission.

Sec. 46. Section 75-358, Reissue Revised Statutes of Nebraska, is amended to read:

75-358. Any person, private carrier, common carrier, or contract carrier operating any motor vehicle in violation of any provision of sections 75-348 to 75-358, any rule, regulation, or order of the commission, or any term or condition of any registration shall be guilty of a Class IV misdemeanor and shall also be subject to the provisions of sections ~~75-322.02 to 75-322.04~~ 18 to 20 of this act. AM0323

1. Insert the following new sections:

"Section 1. Section 79-101.01, Reissue Revised Statutes of Nebraska, is amended to read:

79-101.01. (1) For purposes of statutes governing schools:

(a) Affiliated school system shall mean the high school district and the Class I districts or portions of Class I districts affiliated with such high school district;

(b) Affiliation or affiliation of school districts shall mean an ongoing association of a Class I district or portion thereof not a part of a Class VI district with one or more existing Class II, III, IV, or V districts for the purpose of (i) providing a high school program serving the Class I district students and (ii) maintaining tax support to finance such program. The services provided may include student transportation; and

(c) Class VI school system shall mean a Class VI school district and each Class I school district or portion thereof which is part of the Class VI district.

(2) Beginning January 1, 1992, any school district boundaries changed by the means provided by Nebraska law, including the methods provided by sections 79-102.01, 79-102.02, 79-402, 79-402.03 to 79-402.10, 79-402.17, 79-402.19, 79-402.20, 79-403 to 79-403.03, 79-406, 79-407, 79-408, 79-408.01 to 79-408.03, 79-409, 79-420, 79-421, 79-426.01 to 79-426.19, 79-426.23 to 79-426.26, 79-426.28, 79-480 to 79-482, 79-486, 79-512, 79-533, 79-603, 79-701, 79-1107, and 79-1108 but excluding the method provided by sections 79-801 to 79-810.01, shall be made only upon an order issued by the county superintendent. If the boundaries so changed are in more than one county, such order shall be issued jointly by the county superintendents of all counties involved. The county superintendent or county superintendents shall not issue an order changing boundaries relating to affiliation of school districts if twenty percent or more of any tract of land under common ownership which is proposing to affiliate is not contiguous to the high school district with which affiliation is proposed, unless (i) one or more resident students of the tract of land under common ownership has attended the high school program of the high school district within the immediately preceding ten-year period or (ii) approval of the petition or plan would allow preschool-age siblings

of such resident students to attend the same school as the resident students attended when such siblings reach school age.

The order issued under this section shall be certified to the county clerk of each county in which boundaries are changed and shall also be certified to the State Department of Education. Such order shall be issued no later than June 1 and shall have an effective date no later than August 1 of the same year. For purposes of the school district boundary map provided by the county superintendent pursuant to section 23-3306, determining school district counts pursuant to section 79-458, and calculating state aid allocations pursuant to the Tax Equity and Educational Opportunities Support Act, any change in school district boundaries with an effective date between June 1 and August 1 of any year shall be considered effective June 1 of such year.

(3) Unless otherwise provided by state law or by the terms of an affiliation or reorganization plan or petition which is consistent with state law, all assets, including budget authority as provided in sections 79-3814 to 79-3821, and liabilities, except bonded obligations, of school districts merged, dissolved, or annexed shall be transferred to the receiving district or districts on the basis of the proportionate share of assessed valuation received at the time of reorganization. When a Class II, III, IV, or V school district becomes a Class I school district:

(a) Which becomes part of a Class VI district which offers instruction in grades seven through twelve, 44.8276 percent of the Class II, III, IV, or V district's assets and liabilities shall be transferred to the new Class I district and the remainder shall be transferred to the Class VI district or districts of which the Class I district becomes a part on the basis of the proportionate share of assessed valuation each high school district received at the time of such change in class of district; or

(b) Which is affiliated or becomes part of a Class VI district which offers instruction in grades nine through twelve, 61.3793 percent of the Class II, III, IV, or V school district's assets and liabilities shall be transferred to the new Class I district and the remainder shall be transferred to the Class VI district or districts of which the Class I district becomes a part and to the high school district or districts with which the Class I district is affiliated on the basis of the proportionate share of assessed valuation each high school district received at the time of such change in class of district.

Sec. 2. Section 79-402, Reissue Revised Statutes of Nebraska, is amended to read:

79-402. (1) The county superintendent shall create a new school district from other districts, change the boundaries of any district, or affiliate a Class I district or portion thereof with one or more existing Class II, III, IV, or V districts upon receipt of petitions signed by sixty percent of the legal voters of each district affected, except that petitions shall contain signatures of at least sixty-five percent of the legal voters of each district affected if the proposed change has been disapproved by both the state and county committees for school district reorganization or, in the case of affiliation, if the petition has been disapproved by the county committee pursuant to sections 79-402.14 and 79-402.15. When area is added to a Class VI district or when a Class I district which is entirely or partially within a Class VI district is taken from the Class VI district, the Class VI district shall be deemed to be an affected district.

(2) Petitions proposing to change the boundaries of existing school districts through the transfer of a parcel of land, not to exceed six hundred forty acres, may be acted upon and so transferred by order of the county superintendent when the petitions involve the transfer of land between Class I, II, III, IV, or V school districts or when there would be an exchange of parcels of land between Class I, II, III, IV, or V school districts if the petitions have the approval of at least sixty-five percent of each school board or board of education. The county superintendent shall not change boundaries pursuant to this section relating to affiliation of school districts if twenty percent or more of any tract of land under common ownership which is proposing to affiliate is not contiguous to the high school district with which affiliation is proposed, unless (i) one or more resident students of the tract of land under common ownership has attended the high school program of the high school district within the immediately preceding ten-year period or (ii) approval of the petition or plan would allow preschool-age siblings of such resident students to attend the same school as the resident students attended when such siblings reach school age.

(3)(a) Petitions proposing to create a new school district, to change the boundary lines of existing school districts, to create an affiliated school system, or to affiliate a Class I district in part and to join such district in part with a Class VI district, any of which involves the transfer of more than six hundred forty acres, shall, when signed by at least sixty percent of the legal voters in each district affected, be submitted to the county committee for school district reorganization. In the case of a petition for affiliation or a petition to affiliate in part and in part to join a Class VI district, the county committee shall review the proposed affiliation subject to sections 79-402.14 and 79-402.15. The county committee shall, within forty days, review and approve or disapprove such proposal and submit it to the state committee for school district reorganization, except that an affiliation petition or a petition to affiliate in part and in part to join a Class VI district shall not be submitted to the state committee and the county committee's approval or disapproval shall be final.

(b) The state committee shall, within forty days, review and approve or disapprove the proposal and return it with any recommendations deemed advisable to the county committee. The county committee shall, within fifteen days of receipt of the returned proposal, consider the action of the state committee and determine whether to give final approval or disapproval to the proposal.

(c) The county committee shall, within fifteen days of receipt of the returned proposal or of the committee's final approval or disapproval of an affiliation petition or a petition to affiliate in part and in part to join a Class VI district, advertise and hold a public hearing at which the recommendations and action of the state and county committees are presented to the legal voters in attendance. The county committee shall hold the petitions for ten days following the hearing at the end of which time the committee shall file the petitions with the county superintendent.

(d) The county superintendent shall, within fifteen days, advertise and hold a hearing to determine the validity and sufficiency of the petitions. Upon determination, as a result of the hearing, that sufficient valid signatures are contained in the respective petitions, the county superintendent shall proceed to effect the changes in district boundary lines as set forth in the petitions.

(4) Any person adversely affected by the changes made by the county superintendent may appeal to the district court of any county in which the real estate or any part thereof involved in the dispute is located. If the real estate is located in more than one county, the court in which an appeal is first perfected shall obtain jurisdiction to the exclusion of any subsequent appeal.

(5) A signing petitioner shall be permitted to withdraw his or her name therefrom and a legal voter shall be permitted to add his or her name thereto at any time prior to the end of the ten-day period when the county committee files such petitions with the county superintendent. Additions and withdrawals of signatures shall be by notarized affidavit filed with the county superintendent.

Sec. 5. Section 79-701, Reissue Revised Statutes of Nebraska, is amended to read:

79-701. (1) A Class II school district shall be created whenever a Class I school district determines by a majority vote of the qualified voters at an annual or special meeting to establish a high school.

The members of the school board serving when it is decided to establish a high school shall continue in office until the first Tuesday in June following the next statewide primary election. The Class II school district board shall be elected pursuant to section 32-542.

AM1146

(Amendments to Standing Committee amendments, AM0475)

1. On page 1, line 4, strike "7" and insert "9"; and strike lines 6 through 24 and insert the following:

"XVIII-1 'The first power reserved by the people is the initiative by which laws may be enacted and constitutional amendments adopted by the people independently of the Legislature. To initiate the enactment of a law or the adoption of a constitutional amendment, a petition shall be circulated which contains the entire proposed law or constitutional amendment. The petition shall be filed with the Secretary of State. If the petition is signed by the required number of registered voters appropriately distributed, the Secretary of State shall submit the proposed law or constitutional amendment to the electors of the state at the first general election held not less than four months after the petition is filed. The required number of signatures for a law is at least seven percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition. The required number of signatures for a constitutional amendment is at least ten percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition. The distribution of the registered voters signing a petition for a law or a constitutional amendment shall include signatures equal in number to at least five percent of the number of votes cast for Governor at the general election next preceding the filing of the petition from each of at least two-fifths of the counties in the state.

The same measure, either in form or in essential substance, shall not be submitted to the people by initiative petition, either affirmatively or negatively, more often than once in three years. If conflicting measures submitted to the people at the same election are approved, the one receiving the highest number of affirmative votes shall become law as to all conflicting provisions. The constitutional limitations as to the scope and subject matter of statutes enacted by the Legislature shall apply to those enacted by the initiative.'

XVIII-2 'The second power reserved by the people is the referendum which may be invoked by petition against any act or part of an act of the Legislature, except those making appropriations for the expense of the state government or a state institution existing at the time of the passage of such act. To refer an act or part of an act of the Legislature, a petition shall be circulated which sets out the title of the act against which the referendum is invoked and, if only a portion of the act is sought to be referred, the number of the section or sections or portion of sections of the act designating such portion. The petition shall be filed with the Secretary of State within ninety days after the Legislature at which the act sought to be referred was passed has adjourned sine die or for more than ninety days. If the petition is signed by the required number of registered voters appropriately distributed, the Secretary of State shall refer the act or the part of the act to the electors for approval or rejection at the first general election to be held not less than thirty days after the filing of the petition. The required number of signatures is at least five percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition. The distribution of the registered voters signing a referendum petition shall include signatures equal in number to at least five percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition from each of at least two-fifths of the counties in the state.

When the referendum is invoked as to any act or part of act, other than emergency acts or those for the immediate preservation of the public peace, health, or safety, by petition signed by registered voters equal in number to at least ten percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition, distributed so as to include signatures equal in number to at least five percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition from each of at least two-fifths of the counties in the state, it shall suspend the taking effect of such act or part of act until the same has been approved by the electors of the state.'

XVIII-3 'The veto power of the Governor shall not extend to measures initiated by or referred to the people.

A measure initiated shall become a law or part of this Constitution, as the case may be, when a majority of the votes cast on the measure, and not less than thirty-five percent of the total vote cast at the election at which the measure was submitted, are cast in favor of the measure, and the measure shall take effect upon proclamation by the Governor which shall be made within ten days after the official canvass of the votes. The vote upon initiative and referendum measures shall be returned and canvassed in the manner prescribed for the canvass of votes for president.

The method of submitting and adopting amendments to this Constitution provided by this section shall be supplementary to the method prescribed in Article XVI of this Constitution, entitled, "Amendments" and the latter shall not be construed to conflict with the provisions relating to initiative and referendum. The provisions with respect to the initiative and referendum shall be self-executing, but legislation may be enacted to facilitate their operation. Initiative and referendum measures shall be submitted in a nonpartisan manner and without any indication or suggestion on the ballot that they have been approved or endorsed by any political party or organization. Only the title or proper descriptive words of measures shall be printed on the ballot, and when two or more measures have the same title, they shall be numbered consecutively in the order of filing with the Secretary of State and the number shall be followed by the name of the first petitioner on the corresponding petition.'

XVIII-4 'The provisions of Article XVIII, sections 1 through 3, of this Constitution terminate on January 1, 1999, but are applicable to initiative and referendum measures filed with the Secretary of State before such date.'

XVIII-5 'The Legislature wishes to provide an alternative procedure for initiative and referendum measures in Article XVIII, sections 6 through 8, of this Constitution that provides different requirements when volunteer uncompensated circulators are utilized. The Legislature recognizes that uncertainty exists in the constitutional validity of Article XVIII, sections 6 through 8, of this Constitution and wants to provide time for court review. The Legislature therefore has delayed the operative date of Article XVIII, sections 6 through 8, of this Constitution. If Article XVIII, sections 6 through 8, of this Constitution are held to be unconstitutional in whole or in part by the Nebraska Supreme Court or the United States Supreme Court, upon the date of the court's opinion the provisions of Article XVIII, sections 1 through 3, of this Constitution shall not terminate and shall continue in effect.

To facilitate court review of Article XVIII, sections 6 through 8, of this Constitution, any citizen of the State has standing in any district court of the state to seek a declaratory judgment prior to the operative date of such sections.'

XVIII-6 'The first power reserved by the people is the initiative by which laws may be enacted and constitutional amendments adopted by the people independently of the Legislature. This power may be invoked by petition wherein the proposed measure shall be set forth at length. If the petition is for the enactment of a law, it shall be signed by registered voters of the state equal in number to at least twelve percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition. If the petition is for the amendment of this Constitution, the petition shall be signed by registered voters equal in number to at least eighteen percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition. The distribution of the registered voters signing a petition for a law or a constitutional amendment shall include signatures equal in number to at least five percent of the number of votes cast for Governor at the general election next preceding the filing of the petition from each of at least two-fifths of the counties in the state, and when thus signed, the petition shall be filed with the Secretary of State who shall submit the measure thus proposed to the electors of the state at the first general election held not less than four months after such petition has been filed. The same measure, either in form or in essential substance, shall not be submitted to the people by initiative petition, either affirmatively or negatively, more often than once in three years. If conflicting measures submitted to the people at the same election are approved, the one receiving the highest number of affirmative votes shall become law as to all conflicting provisions. The constitutional limitations as to the scope and subject matter of statutes enacted by the Legislature shall apply to those enacted by the initiative. The special challenges of relying solely on volunteer uncompensated petition circulators is explicitly recognized. To accommodate these special challenges, petition signatures gathered by volunteer uncompensated circulators shall be granted a tabulation bonus of one additional signature counted for each valid signature submitted. For purposes of this section, volunteer uncompensated circulator means a person who does not receive compensation for collecting signatures other than reimbursement for travel and meals.'

XVIII-7 'The second power reserved by the people is the referendum which may be invoked by petition against any act or part of an act of the Legislature, except those making appropriations for the expense of the state government or a state institution existing at the time of the passage of such act. Petitions invoking the referendum shall be signed by registered voters of the state equal in number to at least ten percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition, distributed as required for initiative petitions, and filed in the office of the Secretary of State within ninety days after the Legislature at which the act sought to be referred was passed has adjourned sine die or for more than ninety days. Such petition shall set out the title of the act against which the referendum is invoked and, in addition thereto, when only a portion of the act is sought to be referred, the number of the section or sections or portion of sections of the act designating such portion. When the referendum is thus invoked, the Secretary of State shall refer the same to the electors for approval or rejection at the first general election held not less than thirty days after the filing of such petition.

When the referendum is invoked as to any act or part of an act, other than emergency acts or those for the immediate preservation of the public peace, health, or safety, by petition signed by registered voters of the state equal in number to at least eighteen percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition, it shall suspend the taking effect of such act or part of act until the same has been approved by the electors of the state. The special challenges of relying solely on volunteer uncompensated petition circulators is explicitly recognized. To accommodate these special challenges, petition signatures gathered by volunteer uncompensated circulators shall be granted a tabulation bonus of one additional signature counted for each valid signature submitted. For purposes of this section, volunteer uncompensated circulator means a person who does not receive compensation for collecting signatures other than reimbursement for travel and meals.'

XVIII-8 'The veto power of the Governor shall not extend to measures initiated by or referred to the people.

A measure initiated shall become a law or part of this Constitution, as the case may be, when a majority of the votes cast on the measure, and not less than thirty-five percent of the total vote cast at the election at which the measure was submitted, are cast in favor of the measure, and the measure shall take effect upon proclamation by the Governor which shall be made within ten days after the official canvass of such votes. The vote upon initiative and referendum measures shall be returned and canvassed in the manner prescribed for the canvass of votes for president.

The method of submitting and adopting amendments to this Constitution provided by this section shall be supplementary to the method prescribed in Article XVI of this Constitution, entitled, "Amendments" and the latter shall in no case be construed to conflict with the provisions relating to initiative and referendum. The provisions with respect to the initiative and referendum shall be self-executing, but legislation may be enacted to facilitate their operation. Initiative and referendum measures shall be submitted in a nonpartisan manner and without any indication or suggestion on the ballot that they have been approved or endorsed by any political party or organization. Only the title or proper descriptive words of measures shall be printed on the ballot, and when two or more measures have the same title, they shall be numbered consecutively in the order of filing with the Secretary of State and the number shall be followed by the name of the first petitioner on the corresponding petition.'

XVIII-9 'Except as provided in Article XVIII, section 5, of this Constitution, the provisions of Article XVIII, sections 6 through 8, of this Constitution become operative on January 1, 1999, and apply to initiative and referendum measures filed with the Secretary of State on or after such date.'.".

2. Strike pages 2 through 8.

3. On page 9, strike lines 1 and 2; and strike beginning with "an" in line 10 through "unconstitutional" in line 13 and insert "a separate alternative system for initiative and referendum measures that changes the number of signatures needed when volunteer uncompensated circulators are utilized".

LEGISLATIVE BILL 712A. Introduced by Matzke, 47.

SELECT COMMITTEE REPORT

Correctly Enrolled

The following resolution was correctly enrolled: LR 16.

(Signed) David I. Maurstad, Chairperson

ENROLLED RESOLUTION

LEGISLATIVE RESOLUTION 16. Introduced by Kristensen, 37; Withem, 14; Abboud, 12.

WHEREAS, the United States Constitution established a balanced compound system of governance and through the Tenth Amendment reserved all non-delegated and non-prohibited powers to the States or to the people; and

WHEREAS, the number of federal unfunded mandates has grown exponentially during the last thirty years and has profoundly impacted State budgets, impinging on the ability of State leaders to provide appropriate and needed services to their constituencies; and

WHEREAS, in recent years, States have been the principal agents of government reform, including updating their constitutions, modernizing and restructuring governmental institutions, and, along with Local governments, have been the pioneers of government innovation, thus responding to the needs of their citizens; and

WHEREAS, the Council of State Governments recognizes a sense of urgency in calling for The Conference of the States, whereby each State government could send a delegation to develop a comprehensive Action Plan to address the States' role in our Federal system; and

WHEREAS, the aforementioned experience of the Council of State Governments, in conjunction with its regional structure and groupings of elected and appointed officials from all three branches of State government, reflects an entity ideally suited to promote and facilitate such a conference; and

WHEREAS, despite the fact that many states have experienced frustrations with the relationship that currently exists between the federal government and the states, the current configuration of the

Constitution of the United States has served the Republic well for over two hundred years and any attempts to formally amend the constitutional relationship between the states and the federal government should only occur after careful consideration and a strong consensus has been established.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

(1) A delegation not to exceed seven voting persons from the State of Nebraska, shall be appointed to represent the State of Nebraska at a Conference of the States for the purposes described in Section (2) to be convened as provided in Section (3). The delegation shall not exceed seven voting persons as follows: (a) The governor or, if the governor does not wish to be a member of the delegation then a constitutional officer selected by the governor; and (b) a number of legislators not to exceed six of which at least three shall be from each major political party, except that the balance of delegates between the major political parties shall be as even as possible in the event that one or more independents are chosen as delegates. The delegates shall be selected by the Speaker of the Legislature and approved by the Executive Board of the Legislative Council. The Speaker may designate two alternate legislator delegates, one from each party, who have voting privileges in the absence of the primary delegates. The Nebraska delegation chosen pursuant to this resolution shall present to the Executive Board of the Legislative Council prior to participation in The Conference of the States, for the review and suggestions of the Executive Board, the most current draft of the proposed Conference rules of procedure and bylaws including any proposed articles of incorporation or proposed bylaws of any nonprofit corporation to be authorized by such Conference, if available. The Executive Board may further instruct the Nebraska delegates with respect to conditions for participation and such instructions shall be binding.

(2) The delegates of The Conference of the States will propose, debate, and vote on elements of an action plan to restore checks and balances between states and the national government. Measures agreed upon will be formalized in an instrument called a States' Petition and returned to the delegation's state for approval by the entire Legislature. No vote of this state's delegation on an action plan shall be authorization by this state to forward the States' Petition to the national government until the Legislature has approved such vote.

(3) The Conference of the States shall be convened under the nonprofit status, section 501(c)(3) of the Internal Revenue Code, of the Council of State Governments in cooperation with the National Governors' Association and the National Conference of State Legislatures no later than two hundred seventy days after at least twenty-six legislatures adopt a resolution of participation.

(4) Prior to the official convening of The Conference of the States the steering committee will draft:

(a) The governance structure and procedural rules for the Conference;

(b) The process for receiving rebalancing proposals; and

(c) The financial and administrative functions of the Conference, including the Council of State Governments as fiscal agent.

(5) The bylaws shall:

(a) Conform to the provisions of this resolution;

(b) Specify that each state delegation shall have one vote at the Conference; and

(c) Specify that the Conference agenda be limited to fundamental, structural, long-term reforms.

(6) Upon the official convening of The Conference of the States, the State delegations will vote upon and approve the Conference governing structure, operating rules and bylaws.

(7) Adoption of this resolution does not constitute an application by the Legislature of Nebraska for the calling of a federal constitutional convention within the meaning of Article V of the Constitution of the United States.

(8) The Nebraska Legislature supports a provision within the rules governing the deliberations of The Conference of the States requiring that for any proposed changes to the United States Constitution to be included within the action plan there must be a separate vote on that measure, that a proposed constitutional amendment must receive at least a two-thirds affirmative vote of those states attending the Conference, and that those states supporting a proposed constitutional amendment must represent at least a majority of all states making up the United States of America. The Nebraska delegation shall support this provision and shall provide this information to the steering committee for consideration in their drafting of the structure and procedural rules of The Conference of the States.

In the fourth district there shall be fourteen judges of the district court. ~~In~~ Before July 1, 1996, in the third district there shall be six judges of the district court; and on and after July 1, 1996, in the third district there shall be seven judges of the district court. In the twelfth district there shall be five judges of the district court. In the fifth district there shall be four judges of the district court. In the first, second, sixth, ninth, and eleventh districts there shall be three judges of the district court. In the seventh, eighth, and tenth districts there shall be two judges of the district court.

Sec. 2. Sections 24-809.01 to 24-809.03 terminate on December 31, 1997.

Sec. 3. Section 24-810, Revised Statutes Supplement, 1994, is amended to read:

24-810. (1) Prior to the time for the first meeting of the judicial nominating commission prescribed in subsection (5) of this section, the Supreme Court shall, after consultations with attorneys of the district as it deems appropriate, determine and announce to the judicial nominating commission the county where the primary office for the appointed judge shall be located. In designating a primary office, the Supreme Court shall locate judges so as to provide maximum service to all areas of the judicial district. If more than one county is acceptable as a primary office, the Supreme Court may so state and may leave the final choice of the location of the primary office to the appointed judge. The State Court Administrator, with advice from the district and county judges associations, shall develop a uniform and accurate system of measuring judicial workloads which shall be the principal criterion used by the Supreme Court when designating a primary office.

(2) ~~In~~ Until December 31, 1997, in the event of the

death, retirement, resignation, or removal of any district or county judge, the failure of a district or county judge to be retained in office, or a need for a change in boundaries or the number of district or county court judicial districts or in the number of district or county judgeships authorized by law, the Judicial Resources Commission, after holding a public hearing in the affected district or districts, shall determine:

(a) Whether a judicial vacancy exists and the location of that vacancy;

(b) Whether the judicial district boundaries or the number of districts should be changed for county or district courts;

(c) Whether the number of district or county judges should be increased, decreased, or remain the same; or

(d) Any combination of subdivisions (a), (b), and (c) of this subsection.

The commission's determination shall be based upon the analysis of caseloads weighted by category, adequate access to the courts by litigants, population, other judicial duties, travel time, and other factors determined by the commission to be necessary to assure efficiency and service. After making a determination, the commission shall make a recommendation to the Legislature. If no changes in existing law are recommended by the commission and in cases occurring on or after January 1, 1998, no legislative action shall be necessary to fill any vacancy resulting from the death, retirement, resignation, or removal of a judge.

Regardless of whether a vacancy has occurred, the Judicial Resources Commission shall meet not less than once every two years. After the meeting and not later than December 31, 1995, the commission shall report to the Legislature two recommendations on the allocation of additional judicial resources, including whether any judicial district boundaries or the number of districts should be changed for district or county courts, and whether the number of judges should be increased, decreased, or remain the same and what reallocation of judges or redistricting of judicial district boundaries, if any, should be made. One recommendation shall be made using the assumption that no new resources or judges will be available, notwithstanding other provisions of this legislative bill. The second recommendation shall be made using the assumption that the additional district court judicial district judge provided for in section 1 of this legislative bill will be established on July 1, 1996.

(3) The Judicial Resources Commission shall adopt and promulgate rules and regulations on the procedures to be followed in making the determinations pursuant to subsection (2) of this section. The State Court Administrator shall provide adequate administrative support and information as is requested by the commission.

(4) For purposes of subsection (5) of this section, the

date of a final determination shall be (a) the date the Governor approves legislation or the Legislature overrides a veto of legislation creating or moving a judicial vacancy, (b) ten days after the date of adjournment sine die by the Legislature in cases of a recommendation on which action is required but no action is taken by the Legislature in its regular legislative session commenced following the recommendation, (c) the date of a designation of a principal office location by the Supreme Court, or (d) until December 31, 1997, the date of the determination by the commission that there be no change.

(5) When a final determination of the location of a district or county court judicial vacancy has been made or in the event of a judicial vacancy in any other court, the Clerk of the Supreme Court shall contact the chairperson of the judicial nominating commission relating to such vacancy and shall ascertain from him or her a time and place for the first meeting of such judicial nominating commission, at which time a public hearing will be held. He or she shall thereupon notify each commission member in writing of the time and place of the meeting and shall also cause appropriate notice to be published by various news media of the time and place of the public hearing of the judicial nominating commission and of the interest of the commission in receiving information relating to qualified candidates for the judicial vacancy. Any lawyer meeting the statutory requirements to serve as a judge who is interested in being nominated and appointed to such judgeship shall signify his or her interest by filing the appropriate application with the proper entity at least twenty-one days prior to the public hearing. At least ten days prior to the public hearing, the chairperson shall release to the public the names of all lawyers who have applied for such judgeship. Any member of the public shall be entitled to attend the public hearing to express, either orally or in writing, his or her views concerning candidates for the judicial vacancy.

(6) After the public hearing, the judicial nominating commission shall hold such additional private or confidential meetings as it determines to be necessary. Additional information may be submitted in writing to the commission at any time prior to its selection of qualified candidates to fill the vacancy. The commission shall make such independent investigation and inquiry as it considers necessary or expedient to determine the qualifications of candidates for the judicial vacancy and shall take such action as it deems necessary or expedient to encourage qualified candidates to accept judicial office or nomination for judicial office.

(7) The judicial nominating commission may, before or after the hearing provided for in subsection (5) of this section, institute a search for additional candidates. If additional candidates are obtained, the commission shall hold further public hearings in the same manner as provided in such subsection.

(8) The names of candidates shall be submitted to the Governor within ninety days after the date a final determination has been made pursuant to subsection (4) of this section of the location of a district or county court judicial vacancy or, in the event of a judicial vacancy in any other court, after a judicial vacancy occurred if one public hearing is held and within one hundred twenty days if more than one public hearing is held.

(9) The first public hearing provided for in this section shall be held within sixty days after final determination of the vacancy occurs.".

To amend Article III, section 24:

III-24 "(1) Except as provided in this section, the Legislature shall not authorize any game of chance or any lottery or gift enterprise when the consideration for a chance to participate involves the payment of money for the purchase of property, services, or a chance or admission ticket or requires an expenditure of substantial effort or time.

(2) The Legislature may authorize and regulate a state lottery pursuant to subsection (3) of this section and other lotteries, raffles, and gift enterprises which are intended solely as business promotions or the proceeds of which are to be used solely for charitable or community betterment purposes without profit to the promoter of such lotteries, raffles, or gift enterprises.

(3) The Legislature may establish a lottery to be operated and regulated by the State of Nebraska. The proceeds of the lottery shall be appropriated by the Legislature for the costs of establishing and

maintaining the lottery and for other purposes as directed by the Legislature. No lottery game shall be conducted as part of the lottery unless the type of game has been approved by a majority of the members of the Legislature.

(4) Nothing in this section shall be construed to prohibit (a) the enactment of laws providing for the licensing and regulation of wagering on the results of horseraces, wherever run, either within or outside of the state, by the parimutuel method, when such wagering is conducted by licensees ~~within a licensed racetrack enclosure~~ at such locations and by such means as are authorized by the Legislature or (b) the enactment of laws providing for the licensing and regulation of bingo games conducted by nonprofit associations which have been in existence for a period of five years immediately preceding the application for license, except that bingo games cannot be conducted by agents or lessees of such associations on a percentage basis.".

LEGISLATIVE BILL 871. Placed on General File as amended.
Standing Committee amendment to LB 871:
AM1200

1. Strike the original sections and insert the following new sections:

"Section 1. Section 46-235.04, Reissue Revised Statutes of Nebraska, is amended to read:

46-235.04. (1) Induced ground water recharge appropriations shall be administered in the same manner as prescribed by Chapter 46, article 2, for other appropriations. Appropriations for induced ground water recharge may be canceled and annulled as provided in section 46-229.04.

(2) The Department of Water Resources may approve the transfer of priority dates among water wells, including replacement water wells, located within a single well field that are subject to an induced recharge appropriation, or are part of an application for such an appropriation, to improve the water well field's efficiency of operation with respect to river flow. The transfers shall be approved if the department finds that (a) the transfers would not increase the quantity of induced ground water recharge under the original priority date or application, (b) the amount of water withdrawn from water wells under the original priority date or application would not increase, (c) the quantity of streamflow needed to sustain well field operation under the original priority date would decrease, (d) the transfer would not impair the rights of other appropriators, and (e) the transfer is in the public interest in the same manner as provided in section 46-235. The department may assign multiple priority dates to a single water well that replaces two or more water wells which are abandoned. Replacement wells installed pursuant to this subsection may be installed without regard to the limitation of subdivision (5)(b) of section 46-602 if the replacement well is located within the same well field as the abandoned water well. Notice shall be furnished and any hearing held as provided in sections 46-291 to 46-293. For purposes of this subsection, the term "single well field" shall mean those contiguous tracts of land owned or leased by the

applicant containing two or more water wells subject to induced recharge.

Sec. 2. Section 46-613, Reissue Revised Statutes of Nebraska, is amended to read:

46-613. Preference in the use of ~~underground~~ ground water shall be given to those using the water for domestic purposes. They shall have preference over those claiming it for any other purpose. Those using the water for agricultural purposes shall have the preference over those using the same for manufacturing or industrial purposes.

As used in this section, (1) domestic use of ground water shall mean all uses of ground water required for human needs as it relates to health, fire control, and sanitation and shall include the use of ground water for domestic livestock as related to normal farm and ranch operations and (2) agricultural purposes shall include, but not be limited to, aquaculture as defined in section 2-3804.01.

Sec. 3. (1) The Legislature finds that instream appropriations, as defined in section 46-2,108, for recreation, fish, and wildlife should consider preferences among different uses and that all appropriations should consider the possible legal relationship between surface water and ground water. Thus the Legislature finds that, since such issues have not been fully considered, the Director of Water Resources shall not grant any permit to appropriate water, except as specified in subsection (2) of this section, before January 1, 1997, for any application pending on or filed after the effective date of this act.

(2) The Director of Water Resources may grant applications for appropriations for flood control or sediment control structures which have a permanent impounding capacity that does not exceed twenty acre-feet, applications for temporary appropriations for public construction that are five cubic feet per second or less, or applications by public water suppliers for induced ground water recharge appropriations pursuant to sections 46-233 to 46-238.

Sec. 4. Section 46-663, Reissue Revised Statutes of Nebraska, is amended to read:

46-663. Regardless of whether or not any portion of a district has been designated as a control area, management area, or special ground water quality protection area, in order to administer and enforce the Nebraska Ground Water Management and Protection Act and to effectuate the policy of the state to conserve ground water resources, a district may:

(1) Adopt and promulgate rules and regulations necessary to discharge the administrative duties assigned in the act;

(2) Require such reports from ground water users as may be necessary;

(3) Require meters to be placed on any water wells for the purpose of acquiring water use data;

(4) Conduct investigations and cooperate or contract with agencies of the United States, agencies or political subdivisions of this state, public or private corporations, or any association or individual on any matter relevant to the administration of the act;

~~(4)~~ (5) Report to and consult with the Department of Environmental Quality on all matters concerning the entry of contamination or contaminating materials into ground water supplies; and

~~(5)~~ (6) Issue cease and desist orders, following ten days' notice to the person affected stating the contemplated action and in general the grounds for the action and following reasonable opportunity to be heard, to enforce any of the provisions of the act or of orders or permits issued pursuant to the act, to initiate suits to enforce the provisions of orders issued pursuant to the act, and to restrain the construction of illegal water wells or the withdrawal or use of water from illegal water wells.

Sec. 5. Section 46-1405, Revised Statutes Supplement, 1994, is amended to read:

46-1405. ~~(1)~~ Any natural resources district cost-sharing program for decommissioning illegal water wells may qualify for funding pursuant to section 46-1404 if the program:

~~(a)~~ (1) Applies only to water wells properly decommissioned by licensed water well contractors and pump installation contractors;

~~(b)~~ (2) Applies to all water wells in the district;

~~(c)~~ (3) Is available for at least thirty water wells per year; and

~~(d)~~ (4) Provides at least seventy-five percent of the costs of decommissioning, up to a maximum of three hundred dollars for all water wells other than hand-dug water wells which shall be eligible for up to a maximum of seven hundred dollars.

~~(2) As part of the application for cost sharing, the applicant shall provide the district with a copy of the notice required by section 46-602 which includes a notarized affidavit of the person decommissioning the water well. The affiant shall verify that the water well was decommissioned in accordance with state law, standards, rules, and regulations and using the materials described in the notice. Any person filing a false affidavit shall be guilty of making a false statement under oath or equivalent affirmation pursuant to section 28-915.01.~~

Sec. 6. Original sections 46-235.04, 46-613, and 46-663, Reissue Revised Statutes of Nebraska, and section 46-1405, Revised Statutes Supplement, 1994, are repealed.

Sec. 7. Since an emergency exists, this act takes effect when passed and approved according to law.".

"Sec. 11. Section 60-4,118, Revised Statutes Supplement, 1994, is amended to read:

60-4,118. (1) No operator's license shall be granted to any applicant until such applicant satisfies the examiner that he or she possesses sufficient powers of eyesight to enable him or her to obtain a Class O license and to operate a motor vehicle on the highways of this state with a reasonable degree of safety. The Department of Motor Vehicles, with the advice of the Health Advisory Board, shall adopt and promulgate rules and regulations:

(a) Requiring a minimum acuity level of vision. Such level may be obtained through the use of standard eyeglasses, contact lenses, or bioptic or telescopic lenses which are specially constructed vision correction devices which include a lens system attached to or used in conjunction with a carrier lens; and

(b) Requiring a minimum field of vision. Such field of vision may be obtained through standard eyeglasses, contact lenses, or the carrier lens of the bioptic or telescopic lenses.

(2) If a vision aid is used by the applicant to meet the vision requirements of this section, the operator's license of the applicant shall be restricted to the use of such vision aid when operating the motor vehicle. If the applicant fails to meet the vision requirements, the examiner shall require the applicant to present an optometrist's or ophthalmologist's statement certifying the vision reading obtained when testing the applicant within ninety days of the applicant's license examination. If the vision reading meets the vision requirements prescribed by the department, the vision requirements of this section shall have been met.

(3) If the application for an operator's license discloses that the applicant for such license suffers from any other physical defect or defects of a character which may affect the safety of operation by such applicant of a motor vehicle, the examiner shall require the applicant to show cause why such license

should be granted and, through such personal examination and demonstration as may be prescribed by the director with the advice of the Health Advisory Board, to show the necessary ability to safely operate a motor vehicle on the highways. The director may also require the person to appear before the board or a designee of the board. If the examiner, board, or designee is then satisfied that such applicant has the ability to safely operate a motor vehicle, an operator's license may be issued to the applicant subject, at the discretion of the director, to a limitation to operate only such motor vehicles at such time, for such purpose, and within such area as the license shall designate.

(4)(a) The director may, when requested by any supervisory law enforcement officer, police chief, county sheriff, or his or her designee ~~a law enforcement officer~~, when the director has reason to believe that a person may be physically or mentally incompetent to operate a motor vehicle, or when a person's driving record appears to the department to justify an examination, request the advice of the Health Advisory Board and may give notice to the person to appear before an examiner, the board, or a designee of the director for examination concerning the person's ability to operate a motor vehicle safely.

(b) A refusal to appear before an examiner, the board, or a designee of the director for an examination after notice to do so shall be unlawful and shall result in the immediate cancellation of the person's operator's license by the director.

(c) If the person cannot qualify at the examination by an examiner, his or her operator's license shall be immediately surrendered to the examiner and forwarded to the director who shall cancel the person's operator's license.

(d) If in the opinion of the board the person cannot qualify at the examination by the board, the board shall advise the director. If the director determines after consideration of the advice of the board that the person lacks the physical or mental ability to operate a motor vehicle, the director shall notify the person in writing of the decision. Upon receipt of the notice, the person shall immediately surrender his or her operator's license to the director who shall cancel the person's operator's license.

(e) Refusal to surrender an operator's license on demand shall be unlawful, and any person failing to surrender his or her operator's license as required by this subsection shall be guilty of a Class III misdemeanor.

(5) No operator's license referred to in this section shall, under any circumstances, be issued to any person who has not attained the age of sixteen years, but upon application therefor and proof of age in the manner provided in section 60-484, any such person may take the examination required by this section at any time within sixty days prior to his or her sixteenth birthday.

(6)(a) Upon receipt of a certified copy of a court order issued pursuant to section 60-6,211.05 and of sufficient evidence that the defendant has surrendered his or her operator's license to the department and installed an approved ignition interlock device in accordance with such court order and upon payment by the defendant of the fee provided in section 60-4,115, the director shall issue to the defendant a Class O license restricted to the operation of a motor vehicle equipped with an ignition interlock device.

(b) Upon expiration of the court order issued pursuant to section 60-6,211.05, the defendant may apply to the department in writing for issuance of an operator's license which does not contain such restriction. If the license surrendered by the defendant under subdivision (a) of this subsection has not expired, the director shall return such license to the defendant. If such license has expired, the defendant shall reapply for an operator's license pursuant to the Motor Vehicle Operator's License Act.".

Otherwise the transferor shall file a claim for refund with the county assessor upon a form prescribed by the Auditor of Public Accounts.

(Amendments to Standing Committee amendments, AM0475)

1. On page 1, line 4, strike "7" and insert "9"; and strike lines 6 through 24 and insert the following:

"XVIII-1 'The first power reserved by the people is the initiative by which laws may be enacted and constitutional amendments adopted by the people independently of the Legislature. To initiate the enactment of a law or the adoption of a constitutional amendment, a petition shall be circulated which contains the entire proposed law or constitutional amendment. The petition shall be filed with the Secretary of State. If the petition is signed by the required number of registered voters appropriately distributed, the Secretary of State shall submit the proposed law or constitutional amendment to the electors of the state at the first general election held not less than four months after the petition is filed. The required number of signatures for a law is at least seven percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition. The required number of signatures for a constitutional amendment is at least ten percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition. The distribution of the registered voters signing a petition for a law or a constitutional amendment shall include signatures equal in number to at least five percent of the number of votes cast for Governor at the general election next preceding the filing of the petition from each of at least two-fifths of the counties in the state.

The same measure, either in form or in essential substance, shall not be submitted to the people by initiative petition, either affirmatively or negatively, more often than once in three years. If conflicting measures submitted to the people at the same election are approved, the one receiving the highest number of affirmative votes shall become law as to all conflicting provisions. The constitutional limitations as to the scope and subject matter of statutes enacted by the Legislature shall apply to those enacted by the initiative.'

XVIII-2 'The second power reserved by the people is the referendum which may be invoked by petition against any act or part of an act of the Legislature, except those making appropriations for the expense of the state government or a state institution existing at the time of the passage of such act. To refer an act or part of an act of the Legislature, a petition shall be circulated which sets out the title of the act against which the referendum is invoked and, if only a portion of the act is sought to be referred, the number of the section or sections or portion of sections of the act designating such portion. The petition shall be filed with the Secretary of State within ninety days after the Legislature at which the act sought to be referred was passed has adjourned sine die or for more than ninety days. If the petition is signed by the required number of registered voters appropriately distributed, the Secretary of State shall refer the act or the part of the act to the electors for approval or rejection at the first general election to be held not less than thirty days after the filing of the petition. The required number of signatures is at least five percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition. The distribution of the registered voters signing a referendum petition shall include signatures equal in number to at least five percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition from each of at least two-fifths of the counties in the state.

When the referendum is invoked as to any act or part of act, other than emergency acts or those for the immediate preservation of the public peace, health, or safety, by petition signed by registered voters equal in number to at least ten percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition, distributed so as to include signatures equal in number to at least five percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition from each of at least two-fifths of the counties in the state, it shall suspend the taking effect of such act or part of act until the same has been approved by the electors of the state.'

XVIII-3 'The veto power of the Governor shall not extend to measures initiated by or referred to the people.

A measure initiated shall become a law or part of this Constitution, as the case may be, when a majority of the votes cast on the measure, and not less than thirty-five percent of the total vote cast at the election at which the measure was submitted, are cast in favor of the measure, and the measure shall take effect upon proclamation by the Governor which shall be made within ten days after the official canvass of the votes. The vote upon initiative and referendum measures shall be returned and canvassed in the manner prescribed for the canvass of votes for president.

The method of submitting and adopting amendments to this Constitution provided by this section shall be supplementary to the method prescribed in Article XVI of this Constitution, entitled, "Amendments" and the latter shall not be construed to conflict with the provisions relating to initiative and referendum. The provisions with respect to the initiative and referendum shall be self-executing, but legislation may be enacted to facilitate their operation. Initiative and referendum measures shall be submitted in a nonpartisan manner and without any indication or suggestion on the ballot that they have been approved or endorsed by any political party or organization. Only the title or proper descriptive words of measures shall be printed on the ballot, and when two or more measures have the same title, they shall be numbered consecutively in the order of filing with the Secretary of State and the number shall be followed by the name of the first petitioner on the corresponding petition.'

XVIII-4 'The provisions of Article XVIII, sections 1 through 3, of this Constitution terminate on January 1, 1999, but are applicable to initiative and referendum measures filed with the Secretary of State before such date.'

XVIII-5 'The Legislature wishes to provide an alternative procedure for initiative and referendum measures in Article XVIII, sections 6 through 8, of this Constitution that provides different requirements when volunteer uncompensated circulators are utilized. The Legislature recognizes that uncertainty exists in the constitutional validity of Article XVIII, sections 6 through 8, of this Constitution and wants to provide time for court review. The Legislature therefore has delayed the operative date of Article XVIII, sections 6 through 8, of this Constitution. If Article XVIII, sections 6 through 8, of this Constitution are held to be unconstitutional in whole or in part by the Nebraska Supreme Court or the United States Supreme Court, upon the date of the court's opinion the provisions of Article XVIII, sections 1 through 3, of this Constitution shall not terminate and shall continue in effect.'

XVIII-6 'The first power reserved by the people is the initiative by which laws may be enacted and constitutional amendments adopted by the people independently of the Legislature. This power may be invoked by petition wherein the proposed measure shall be set forth at length. If the petition is for the enactment of a law, it shall be signed by registered voters of the state equal in number to at least twelve percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition. If the petition is for the amendment of this Constitution, the petition shall be signed by registered voters equal in number to at least eighteen percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition. The distribution of the registered voters signing a petition for a law or a constitutional amendment shall include signatures equal in number to at least five percent of the number of votes cast for Governor at the general election next preceding the filing of the petition from each of at least two-fifths of the counties in the state, and when thus signed, the petition shall be filed with the Secretary of State who shall submit the measure thus proposed to the electors of the state at the first general election held not less than four months after such petition has been filed. The same measure, either in form or in essential substance, shall not be submitted to the people by initiative petition, either affirmatively or negatively, more often than once in three years. If conflicting measures submitted to the people at the same election are approved, the one receiving the highest number of affirmative votes shall become law as to all conflicting provisions. The constitutional limitations as to the scope and subject matter of statutes enacted by the Legislature shall apply to those enacted by the initiative. The special challenges of relying solely on volunteer uncompensated petition circulators is explicitly recognized. To accommodate these special challenges, petition signatures gathered by volunteer uncompensated circulators shall be granted a tabulation bonus of one additional signature counted for each valid signature submitted. For purposes of this section, volunteer uncompensated circulator means a person who does not receive compensation for collecting signatures other than reimbursement for travel and meals.'

XVIII-7 'The second power reserved by the people is the referendum which may be invoked by petition against any act or part of an act of the Legislature, except those making appropriations for the expense of the state government or a state institution existing at the time of the passage of such act. Petitions invoking the referendum shall be signed by registered voters of the state equal in number to at least ten percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition, distributed as required for initiative petitions, and filed in the office of the Secretary of State within ninety days after the Legislature at which the act sought to be referred was passed has adjourned sine die or for more than ninety days. Such petition shall set out the title of the act against which the referendum is invoked and, in addition thereto, when only a portion of the act is sought to be referred, the number of the section or sections or portion of sections of the act designating such portion. When the referendum is thus invoked, the Secretary of State shall refer the same to the electors for approval or rejection at the first general election held not less than thirty days after the filing of such petition.

When the referendum is invoked as to any act or part of an act, other than emergency acts or those for the immediate preservation of the public peace, health, or safety, by petition signed by registered voters of the state equal in number to at least eighteen percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition, it shall suspend the taking effect of such act or part of act until the same has been approved by the electors of the state. The special challenges of relying solely on volunteer uncompensated petition circulators is explicitly recognized. To accommodate these special challenges, petition signatures gathered by volunteer uncompensated circulators shall be granted a tabulation bonus of one additional signature counted for each valid signature submitted. For purposes of this section, volunteer uncompensated circulator means a person who does not receive compensation for collecting signatures other than reimbursement for travel and meals.'

XVIII-8 'The veto power of the Governor shall not extend to measures initiated by or referred to the people.

A measure initiated shall become a law or part of this Constitution, as the case may be, when a majority of the votes cast on the measure, and not less than thirty-five percent of the total vote cast at the election at which the measure was submitted, are cast in favor of the measure, and the measure shall take effect upon proclamation by the Governor which shall be made within ten days after the official canvass of such votes. State and the number shall be followed by the name of the first petitioner on the corresponding petition.'

XVIII-9 'Except as provided in Article XVIII, section 5, of this Constitution, the provisions of Article XVIII, sections 6 through 8, of this Constitution become operative on January 1, 1999, and apply to initiative and referendum measures filed with the Secretary of State on or after such date.'.".

"Sec. 25. Section 43-107, Reissue Revised Statutes of Nebraska, is amended to read:

43-107. (1)(a) For adoption placements occurring or in effect prior to January 1, 1994, upon the filing of a petition for adoption, the county judge shall, except in the adoption of children by stepparents when the requirement of an investigation is discretionary, request the Department of Social Services or any child placement agency licensed by the department to examine into the allegations set forth in the petition and to ascertain any other facts relating to such minor child and the person or persons petitioning to adopt such child as may be relevant to the propriety of such adoption, except that the county judge shall not be required to request such an examination if the judge determines that information compiled in a previous examination or study is sufficiently current and comprehensive. Upon the request being made, the Department of Social Services or other licensed agency shall conduct an investigation and report its findings to the county judge in writing at least one week prior to the date set for hearing.

(b)(i) For adoption placements occurring on or after January 1, 1994, upon the filing of a petition for adoption, a preplacement adoptive home study shall be filed with the county court, which study is completed by the department, ~~or~~ a licensed child placement agency, or a certified master social worker within one year before the date on which the adoptee is placed with the petitioner or petitioners and indicates that the placement of a child for the purpose of adoption would be appropriate.

(ii) An adoptive home study shall not be required when the petitioner is a stepparent of the adoptee unless required by the court, except that for petitions filed on or after January 1, 1994, the county judge shall order the petitioner or his or her attorney to request the Nebraska State Patrol to file a Nebraska criminal history record information check and to request the department to conduct and file a check of the central register created in section 28-718 for any history of the petitioner of behavior injurious to or which may endanger the health or morals of a child. An adoption decree shall not be issued until such records are on file with the court. The petitioner shall pay the cost of the Nebraska criminal history record information check and the check of the central register.

(iii) The placement of a child for foster care made by or facilitated by the department or a licensed child placement agency in the home of a person who later petitions the court to adopt the child shall be exempt from the requirements of a preplacement adoptive home study. The petitioner or petitioners who meet such criteria shall have a postplacement adoptive home study completed by the department, ~~or~~ a licensed child placement agency, or a certified master social worker and filed with the county court at least one week prior to the hearing for adoption.

(iv) A voluntary placement for purposes other than adoption made by a parent or guardian of a child without assistance from an attorney, physician, or other individual or agency which later results in a petition for the adoption of the child shall be exempt from the requirements of a preplacement adoptive home study. The petitioner or petitioners who meet such criteria shall have a postplacement adoptive home study completed by the department, ~~or~~ a licensed child placement agency, or a certified master social worker and filed with the county court at least one week prior to the hearing for adoption.

(v) Any adoptive home study required by this section shall be conducted by the department, ~~or~~ a licensed child placement agency, or certified master social worker at the expense of the petitioner or petitioners unless such expenses are waived by the department or licensed child placement agency. The department, ~~or~~ licensed agency, or certified master social worker shall determine the fee or rate for the adoptive home study.

(vi) The preplacement or postplacement adoptive home study shall be performed as prescribed in rules and regulations of the department and shall include at a minimum an examination into the facts relating to the petitioner or petitioners as may be relevant to the propriety of such adoption. Such rules and regulations shall require an adoptive home study to include a Nebraska criminal history record information check and a check of the central register created in section 28-718 for any history of the petitioner or petitioners of behavior injurious to or which may endanger the health or morals of a child.

(2) Upon the filing of a petition for adoption, the county judge shall require that a complete medical history be provided on the child, except that in the adoption of a child by a stepparent the provision of a medical history shall be discretionary. A medical history shall be provided, if available, on the biological mother and father and their biological families, including, but not limited to, siblings, parents, grandparents, aunts, and uncles, unless the child is foreign born or was abandoned. The medical history or histories shall be reported on a form provided by the Bureau of Vital Statistics and filed along with the report of adoption as provided by section 71-626. If the medical history or histories do not accompany the report of adoption, the Bureau of Vital Statistics shall inform the county court and the State Court Administrator. The medical history or histories shall be made part of the court record. AM1292

(Amendments to Standing Committee amendments, AM0475)

1. On page 1, line 4, strike "7" and insert "9"; and strike lines 6 through 24 and insert the following:

"XVIII-1 'The first power reserved by the people is the initiative by which laws may be enacted and constitutional amendments adopted by the people independently of the Legislature. To initiate the enactment of a law or the adoption of a constitutional amendment, a petition shall be circulated which contains the entire proposed law or constitutional amendment. The petition shall be filed with the Secretary of State. If the petition is signed by the required number of registered voters appropriately distributed, the Secretary of State shall submit the proposed law or constitutional amendment to the electors of the state at the first general election held not less than four months after the petition is filed. The required number of signatures for a law is at least seven percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition. The required number of signatures for a constitutional amendment is at least ten percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition. The distribution of the registered voters signing a petition for a law or a constitutional amendment shall include signatures equal in number to at least five percent of the number of votes cast for Governor at the general election next preceding the filing of the petition from each of at least two-fifths of the counties in the state.

The same measure, either in form or in essential substance, shall not be submitted to the people by initiative petition, either affirmatively or negatively, more often than once in three years. If conflicting measures submitted to the people at the same election are approved, the one receiving the highest number of affirmative votes shall become law as to all conflicting provisions. The constitutional limitations as to the scope and subject matter of statutes enacted by the Legislature shall apply to those enacted by the initiative.'

XVIII-2 'The second power reserved by the people is the referendum which may be invoked by petition against any act or part of an act of the Legislature, except those making appropriations for the expense of the state government or a state institution existing at the time of the passage of such act. To refer an act or part of an act of the Legislature, a petition shall be circulated which sets out the title of the act against which the referendum is invoked and, if only a portion of the act is sought to be referred, the number of the section or sections or portion of sections of the act designating such portion. The petition shall be filed with the Secretary of State within ninety days after the Legislature at which the act sought to be referred was passed has adjourned sine die or for more than ninety days. If the petition is signed by the required number of registered voters appropriately distributed, the Secretary of State shall refer the act or the part of the act to the electors for approval or rejection at the first general election to be held not less than thirty days after the filing of the petition. The required number of signatures is at least five percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition. The distribution of the registered voters signing a referendum petition shall include signatures equal in number to at least five percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition from each of at least two-fifths of the counties in the state.

When the referendum is invoked as to any act or part of act, other than emergency acts or those for the immediate preservation of the public peace, health, or safety, by petition signed by registered voters equal in number to at least ten percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition, distributed so as to include signatures equal in number to at least five percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition from each of at least two-fifths of the counties in the state, it shall suspend the taking effect of such act or part of act until the same has been approved by the electors of the state.'

XVIII-3 'The veto power of the Governor shall not extend to measures initiated by or referred to the people.

A measure initiated shall become a law or part of this Constitution, as the case may be, when a majority of the votes cast on the measure, and not less than thirty-five percent of the total vote cast at the election at which the measure was submitted, are cast in favor of the measure, and the measure shall take effect upon proclamation by the Governor which shall be made within ten days after the official canvass of the votes. The vote upon initiative and referendum measures shall be returned and canvassed in the manner prescribed for the canvass of votes for president.

The method of submitting and adopting amendments to this Constitution provided by this section shall be supplementary to the method prescribed in Article XVI of this Constitution, entitled, "Amendments" and the latter shall not be construed to conflict with the provisions relating to initiative and referendum. The provisions with respect to the initiative and referendum shall be self-executing, but legislation may be enacted to facilitate their operation. Initiative and referendum measures shall be submitted in a nonpartisan manner and without any indication or suggestion on the ballot that they have been approved or endorsed by any political party or organization. Only the title or proper descriptive words of measures shall be printed on the ballot, and when two or more measures have the same title, they shall be numbered consecutively in the order of filing with the Secretary of State and the number shall be followed by the name of the first petitioner on the corresponding petition.'

XVIII-4 'The provisions of Article XVIII, sections 1 through 3, of this Constitution terminate on January 2, 1999, but are applicable to initiative and referendum measures filed with the Secretary of State before such date.'

XVIII-5 'The Legislature wishes to provide an alternative procedure for initiative and referendum measures in Article XVIII, sections 6 through 8, of this Constitution that provides different requirements when volunteer uncompensated circulators are utilized. The Legislature recognizes that uncertainty exists in the constitutional validity of Article XVIII, sections 6 through 8, of this Constitution and wants to provide time for court review. The Legislature therefore has delayed the operative date of Article XVIII, sections 6 through 8, of this Constitution. If Article XVIII, sections 6 through 8, of this Constitution are held to be unconstitutional in whole or in part by the Nebraska Supreme Court or the United States Supreme Court, upon the date of the court's opinion the provisions of Article XVIII, sections 1 through 3, of this Constitution shall not terminate and shall continue in effect.'

XVIII-6 'The first power reserved by the people is the initiative by which laws may be enacted and constitutional amendments adopted by the people independently of the Legislature. This power may be invoked by petition wherein the proposed measure shall be set forth at length. If the petition is for the enactment of a law, it shall be signed by registered voters of the state equal in number to at least twelve percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition. If the petition is for the amendment of this Constitution, the petition shall be signed by registered voters equal in number to at least eighteen percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition. The distribution of the registered voters signing a petition for a law or a constitutional amendment shall include signatures equal in number to at least five percent of the number of votes cast for Governor at the general election next preceding the filing of the petition from each of at least two-fifths of the counties in the state, and when thus signed, the petition shall be filed with the Secretary of State who shall submit the measure thus proposed to the electors of the state at the first general election held not less than four months after such petition has been filed. The same measure, either in form or in essential substance, shall not be submitted to the people by initiative petition, either affirmatively or negatively, more often than once in three years. If conflicting measures submitted to the people at the same election are approved, the one receiving the highest number of affirmative votes shall become law as to all conflicting provisions. The constitutional limitations as to the scope and subject matter of statutes enacted by the Legislature shall apply to those enacted by the initiative. The special challenges of relying solely on volunteer uncompensated petition circulators is explicitly recognized. To accommodate these special challenges, petition signatures gathered by volunteer uncompensated circulators shall be granted a tabulation bonus of one additional signature counted for each valid signature submitted. For purposes of this section, volunteer uncompensated circulator means a person who does not receive compensation for collecting signatures other than reimbursement for travel and meals.'

XVIII-7 'The second power reserved by the people is the referendum which may be invoked by petition against any act or part of an act of the Legislature, except those making appropriations for the expense of the state government or a state institution existing at the time of the passage of such act. Petitions invoking the referendum shall be signed by registered voters of the state equal in number to at least ten percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition, distributed as required for initiative petitions, and filed in the office of the Secretary of State within ninety days after the Legislature at which the act sought to be referred was passed has adjourned sine die or for more than ninety days. Such petition shall set out the title of the act against which the referendum is invoked and, in addition thereto, when only a portion of the act is sought to be referred, the number of the section or sections or portion of sections of the act designating such portion. When the referendum is thus invoked, the Secretary of State shall refer the same to the electors for approval or rejection at the first general election held not less than thirty days after the filing of such petition.

When the referendum is invoked as to any act or part of an act, other than emergency acts or those for the immediate preservation of the public peace, health, or safety, by petition signed by registered voters of the state equal in number to at least eighteen percent of the number of votes which were cast for Governor at the general election next preceding the filing of the petition, it shall suspend the taking effect of such act or part of act until the same has been approved by the electors of the state. The special challenges of relying solely on volunteer uncompensated petition circulators is explicitly recognized. To accommodate these special challenges, petition signatures gathered by volunteer uncompensated circulators shall be granted a tabulation bonus of one additional signature counted for each valid signature submitted. For purposes of this section, volunteer uncompensated circulator means a person who does not receive compensation for collecting signatures other than reimbursement for travel and meals.'

XVIII-8 'The veto power of the Governor shall not extend to measures initiated by or referred to the people.

A measure initiated shall become a law or part of this Constitution, as the case may be, when a majority of the votes cast on the measure, and not less than thirty-five percent of the total vote cast at the election at which the measure was submitted, are cast in favor of the measure, and the measure shall take effect upon proclamation by the Governor which shall be made within ten days after the official canvass of such votes. XVIII-9 'Except as provided in Article XVIII, section 5, of this Constitution, the provisions of Article XVIII, sections 6 through 8, of this Constitution become operative on January 2, 1999, and apply to initiative and referendum measures filed with the Secretary of State on or after such date.'.".

2. Strike pages 2 through 8.

3. On page 9, strike lines 1 and 2; and strike beginning with "an" in line 10 through "unconstitutional" in line 13 and insert "a separate alternative system for initiative and referendum measures that changes the number of signatures needed when volunteer uncompensated circulators are utilized".

AM1313

(Amendments to Standing Committee amendments, AM0869)

1. Insert the following new sections:

"Section 1. The State Board of Education, with the assistance of the State Department of Education, shall review existing rules and regulations relating to special education as defined in section 79-3314. All rules or regulations, or portions thereof, not required by state law, federal law, or federal regulation shall be repealed or modified, so that the rules and regulations do not require any action by school districts, educational service units, or approved cooperatives that is not required by state law, federal law, or federal regulation. The State Board of Education shall report to the Committee on Education of the Legislature by November 1, 1995, with preliminary recommendations for state laws that should be repealed, modified, or retained to reduce restrictions on school districts, educational service units, or approved cooperatives in the provision of special education services and programs. The board shall complete its duties under this section and report to the Committee on Education of the Legislature with final recommendations by November 1, 1996. The State Board of Education and the State Department of Education shall strengthen their roles in facilitating the effective and efficient delivery of quality special education services with an emphasis on technical assistance.

Sec. 2. (1) The Legislature finds that the funding system for special education programs shall be neutral as to identification and programming of services for students with unique needs. Further, the Legislature finds that programs for students with unique needs shall be, consistent with sound education practice, preventative and integrated with regular education services. Services for students with unique needs shall be driven by student and family needs rather than state funding formulas.

(2) It is the intent of the Legislature that, beginning with school year 1997-98, there shall be implemented a block grant system to replace the existing excess cost reimbursement provisions for the funding of special education programs offered by school districts, educational service units, and approved cooperatives.

To the extent possible, the block grant system shall be identification and program neutral, assure that adequate resources are available to meet unique needs of students, and provide for equity in services to students regardless of the district in which students reside. State funding shall be made available to meet the unique needs of students without the requirement that students be identified and verified.

(3) The Legislature recognizes that the shift from an excess cost reimbursement funding formula to a block grant formula for special education raises several issues which demand further examination and public discussion prior to implementation, including: (a) How to establish the basis for distribution of the block grants; (b) how to provide for the financial support of students with extremely disabling conditions and extraordinary needs which result in high costs to school districts beyond the districts' ability to reasonably provide for services utilizing block grant support and local resources; (c) how to establish the proper funding level for the block grants; (d) how to assure that funding for special education is maintained at the same levels of growth or decline as funding levels of general education; (e) how to establish educational practices for delivery of quality services; (f) how block grant funding should be integrated with general state aid to be consistent with the principles of student and taxpayer equity underlying the state's equalization aid program; (g) how to phase in block grant funding to minimize financial impacts on school districts; (h) how accountability for appropriate educational needs shall be established for school districts, educational service units, or approved cooperatives to qualify for block grant funding; and (i) how the State Department of Education can integrate the administration of block grant funding to eliminate duplication in aid payments, accounting, and reporting of expenditures. It is the intent of the Legislature that these issues shall be addressed jointly through active collaboration of the Special Education Accountability Commission, the School Finance Review Committee, the State Department of Education, and the Education Committee of the Legislature.

Sec. 5. Section 79-3366, Reissue Revised Statutes of Nebraska, is amended to read:

79-3366. There is hereby created the Special Education Accountability Commission. The commission shall consist of ~~thirteen~~ fifteen members as follows: One representative from the Governor's office, one public school classroom teacher not in special education, one public school special education teacher, one administrator or administrative staff member not involved in special education, ~~one~~ two special education ~~administrator~~ administrators or administrative staff ~~member~~ members, two parents, one representative of postsecondary special education, one school district business manager, one school board member, and four representatives not directly related to the administration, delivery, or receipt of special education services, all appointed by the Governor with the consent of a majority of the Legislature upon the recommendations of associations and organizations representing parents, teachers, school administrators, and school board members. Members ~~shall be~~ appointed before the effective date of this act ~~no later than September 1, 1993, and~~ shall serve for one three-year term. Members appointed after the effective date of this act shall serve terms which terminate on the date the term of the three-year members terminates. A vacancy shall be filled by the Governor for the remainder of the term. Members shall be reimbursed for their actual and necessary expenses as provided in sections 81-1174 to 81-1177.

Sec. 6. Section 79-3368, Reissue Revised Statutes of Nebraska, is amended to read:

79-3368. (1) The Special Education Accountability Commission shall develop an accountability system which adequately measures efficiency and effectiveness of special education programs in a cost-effective manner. The commission shall:

(a) Review all applicable federal and state laws;

(b) Examine the funding mechanism, address issues, and make recommendations relating to the mechanics for implementation of a block grant funding system as described in section 2 of this act, or in the alternative make recommendations for a funding system which will accomplish the goals stated by the Legislature in the findings contained in section 2 of this act. In making such recommendations the commission shall actively collaborate with the members and staff of the School Finance Review Committee and the State Department of Education;

(c) Review any regulatory or procedural changes to determine compatibility with existing law, fiscal impact, and impact on student outcomes;

(d) Review findings of previous committees which have conducted similar studies; and

(e) ~~Develop~~ Address issues and make recommendations for accountability measures for special education, including recommendations for (i) broad frameworks for special education program standards; ~~(f) Establish~~ (ii) a system for assessing student outcomes; and ~~(g) Focus efforts on the establishment of~~ (iii) a system for management and monitoring of special education costs and their impact on total education costs. The commission shall also make recommendations for an accountability report which will describe the services provided to students with unique needs and the impacts of those services in the education and post-education performance of such students. Such report shall be incorporated into the State Department of Education data systems and integrated with any accountability measures or student assessment system recommended by the Nebraska Schools Accountability Commission and implemented by the State Department of Education. ~~; and~~

~~(h) Select~~ (2)(a) The commission shall select demonstration sites for the purpose of pilot implementation of program models which can document cost containment while maintaining appropriate services to children with disabilities. Demonstration sites shall be exempt from the provisions of the Special Education Act but shall comply with the federal Individuals with Disabilities Education Act, as amended, 20 U.S.C. 1400 et seq. The State Board of Education may also waive the application of any provision in its rules and regulations adopted and promulgated under Chapter 79 when application of such provisions would directly limit the ability of the pilot program to accomplish its stated goals. The commission shall assist the ~~The~~ State Department of Education in monitoring and evaluating ~~shall monitor~~ each demonstration site to determine how such site would differ if it were not exempt from the Special Education Act and the rules and regulations adopted and promulgated under Chapter 79 and waived pursuant to this section.

(b) In lieu of any payments or reimbursement from the State Department of Education authorized pursuant to sections 79-3325, 79-3332, 79-3333, and 79-3335, school districts, educational service units, or cooperatives of school districts operating demonstration sites may, upon the approval of the commission, receive from the State Department of Education a special needs block grant for support of an approved pilot program of up to the amount it received as special education payments or reimbursement for the prior school year plus an additional amount based on the percentage increase in the general fund budget of expenditures of the school district, educational service unit, or cooperative of school districts for the ensuing school year. Costs of the pilot programs shall be considered as allowable costs, upon approval of the commission, and shall be included in the final financial report of school districts, educational service units, or cooperatives of school districts for purposes of reimbursement of district, educational service unit, or cooperative programs in subsequent years. Pilot programs may include a portion or all of the students with disabilities served at a demonstration site. If a portion of the students are included in the pilot program, the total block grant shall reflect only the proportion of students included compared to the total costs of the program for all students served at the demonstration site.

(3) ~~(2)~~ The commission shall annually report its activities and recommendations to the ~~Education~~ Committee on Education of the Legislature, the ~~Appropriations~~ Committee on Appropriations of the Legislature, and the State Board of Education and shall make its final report on or before September 1, 1996. The ~~, except that~~ initial recommendations for statutory or procedural changes in the funding mechanism shall be made on or before November 1, 1994. The second report shall include any preliminary recommendations regarding the implementation of a block

grant or alternative funding system as described in section 2 of this act and subsection (1) of this section and shall be due December 1, 1995. The final report shall include the commission's evaluation of pilot programs, recommended legislation to implement a block grant or alternative funding system as described in section 2 of this act and subsection (1) of this section, and recommendations for accountability measures for special education.

Sec. 7. Sections 3 and 4 of this act and sections 79-3333, 79-3335, and 79-3336, terminate on August 31, 1997.

Sec. 8. If any section in this act or any part of any section is declared invalid or unconstitutional, the declaration shall not affect the validity or constitutionality of the remaining portions.".

Except as otherwise provided in section 75-121 and except for good cause shown, a decision of the commission shall be made and filed within thirty days after completion of the hearing or after submission of affidavits in nonhearing proceedings.

(2) Applications for commission approval of specific new rates or charges or changes in existing rates or charges for telephone service which have not been heard and determined within six months and thirty days from the date the application was filed may be put into effect by the common carrier, in an amount not to exceed seventy-five percent of the total amount of the application, subject to refund of any amount collected in excess of the amount which would have been collected under the new or changed rates or charges as finally approved by the commission. (5) The review provided by this section shall not be available in any case when other provisions of law prescribe the method of appeal.

Sec. 18. (1) In addition to other penalties and relief provided by law, the Public Service Commission may assess a civil penalty of up to five thousand dollars against any person, motor carrier, regulated motor carrier, common carrier, or contract carrier for the violation of (a) any provision of Chapter 75, article 3, sections 30 to 32, 44, and 45 of this act, or section 75-126 as such section applies to any person or carrier specified in Chapter 75, article 3, and sections 30 to 32, 44, and 45 of this act, (b) any term, condition, or limitation of any certificate or permit issued pursuant to Chapter 75, article 3, and sections 30 to 32, 44, and 45 of this act, or (c) any rule, regulation, or order of the commission issued pursuant to Chapter 75, article 3, and sections 30 to 32, 44, and 45 of this act. The amount of the civil penalty assessed in each case shall be based on the severity of the violation charged. The commission may compromise or mitigate any penalty prior to hearing if all parties agree. In determining the amount of the penalty, the commission shall consider the appropriateness of the penalty in light of the gravity of the violation and the good faith of the violator in attempting to achieve compliance after notification of the violation is given.

(2) Upon notice and hearing in accordance with this section and section 19 of this act, the commission may enter an order assessing a civil penalty of up to one hundred dollars against any person, firm, partnership, corporation, cooperative, or association for (a) the violation of any provision of sections 75-604 and 86-805 or (b) failure to file an annual report as required by section 75-116 and as prescribed by commission rules and regulations. Each day during which the violation continues after the commission has issued an order finding that a violation has occurred constitutes a separate offense. Any party aggrieved by an order of the commission under this section has the rights of appeal set forth in section 75-136.01.

(3) When any person, motor carrier, regulated motor carrier, common carrier, or contract carrier is accused of any violation listed in subsection (1) of this section or when any

person, firm, partnership, corporation, cooperative, or association is accused of any violation listed in subsection (2) of this section, the commission shall notify such person or party in writing (a) setting forth the date, facts, and nature of each act or omission upon which each charge of a violation is based, (b) specifically identifying the particular statute, certificate, permit, rule, regulation, or order purportedly violated, (c) that a hearing will be held and the time, date, and place of the hearing, (d) that in addition to the civil penalty, the commission may enforce additional penalties and relief as provided by law, and (e) that upon failure to pay any civil penalty determined by the commission, the penalty may be collected by civil action in the district court of Lancaster County.

Sec. 19. Any hearing held pursuant to section 18 of this act shall be held pursuant to rules and regulations adopted and promulgated by the commission. Every decision and order rendered by the commission after the hearing is held shall be in writing and accompanied by findings of facts and conclusions of law. The decision or order shall be sent to the parties by certified or registered mail.

Sec. 20. A civil penalty assessed pursuant to section 18 of this act and unpaid shall constitute a debt to the State of Nebraska which may be collected in the manner of a lien foreclosure or sued for and recovered in a proper form of action in the name of the state in the district court of Lancaster County. Any civil penalty collected shall be transmitted within thirty days from receipt to the State Treasurer for credit to the permanent school fund.

75-304. In addition thereto, every motor carrier subject to sections 75-301 to ~~75-322.04~~ 75-322 shall pay an annual fee not exceeding the sum of twenty-five dollars for each motor vehicle operated, which fee shall be fixed by the commission and shall not exceed the amount actually necessary to sustain the administration and enforcement of such sections. When the applicant has registered his or her motor vehicles under section 60-305.09, such fee of twenty-five dollars shall be payable on whichever shall be the lesser of (1) the proportion of his or her fleet so registered or (2) the number of motor vehicles owned by him or her and actually used in intrastate business within this state, except that such annual fee for any truck-trailer or tractor-trailer combination shall be forty dollars. In the case of a truck-trailer or tractor-trailer combination, only one license plate shall be required for such combination. 1. Insert the following new section:

"Sec. 15. Section 60-6,298, Revised Statutes Supplement, 1994, is amended to read:

60-6,298. (1)(a) The Department of Roads or the Nebraska State Patrol, with respect to highways under its jurisdiction including the National System of Interstate and Defense Highways, and local authorities, with respect to highways under their jurisdiction, may in their discretion upon application and good cause being shown therefor issue a special permit or a continuous permit in writing authorizing the applicant or his or her designee:

(i) To operate or move a vehicle, a combination of vehicles, or objects of a size or weight of vehicle or load exceeding the maximum specified by law when such permit is necessary:

(A) To further the national defense or the general welfare;

(B) To permit movement of cost-saving equipment to be used in highway or other public construction or in agricultural land treatment; or

(C) Because of an emergency, an unusual circumstance, or a very special situation; ~~or~~

(ii) To operate vehicles, for a distance up to seventy miles, loaded up to fifteen percent greater than the maximum weight specified by law, up to ten percent greater than the maximum length specified by law, or both, when carrying grain or other seasonally harvested products from the field where such grain or products are harvested to storage, market, or stockpile in the field or from stockpile to market or factory when failure to move such grain or products in abundant quantities would cause an economic loss to the person or persons whose grain or products are being transported or when failure to move such grain or products in as large quantities as possible would not be in the best interests of the national defense or general welfare. Except for farm trucks as provided in subdivision (b) of this subsection, no permit shall authorize a weight greater than twenty thousand pounds on any single axle; or

(iii) To transport an implement of husbandry which does not exceed twelve and one-half feet in width during daylight hours, except the permit shall not allow transport on holidays.

(b) Any farm truck as defined in section 60-301 with not more than two axles may operate with a special permit for a distance of up to forty miles with an excess axle load of not more than five percent in excess of the maximum load permitted for a single axle by section 60-6,294 when such truck is being used for carrying grain or other seasonally harvested products from the field where such grain or products are harvested to storage, market, or stockpile in the field, except that such truck shall not operate on the National System of Interstate and Defense Highways.

(c) No permit shall be issued under subdivision (a)(i) of this subsection for a vehicle carrying a load unless such vehicle is loaded with an object which exceeds the size or weight limitations, which cannot be dismantled or reduced in size or weight without great difficulty, and which of necessity must be moved over the highways to reach its intended destination. No permit shall be required for the temporary movement on highways other than dustless-surfaced state highways and for necessary access to points on such highways during daylight hours of cost-saving equipment to be used in highway or other public construction or in agricultural land treatment when such temporary movement is necessary and for a reasonable distance.

(2) The application for any such permit shall specifically describe the vehicle, the load to be operated or moved, whenever possible the particular highways for which permit to operate is requested, and whether such permit is requested for a single trip or for continuous operation.

(3) The department or local authority is authorized to issue or withhold such permit at its discretion or, if such permit is issued, to limit the number of days during which the permit is valid, to limit the number of trips, to establish seasonal or other time limitations within which the vehicles described may be operated on the highways indicated, or to issue a continuing permit for use ~~only~~ on all highways, including ~~highways other than~~ the National System of Interstate and Defense Highways. The permits are subject ~~to a manufacturer or its carrier covering all similar vehicles or products produced by such manufacturer, subject~~ to reasonable conditions as to periodic renewal of such permit and as to operation or movement of such vehicles. The department or local authority may ~~, or to~~ otherwise limit or prescribe conditions of operation of such vehicle or vehicles, when necessary to assure against undue damage to the road foundations, surfaces, or

structures or undue danger to the public safety. The ~~, and the~~ department or local authority may require such undertaking or other security as may be deemed necessary to compensate for any injury to any roadway or road structure.

(4) Every such permit shall be carried in the vehicle to which it refers and shall be open to inspection by any peace officer, carrier enforcement officer, or authorized agent of any authority granting such permit. Each such permit shall state the maximum weight permissible on a single axle or combination of axles and the total gross weight allowed. No person shall violate any of the terms or conditions of such special permit. In case of any violation, the permit shall be deemed automatically revoked and the penalty of the original limitations shall be applied unless:

(a) The violation consists solely of exceeding the size or weight specified by the permit, in which case only the penalty of the original size or weight limitation exceeded shall be applied; or

(b) The total gross load is within the maximum authorized by the permit, no axle is more than ten percent in excess of the maximum load for such axle or group of axles authorized by the permit, and such load can be shifted to meet the weight limitations of wheel and axle loads authorized by such permit. Such shift may be made without penalty if it is made at the state or commercial scale designated in the permit. The vehicle may travel from its point of origin to such designated scale without penalty, and a scale ticket from such scale, showing the vehicle to be properly loaded and within the gross and axle weights authorized by the permit, shall be reasonable evidence of compliance with the terms of the permit.

(5) The department or local authority issuing a permit as provided in this section may adopt and promulgate rules and regulations with respect to the issuance of permits provided for in this section.

(6) The department shall make available applications for permits authorized pursuant to subdivisions (1)(a)(ii), (1)(a)(iii), and (1)(b) of this section in the office of each county treasurer. The department may make available applications for all other permits authorized by this section to the office of the county treasurer and may make available applications for all permits authorized by this section to any other location chosen by the department.

(7) The department or local authority issuing a permit may require a permit fee of not to exceed ten dollars, except that:

(a) The fee for a continuing permit may not exceed twenty-five dollars for a ninety-day period, fifty dollars for a one-hundred-eighty-day period, or one hundred dollars for a one-year period; and

(b) The fee for permits issued pursuant to subdivisions (1)(a)(ii) and (1)(b) of this section shall be twenty-five dollars for a thirty-day permit and fifty dollars for a sixty-day permit. Permits issued pursuant to such subdivisions shall be valid for thirty days or sixty days and shall be renewable for a total number of days not to exceed one hundred and twenty days per year.

46-231. Each appropriation shall be determined in its priority and amount by the time at which it is made and the amount of water which the works are constructed to carry. An appropriator shall at no time be entitled to the use of more than he or she can beneficially use for the purposes for which the appropriation has been made, and the amount of any appropriation made by means of enlargement of the distributing works shall be determined in like manner.

No allotment from the natural flow of streams for irrigation shall exceed one cubic foot per second of time for each seventy acres of land nor three acre-feet in the aggregate during one calendar year for each acre of land for which such appropriation shall have been made, and no allotment shall exceed the least amount of water that experience may indicate is necessary, in the exercise of good husbandry, for the production of crops. Such limitations shall not apply to storage waters or to water appropriations transferred pursuant to sections 2 to 4 and 6 to 8 of this act.

When storage water is being used in addition to the natural flow, the person in charge of the ditch or canal shall, upon his or her request and within twenty-four hours thereof, be notified in writing by the user of such storage waters of the time of withdrawal from natural streams to be distributed according to law.

When an appropriation is for irrigation purposes and the amount is so small that a proper distribution and application is impossible, as much water as the applicant can use without waste may be allotted for a limited time so fixed as to give each appropriator his or her just share without violating other rights, so long as the volume of water used in a twenty-four-hour period does not exceed the amount of water that would otherwise have been allowed at the approved fixed continuous rate for a twenty-four-hour period.".

Sec. 2. The Legislature finds and declares that:

(1) Community-based mental health services substantially enrich the lives of persons with mental illness and enable such persons to become more productive and involved members of society and the provision of such services supports the intent and purposes of the family policy objectives prescribed in sections 43-532 to 43-534;

(2) Rehabilitation and support services are needed in communities to provide persons disabled by severe and persistent mental illness with the opportunity for rehabilitation, housing, work, and supportive care;

(3) A supplemental program to the Nebraska Comprehensive Community Mental Health Services Act should be implemented to

provide incentives for the development of rehabilitation and support services;

(4) The Department of Public Institutions is the state mental health authority and is the primary state agency responsible for the planning and development of community-based rehabilitation and support mental health services in Nebraska. The Department of Social Services is the primary state medicaid authority. It is the intent of the Legislature that matching federal funds through the medicaid rehabilitation option will be used to develop middle-intensity, community-based services for Nebraskans with severe, persistent, and disabling psychiatric disorders;

(5) All available federal, state, and private resources, including specialized managed care for Nebraskans with severe, persistent, and disabling psychiatric disorders, should be effectively utilized; and

(6) Too few appropriately trained mental health professionals are available to meet the present and future needs of Nebraskans with severe, persistent, and disabling psychiatric disorders.

Sec. 3. For purposes of the Rehabilitation and Support Mental Health Services Incentive Act:

(1) Departments means the Department of Public Institutions and the Department of Social Services;

(2) Medicaid rehabilitation option means the agreement pursuant to federal law allowing matching federal funds to be available for middle-intensity, community-based services for Nebraskans with severe, persistent, and disabling psychiatric disorders;

(3) Mental health regions means the regions as defined in section 71-5002; and

(4) Rehabilitation and support services means services intended to provide persons disabled by severe and persistent mental illness and their families with the knowledge, skills, and support necessary to maximize independent functioning and participation in society and may include, but is not limited to, case management services, residential rehabilitation services, community-living services, residential support services, and vocational support services.

Sec. 4. The departments may enter into agreements with mental health regions, other public authorities, or private organizations to provide rehabilitation and support services, including sharing resources to provide the nonfederal matching funds for services provided pursuant to the medicaid rehabilitation option. State funds shall not be used for capital construction. When entering into agreements for the provision of rehabilitation and support services, the departments shall consider the availability of such services and the needs of persons within the area to be served. The Rehabilitation and Support Mental Health Services Incentive Act does not prevent the provision of similar services under authority of the Nebraska Comprehensive Community Mental Health Services Act.

Sec. 5. Persons receiving rehabilitation and support services pursuant to the Rehabilitation and Support Mental Health Services Incentive Act shall be charged fees in accordance with their ability to pay in the same manner and at the same rate as provided in section 71-5014.

Sec. 6. The departments shall require audits, reports, and plans as they deem necessary to supervise and monitor agreements made pursuant to the Rehabilitation and Support Mental Health Services Incentive Act. The departments shall provide accountability for all sources and expenditures of funds for all organizations receiving any funds under the act. The departments shall adopt and promulgate rules and regulations necessary to carry out the act.

Sec. 7. The Department of Social Services shall take all lawful actions which would provide medicaid funds for the support of both treatment for persons with mental illness and rehabilitation and support services. Any such funds made available will be used to fund contracts between the State of Nebraska and service providers (1) for providing treatment services in support of the provision of rehabilitation and support services under the Rehabilitation and Support Mental Health Services Incentive Act, (2) for the actual provision of rehabilitation and support services, and (3) for services under Title XX of the federal Social Security Act, as amended.

Sec. 8. The Department of Social Services, in consultation with the Department of Public Institutions, professional provider organizations, advocates, consumers, and families of persons with severe, persistent, and disabling psychiatric disorders, shall apply for and implement the federal medicaid rehabilitation option and apply for any necessary waivers of federal law, with the goal of providing more effective community-based services, preventing unnecessary and expensive hospitalization, and promoting more effective utilization of the state's inpatient psychiatric facilities. The state may apply such in a revenue-neutral manner relative to the General Fund. The state shall cooperate with local governmental subdivisions to generate matching funds for medicaid rehabilitation option services with local approval.

Sec. 9. The departments shall submit a report on the status of the application for the medicaid rehabilitation option by September 30, 1995, to the Governor and the Health and Human Services Committee of the Legislature.

Sec. 10. The Department of Public Institutions shall adopt policies to require all state-funded residential psychiatric services operated by the department to utilize an interdisciplinary professional staff administrative model. All categories of professional staff involved in psychiatric rehabilitation services in the regional center shall be integrated into the administrative structure of the regional center if qualified by their direct administrative or management experience or training. Preference shall be given to the most cost-efficient use of professional staff in administrative positions or roles.".

(Amendments to E & R amendments, AM7058)

1. Insert the following new section:

"Sec. 10. Section 60-4,118, Revised Statutes Supplement, 1994, is amended to read:

60-4,118. (1) No operator's license shall be granted to any applicant until such applicant satisfies the examiner that he or she possesses sufficient powers of eyesight to enable him or her to obtain a Class O license and to operate a motor vehicle on the highways of this state with a reasonable degree of safety. The Department of Motor Vehicles, with the advice of the Health Advisory Board, shall adopt and promulgate rules and regulations:

(a) Requiring a minimum acuity level of vision. Such level may be obtained through the use of standard eyeglasses, contact lenses, or bioptic or telescopic lenses which are specially constructed vision correction devices which include a lens system attached to or used in conjunction with a carrier lens; and

(b) Requiring a minimum field of vision. Such field of vision may be obtained through standard eyeglasses, contact lenses, or the carrier lens of the bioptic or telescopic lenses.

(2) If a vision aid is used by the applicant to meet the vision requirements of this section, the operator's license of the applicant shall be restricted to the use of such vision aid when operating the motor vehicle. If the applicant fails to meet the vision requirements, the examiner shall require the applicant to present an optometrist's or ophthalmologist's statement certifying the vision reading obtained when testing the applicant within ninety days of the applicant's license examination. If the vision reading meets the vision requirements prescribed by the department, the vision requirements of this section shall have been met.

(3) If the application for an operator's license discloses that the applicant for such license suffers from any other physical defect or defects of a character which may affect the safety of operation by such applicant of a motor vehicle, the examiner shall require the applicant to show cause why such license should be granted and, through such personal examination and demonstration as may be prescribed by the director with the advice of the Health Advisory Board, to show the necessary ability to safely operate a motor vehicle on the highways. The director may also require the person to appear before the board or a designee of the board. If the examiner, board, or designee is then satisfied

that such applicant has the ability to safely operate a motor vehicle, an operator's license may be issued to the applicant subject, at the discretion of the director, to a limitation to operate only such motor vehicles at such time, for such purpose, and within such area as the license shall designate.

(4)(a) The director may, when requested by a law enforcement officer, when the director has reason to believe that a person may be physically or mentally incompetent to operate a motor vehicle, or when a person's driving record appears to the department to justify an examination, request the advice of the Health Advisory Board and may give notice to the person to appear before an examiner, the board, or a designee of the director for examination concerning the person's ability to operate a motor vehicle safely. Any such request by a law enforcement officer shall be accompanied by written justification for such request and shall be approved by a supervisory law enforcement officer, police chief, or county sheriff.

(b) A refusal to appear before an examiner, the board, or a designee of the director for an examination after notice to do so shall be unlawful and shall result in the immediate cancellation of the person's operator's license by the director.

(c) If the person cannot qualify at the examination by an examiner, his or her operator's license shall be immediately surrendered to the examiner and forwarded to the director who shall cancel the person's operator's license.

(d) If in the opinion of the board the person cannot qualify at the examination by the board, the board shall advise the director. If the director determines after consideration of the advice of the board that the person lacks the physical or mental ability to operate a motor vehicle, the director shall notify the person in writing of the decision. Upon receipt of the notice, the person shall immediately surrender his or her operator's license to the director who shall cancel the person's operator's license.

(e) Refusal to surrender an operator's license on demand shall be unlawful, and any person failing to surrender his or her operator's license as required by this subsection shall be guilty of a Class III misdemeanor.

(5) No operator's license referred to in this section shall, under any circumstances, be issued to any person who has not attained the age of sixteen years, but upon application therefor and proof of age in the manner provided in section 60-484, any such person may take the examination required by this section at any time within sixty days prior to his or her sixteenth birthday.

(6)(a) Upon receipt of a certified copy of a court order issued pursuant to section 60-6,211.05 and of sufficient evidence that the defendant has surrendered his or her operator's license to the department and installed an approved ignition interlock device in accordance with such court order and upon payment by the defendant of the fee provided in section 60-4,115, the director shall issue to the defendant a Class O license restricted to the operation of a motor vehicle equipped with an ignition interlock device.

(b) Upon expiration of the court order issued pursuant to section 60-6,211.05, the defendant may apply to the department in writing for issuance of an operator's license which does not contain such restriction. If the license surrendered by the defendant under subdivision (a) of this subsection has not expired, the director shall return such license to the defendant. If such license has expired, the defendant shall reapply for an operator's license pursuant to the Motor Vehicle Operator's License Act.".

2. On page 30, line 4, before "and" insert "60-4,118,".

3. Renumber the remaining sections accordingly.

"Sec. 8. Section 60-315, Reissue Revised Statutes of Nebraska, is amended to read:

60-315. (1)(a) Upon transfer of ownership of any motor vehicle or cabin trailer as defined in section 60-301, (b) in case of loss of possession because of fire, theft, dismantlement, or junking, (c) when a salvage certificate of title is issued, (d) whenever a type or class of motor vehicle previously registered is subsequently declared by legislative act or court decision to be illegal or ineligible to be operated on the public roads and no longer subject to registration fees and taxes, ~~or~~ (e) in case of a change in the tax situs of a motor vehicle to a location outside of this state, (f) upon a trade-in or surrender of a motor vehicle under a lease, or (g) upon a return to inventory by the dealer, the registration shall expire and the registered owner or lessee may, by returning the registration certificate, the number plates, and, when appropriate, the renewal tabs and by either making affidavit to the county treasurer or designated county official as provided in section 60-302 of the occurrence of an event described in subdivisions (a) through (d), (f), or (g) of this subsection or, in the case of a change in tax situs, displaying to the county treasurer or designated county official the registration certificate of such other state as evidence of a change in tax situs, receive a refund of that part of the unused fees on passenger vehicles, trucks, and cabin trailers based on the number of unexpired months remaining in the registration period from the date of the event, except that when such date falls within the same calendar month in which the vehicle or trailer is acquired, no refund shall be allowed for such month. The registered owner shall make a claim for credit or refund of the unused fees within sixty days from the date of the event or shall be deemed to have forfeited his or her right to such refund. For purposes of this subsection, the date of the event shall be, in the case of a transfer or loss, the date of the transfer or loss, in the case of a change in the tax situs, the date of registration in another state, in the case of a legislative act, the effective date of the act, ~~and~~ in the case of a court decision, the date the decision is rendered, in the case of a trade-in or surrender under a lease, the date of the termination of a lease, and in the case of a return to dealer inventory, the date of such return. When the owner registers a replacement vehicle at the time of filing such affidavit, the credit may be immediately applied against the registration fee for the replacement vehicle. When no such replacement vehicle is so registered, the county treasurer or designated county official shall forward the application and affidavit, if any, to the State Treasurer who shall determine the amount, if any, of the allowable credit and furnish a certificate therefor to the owner. When such motor vehicle is removed from service within the same month in which it was registered, no credit shall be allowed for such month. Such credit may be applied against registration fees for new or replacement vehicles incurred within one year after cancellation of registration of the motor vehicle for which the credit was allowed. When any such vehicle is reregistered within the same registration year in which its registration has been canceled, the fee shall be that portion of the registration fee for the remainder of the registration year.

The county treasurer shall make payment to the claimant from the undistributed motor vehicle taxes of the taxing unit where the tax money was originally distributed, but no refund of less than two dollars shall be paid.

(5) If a county board consolidates services under the office of a designated county official other than the county assessor pursuant to section 23-186, the claim for refund shall be filed with the designated county official.

Therefor, the Selective Enhancement for Economic Development Fund is created. The Legislature recognizes that the Governor and the department need flexibility in the use of the fund in order to effectively promote economic development. The Legislature further intends that loans and grants from the Selective Enhancement for Economic Development Fund: (a) Be primarily targeted to businesses employing less than one hundred people, (b) be distributed to a range of communities or qualified businesses, primarily to small communities or businesses, and (c) be primarily targeted to supplement existing state and local economic development programs and activities.

(2) The department shall administer the fund under guidelines established by the Governor with the advice and consent of the commission. Such guidelines shall include loan or grant repayment provisions in the event the loan or grant recipient fails to perform in accordance with any commitments given in order to receive the loan or grant. The purpose of the fund are:

(a) To make revolving economic development loans;

(b) To make low-interest economic development loans at one-half of the rate of the primary lender; and

(c) To supplement existing economic development programs, including Community Development Block Grants and customized job training programs.

The fund shall be appropriated for such purposes. Any repayment of loans and interest shall be remitted to the State Treasurer for credit to the fund. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act. It is the intent of the Legislature that three million dollars be appropriated from the General Fund for FY1995-96 and three million dollars be appropriated from the General Fund for FY1996-97 to the Selective Enhancement for Economic Development Fund. No additional General Fund dollars shall be appropriated to the Selective Enhancement for Economic Development Fund after FY1996-97.

(3) The commission shall establish principles and processes for using the fund consistent with the economic development priorities of the state as determined by the commission in cooperation with the Governor and the department. Only projects consistent with such principles and processes shall be approved by the Governor. The Governor shall have the sole authority to give the final approval for all projects and activities which are established under the fund.

(4) The department shall submit an annual report of its activities under this section for the preceding calendar year to the Clerk of the Legislature not later than March 15. Each member of the Legislature shall receive a copy of such report by making a request to the department. The report shall list all projects and activities established under the fund during the preceding year and all loans made pursuant to this section that were outstanding during the preceding year.

(5) The report shall list (a) the recipients of loans or grants during the previous calendar year, (b) the identity of each recipient, and (c) the location of each project.

(6) The report shall also state by industry group (a) the number of jobs created, (b) the total number of employees employed in the state by the recipients on the last day of the calendar quarter prior to the application date and the total number of

employees employed in the state by the recipients on subsequent reporting dates, (c) the expansion of capital investment, (d) the estimated wage and benefit levels of jobs created subsequent to the application date, (e) the amount of loans or grants, and (f) the projected future state revenue gains and losses.

(7) No information shall be provided in the report that is protected by state or federal confidentiality laws.

(8) This section terminates on January 1, 2000, and at that time the money remaining in the Selective Enhancement for Economic Development Fund shall be returned to the General Fund and any money expended pursuant to subdivisions (2)(a) and (b) of this section shall also be returned to the General fund when repaid.".

STANDING COMMITTEE REPORTS

LEGISLATIVE BILL 120. Placed on General File as amended.
Standing Committee amendment to LB 120:
AM1394

1. Strike the original sections and insert the following new sections:

"Section 1. (1) The Legislature finds that it is in the public interest to support development of least cost energy sources, including support for research, development, and prudent use of renewable and nonrenewable supply-side technologies. The Legislature further finds that it is in the public interest to encourage energy efficiency and the use of indigenous energy sources. Consistent with this policy, the public utilities in Nebraska shall practice integrated resource planning and include least cost options when evaluating alternatives for providing energy supply and managing energy demand in Nebraska.

(2) For purposes of this section:

(a) Integrated resource planning means a planning process for new energy resources that evaluates the full range of alternatives, including new generating capacity, power purchases, energy conservation and efficiency, cogeneration and district heating and cooling applications, and renewable energy resources, in order to provide adequate and reliable service to its electric customers at the lowest system cost. The process shall take into account necessary features for system operation, such as diversity, reliability, dispatchability, and other factors of risk, shall take into account the ability to verify energy savings achieved through energy conservation and efficiency and the projected durability of such savings measured over time, and shall treat demand and supply resources on a consistent and integrated basis; and

(b) Least cost or least cost option means providing reliable electric services to electric customers which will, to the extent practicable, minimize life-cycle system costs, including adverse environmental effects, of providing the services. To the extent practicable, energy efficiency and renewable resources may be given priority in any least cost planning.

Sec. 2. Section 1 of this act and the repeal of section 70-627.01 shall not be construed to affect the operating authority of any electric generation facility owned or operated by any Nebraska electric utility on the effective date of this act.

Sec. 3. The Biopower Steering Committee is established. The committee may study the feasibility of generating electricity from the use of agricultural crops and of supporting a demonstration project which includes a gasification component. The project would use biomass fuel which is farm-grown closed-loop biomass or residue from agricultural or wood-product activities. The committee may collect information which may be used by all of Nebraska's public utilities to develop biopower electricity projects, including exploration of how the use of instate resources for electricity production might benefit the rural economy and economic analysis of benefits to Nebraska from use of instate rather than out-of-state resources.

The committee shall consist of: (1) Three representatives from the Nebraska Power Association and one public interest representative, all appointed by the chairperson of the Legislature's Committee on Natural Resources, and the Director of the State Energy Office or his or her designee and the Director of Economic Development or his or her designee; (2) two agricultural representatives appointed by the chairperson of the Legislature's Committee on Agriculture; and (3) the chairperson of the Legislature's Committee on Agriculture.

The committee shall seek grant funds and resources from Nebraska's public utilities and from other public and private sources to carry out any study and to implement any demonstration project which may be undertaken. The Biopower Development Cash Fund is created. Grant funds and resources received by the committee shall be remitted to the State Treasurer for credit to the Biopower Development Cash Fund. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.

Sec. 4. The Legislature finds and declares that:

(1) There are rural areas in the state which are experiencing declines in economic activity and the out-migration of rural residents which is eroding the tax base of those rural areas and undermining the ability of the state and local governments to provide essential public services;

(2) Rural economic development efforts can increase the productivity of economic resources, create and enhance employment opportunities, increase the level of income and quality of life for rural residents, assist in slowing or reversing the out-migration of rural residents, and help maintain essential public services to the advantage not only of those rural areas but also of the state as a whole and the electric utilities serving those rural areas;

(3) Funds may be available from the United States Department of Agriculture or other federal agencies to suppliers of electricity in rural areas to promote economic development and job creation projects;

(4) It is the policy of this state to promote economic development and job creation projects in rural areas through the use of federal funds and other funds which may be available as authorized in subsection (3) of section 70-625;

(5) Public power districts operating in rural areas of this state are uniquely situated through their boards of directors to know and understand the need to promote economic development and job creation projects in their service areas; and

(6) Involvement by publicly-owned electric utilities operating in rural areas in such economic development activities serves a public purpose and it is the public policy of this state to allow public power districts with annual gross revenue of less than fifty million dollars to promote economic development and job creation projects in rural areas as provided in subsection (3) of section 70-625.

Sec. 5. Section 70-625, Revised Statutes Supplement, 1994, is amended to read:

70-625. (1) Subject to the limitations of the petition for its creation and all amendments thereto, a public power district shall have all the usual powers of a corporation for public purposes and may purchase, hold, sell, and lease personal property and real estate reasonably necessary for the conduct of its business. No district may sell household appliances at retail if the retail price of any such appliance exceeds fifty dollars, except that newly developed electrical appliances may be merchandised and sold during the period of time in which any such appliances are being introduced to the public. New models of existing appliances shall not be deemed to be newly developed appliances. An electrical appliance shall be considered to be in such introductory period of time until the particular type of appliance is used by twenty-five percent of all the electrical customers served by such district, but such period shall in no event exceed five years from the date of introduction by the manufacturer of the new appliance to the local market.

(2) In addition to its powers authorized by Chapter 70 and specified in its petition for creation as amended, a public power district may sell, lease, and service satellite television signal descrambling or decoding devices, satellite television programming, and equipment and services associated with such devices and programming, except that nothing in this section shall authorize public power districts ~~(1)~~ (a) to operate as contract or common carriers engaged in furnishing communication services for hire in Nebraska intrastate commerce, ~~(2)~~ (b) to provide signal descrambling or decoding devices or satellite programming to any location ~~(a)~~ (i) being furnished such devices or programming on April 24, 1987, or ~~(b)~~ (ii) where community antenna television service is available from any person, firm, or corporation holding a franchise pursuant to sections 18-2201 to 18-2206 or a permit pursuant to sections 23-383 to 23-388 on April 24, 1987, or ~~(3)~~ (c) to sell, service, or lease C-band satellite dish systems or repair parts.

(3) In addition to the powers authorized by Chapter 70 and specified in its petition for creation as amended, the board of directors of a public power district with gross revenue of less than fifty million dollars per annum may apply for and use funds available from the United States Department of Agriculture or other federal agencies for grants or loans to promote economic development and job creation projects in rural areas as permitted under the rules and regulations of the federal agency from which the funds are received. Any loan to be made by a district shall only be made in participation with a bank pursuant to a contract. The district and the participating bank shall determine the terms and conditions of the contract. In addition, the board of directors of such district may provide technical or management assistance to prospective, new, or expanding businesses, including home-based businesses, provide assistance to a local or regional industrial or economic development corporation or foundation located within or contiguous to the district's service area, provide youth and adult community leadership training, and assist with enhancing the educational technology available to community schools.

(4) Notwithstanding any law, ordinance, resolution, or regulation of any political subdivision to the contrary, each public power district may receive funds and extend loans pursuant

to the Nebraska Investment Finance Authority Act or under the authority given in this section.

Sec. 6. Sections 1 to 3 and 8 of this act become operative three calendar months after adjournment of this legislative session. The other sections of this act become operative on their effective date.

Sec. 7. Original section 70-625, Revised Statutes Supplement, 1994, is repealed.

Sec. 8. The following section is outright repealed: Section 70-627.01, Reissue Revised Statutes of Nebraska.

LEGISLATIVE BILL 642. Placed on General File.

LEGISLATIVE BILL 455. Placed on General File as amended.
Standing Committee amendment to LB 455:
AM1397

1. Insert the following new sections:

"Sec. 8. Section 68-1716, Revised Statutes Supplement, 1994, is amended to read:

68-1716. (1) The Department of Social Services shall evaluate the impact of the Welfare Reform Act, including, but not limited to, analysis of family outcomes related to attaining or regaining and maintaining economic self-sufficiency. The evaluation shall include opportunities for meaningful recipient input. The evaluation shall begin on the date of implementation of any approved waivers, and the results shall be reported to the Governor and the Legislature annually, not later than October 1, 1996, and each October 1 thereafter through October 1, 2000.

(2) At the end of each year, the department shall also report to the Legislature the numbers of adults declared ineligible for cash assistance under section 68-1723 because of a parent's failure to cooperate in carrying out the terms of a self-sufficiency contract.

Sec. 11. Section 68-1724, Revised Statutes Supplement, 1994, is amended to read:

68-1724. (1) Cash assistance shall be provided for a period or periods of time not to exceed a total of two years for recipient families with children subject to the following:

(a) If the state fails to meet the specific terms of the self-sufficiency contract developed under section 68-1719, the two-year time limit established in this section shall be extended for an additional period of not more than two years;

(b) The two-year time period for cash assistance shall begin when the self-sufficiency contract is signed or when any children born into the recipient family prior to the initial ten months of assistance reach the age of six months, whichever is later;

(c) When no longer eligible to receive cash assistance, assistance shall be available to reimburse work-related child care expenses even if the recipient family has not achieved economic self-sufficiency. The amount of such assistance shall be based on a cost-shared plan between the recipient family and the state which shall provide assistance up to one hundred eighty-five percent of the federal poverty level for up to twenty-four months. A recipient family may be required to contribute up to twenty percent of such family's gross income for child care. It is the intent of the Legislature that transitional health care coverage be made available on a sliding-scale basis to individuals and families with incomes up to one hundred eighty-five percent of the federal poverty level if other health care coverage is not available;

(d) After receiving cash assistance under this section for two years at a monthly payment level not exceeding that provided in section 43-512, families shall receive no further cash assistance pursuant to this section for at least two years after the assistance period ends; and

(e) The self-sufficiency contract shall be revised and the two-year time period for cash assistance extended when there is no job available for adult members of the recipient family. It is the intent of the Legislature that available job shall mean a job which results in an income of at least equal to the amount of cash assistance that would have been available if receiving assistance minus unearned income available to the recipient family.

The department shall develop policy guidelines to allow for cash assistance to persons who have received the maximum cash assistance provided by this section and who face extreme hardship without additional assistance. For purposes of this section, extreme hardship means a recipient family does not have adequate cash resources to meet the costs of the basic needs of food and housing without continuing assistance, or the child or children are at risk of losing care by and residence with their parent or parents.

(2) Cash assistance conditions under the Welfare Reform Act shall be as follows:

(a) Adults in recipient families shall mean individuals at least nineteen years of age living with and related to a child eighteen years of age or younger and shall include parents, siblings, uncles, aunts, cousins, or grandparents, whether the relationship is biological, adoptive, or step;

(b) The payment standard shall be based upon family size. Any child born into the recipient family after the initial ten months of participation in the program shall not increase the cash assistance payment, except that child support or other income received on behalf of such child or children shall not be considered as countable income to the recipient family in determining the amount of their cash assistance payment;

(c) The adults in the recipient family shall ensure that the minor children regularly attend school. Education is a valuable personal resource. The cash assistance provided to the recipient family may be reduced when the parent or parents have failed to take reasonable action to encourage the minor children of the recipient family ages sixteen and under to regularly attend school. No reduction of assistance shall be such as may result in extreme hardship. It is the intent of the Legislature that a process be developed to insure communication between the case manager, the parent or parents, and the school to address issues relating to school attendance;

(d) Two-parent families which would otherwise be eligible under section 43-504 or a federally approved waiver shall receive cash assistance under this section;

(e) For minor parents, the assistance payment shall be based on the minor parent's income. If the minor parent lives with at least one parent, the family's income shall be considered in determining eligibility and cash assistance payment levels for the minor parent. If the minor parent lives independently, support shall be pursued from the parents of the minor parent. If the absent parent of the minor's child is a minor, support from his or her parents shall be pursued. Support from parents as allowed under this subdivision shall not be pursued when the family income is less than three hundred percent of the federal poverty guidelines; and

(f) For adults who are not biological or adoptive parents or stepparents of the child or children in the family, if assistance is requested for the entire family, including the adults, a self-sufficiency contract shall be entered into as provided in section 68-1719. If assistance is requested for only the child or children in such a family, such children shall be eligible after consideration of the family's income and if (i) the family cooperates in pursuing child support and (ii) the minor children of the family regularly attend school.

Sec. 13. The Department of Social Services shall establish an advisory committee comprised of representatives of nonprofit agencies who provide services to low-income citizens of Nebraska. The advisory group may also include interested members of the public. The advisory committee shall exist for three years after the operative date of this section.

Sec. 14. It is the intent of the Legislature that by July 1, 1999, health insurance should be available to all citizens of Nebraska. The Governor should develop a plan to accomplish this goal. The plan should have as an initial priority health insurance access for children and youth. A report shall be made annually to the Legislature on or before January 1 of each year as to the progress that has been made in achieving the goal. While it is the intent of the Legislature that all Nebraskans have access to affordable health insurance, the plan should be developed to provide for health insurance for as many Nebraskans as possible.

Sec. 15. The standard of need for Aid to Dependent Children payments shall be adjusted on July 1 of every second year beginning July 1, 1997. The adjustment shall be made on the basis of the rate of growth of the Consumer Price Index as determined by the United States Department of Labor Bureau of Labor Statistics for the previous year. The Aid to Dependent Children payment made shall not be greater than the amount specified by section 43-512.

Sec. 16. In determining the rate of reimbursement for child care, the Department of Social Services shall conduct a market rate survey of the child care providers in the state. The department shall adjust the reimbursement rate for child care every second year beginning July 1, 1997, based on the results of the study.".

AM1451

1. Insert the following new sections:

"Section 1. Section 44-4233, Reissue Revised Statutes of Nebraska, is amended to read:

44-4233. (1) Any member subject to premium and related retaliatory tax liability imposed by section 44-150 or 77-908 may offset assessments paid to the pool by such member against its tax liability in the year of payment or subsequent years. For tax years commencing on or after January 1, 1992, the member may offset such paid assessments against (a) subsequent premium tax prepayments imposed by section 77-918, (b) subsequent premium tax payments imposed by section 77-908, and (c) related retaliatory tax liability imposed by section 44-150. Prior to January 1, ~~1996~~ 1998, no individual member shall be subject to any liability of the pool in excess of its premium and related retaliatory tax liability which may be offset under this section.

(2) Commencing with assessments imposed or paid in 1991 and for all subsequent years prior to January 1, ~~1996~~ 1998, whenever it reasonably appears to the satisfaction of the board that a member has during a calendar year paid assessments that exceed that member's premium and related retaliatory tax liability for that calendar year, the board shall, upon request from such member, order the refund to that member of the amount of the

assessment that exceeded that member's premium and related retaliatory tax liability. A member's request for a refund shall be filed with the board not later than thirty days after the due date of the member's premium tax return filed with the department. If the refund is not made by the board within thirty days after receipt of the refund request, the member may within thirty days thereafter initiate a suit in district court for the amount claimed. The suit shall be heard by the district court de novo. In the event that an assessment against a member is limited by reason of that member's premium and related retaliatory tax liability, the amount by which the assessment is limited may be assessed against the other members in a manner consistent with the basis for assessments specified in subsection (3) of section 44-4225.

Sec. 5. Sections 5 to 8 of this act shall be known and may be cited as the Health Care Purchasing Pool Act.

Sec. 6. The Legislature recognizes that a pooling mechanism offers the potential to purchase health care at more affordable prices. The Legislature further recognizes that health care purchasing pools do not require that all groups have the same type of health care coverage or benefits and that many options are available.

It is the intent of the Legislature to establish a process to determine whether there should be a coordinated purchasing process for some or all publicly sponsored health care coverage in order to reduce costs and to promote the most efficient methods of financing and coordinating health care services. It is also the intent of the Legislature that the process established also determines whether a health care purchasing pool if established should be made available to individuals, small employer groups, and other associations.

Sec. 7. The Director of Health shall report to the Legislature and the Governor by December 1, 1995, as to whether a health care purchasing pool should be established and recommendations concerning who should be included in such a pool. Sec. 2. (1) If (a) federal legislation is enacted by October 1, 1995, providing that payments under section 3(d)(2)(B) of Public Law 81-874 are not required to be refunded for school year 1990-91 and (b) federal legislation is enacted with an effective date not later than October 1, 1995, (i) providing that funds need not be restored or reimbursed to affected local education agencies from state aid distributions for school year 1990-91 and deeming Nebraska not certified for school years 1991-92 through 1994-95 or (ii) deeming Nebraska to be certified for school year 1990-91 and deeming Nebraska not certified for school years 1991-92 through 1994-95, then on or about October 15, 1995, the department shall make payments, from funds separately appropriated for such purpose, to school districts which in school year 1990-91 received less state aid under the Tax Equity and Educational Opportunities Support Act than they would have received if no federal impact aid entitlements had been included in the calculation of district formula resources pursuant to section 79-3811. Each such school district shall receive the amount by which its state aid for school year 1990-91 was less than it would have been if no impact aid entitlements had been considered in the calculation of its state aid. No payments shall be made under this section to any school district which receives federal impact aid entitlements under section 3(d)(2)(B) of Public Law 81-874 or any similar provision of the 1994 reenactment of the impact aid statutes. Payments made pursuant to this section shall not be considered as district formula resources for purposes of calculation of state aid under the Tax Equity and Educational Opportunities Support Act.

(2) If no funds are separately appropriated by the Legislature under subsection (1) of this section, since funds for the school year 1990-91 may not be otherwise subject to adjustment under Chapter 79, the department shall set aside from the amount appropriated to the Tax Equity and Educational Opportunities Fund for school year 1995-96 the amounts specified in such subsection and (a) if the federal legislation referred to in such subsection is enacted as provided therein, the department shall pay from the funds set aside the amounts specified in such subsection to the school districts specified in such subsection on or about October 15, 1995, or (b) if the federal legislation referred to in such subsection is not enacted, the funds set aside pursuant to this subsection shall be held by the department until it is finally determined, by appeal or otherwise, whether Nebraska is certified

to take into consideration impact aid entitlements under Public Law 81-874 for state aid distribution for school year 1990-91. If Nebraska is so certified, such funds shall be reappropriated to the Tax Equity and Educational Opportunities Fund for distribution pursuant to the distribution formula in the Tax Equity and Educational Opportunities Support Act. If Nebraska is not so certified, the department shall pay from the funds set aside the amounts specified in subsection (1) of this section to the school districts specified in such subsection within sixty days after the final determination. Payments made pursuant to this section shall not be considered as district formula resources for purposes of calculation of state aid under the act.

Sec. 3. Nothing in the Tax Equity and Educational Opportunities Support Act shall be construed as altering, amending, or changing in any manner the duties or obligations of the department under section 79-1369, nor shall the provisions of the act be construed as relieving the department of its obligation to make appropriate aid allocation adjustments following a final determination of the amount of funds due to any school district under the provisions of or through the operation of the act.

Sec. 4. Original section 79-3801, Reissue Revised Statutes of Nebraska, is repealed.

"Section 1. Section 43-512.07, Reissue Revised Statutes of Nebraska, is amended to read:

43-512.07. (1) Any action, payment, aid, or assistance listed in subdivisions (a) through (c) of this subsection shall constitute an assignment by operation of law to the Department of Social Services of any right to spousal or medical support when ordered by the court and to child support whether or not ordered by the court which a recipient may have in his or her own behalf or on behalf of any other person for whom an applicant receives such payments, aid, or assistance, including any accrued arrearages as of the time of the assignment:

(a) Application for and acceptance of one or more aid to dependent children payments by a parent, another relative, or a custodian;

(b) Receipt of aid by or on behalf of any dependent child as defined in section 43-504; or

(c) Receipt of aid from child welfare funds.

The department shall be entitled to retain such child, spousal, or other support up to the amount of payments, aid, or assistance provided to a recipient. For purposes of this section, the right to receive current and past-due child support shall belong to the child and the assignment shall be effective as to any such support even if the recipient of the payments, aid, or assistance is not the same as the payee of court-ordered support.

(2) After notification of the clerk of the district court receiving the child, spousal, or other support payments made pursuant to a court order that the person for whom such support is ordered is a recipient of payments, aid, or assistance listed in subsection (1) of this section, the department shall also give notice to the payee named in the court order at his or her last-known address.

The clerk of the district court shall continue to transmit the support payments for as long as the payments, aid, or assistance listed in subsection (1) of this section continues.

However, any assignment pursuant to subdivisions (1)(b) and (1)(c) of this section shall be limited to the amount of child support due for any months during which such payments, aid, or assistance was made. The continuing assignment shall only apply to support payments made during a calendar period which exceed the specific amount of support ordered for that period. RESOLUTION

LEGISLATIVE RESOLUTION 90. Introduced by Bernard-Stevens, 42.

WHEREAS, a trend has started in which states are competing with each other by offering economic incentives to lure companies to their region; and

WHEREAS, businesses are creating adversarial roles between states in an effort to retrieve the most beneficial economic incentive package; and

WHEREAS, the economic incentives offered by states are creating a corporate aid system and undermining tax bases; and

WHEREAS, each state has unique characteristics, such as location, infrastructure, educational institutions, work ethic, and natural resources, and should not be compelled to offer economic incentives to compete for business recruitment or expansion.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

In all cases of a child born out of wedlock and prior to placement of the child in an adoptive home, notice shall be given pursuant to section 4 of this act to the following persons by certified mail with return receipt requested and with restricted delivery to the addressee: (1) Any person adjudicated by a court in this state to be the biological father of the child; (2) any person adjudicated by a court in another state or territory of the United States to be the biological father of the child; (3) any person who has timely filed a notice of intent to claim paternity and obtain custody with the putative father registry to section 43-104.02 within thirty days preceding the notice required by this section; (4) any person who is recorded on the child's birth certificate as the child's father; (5) any person who was openly living with the child's biological mother within the twelve months prior to the birth of the child; (6) any person who has been identified as the child's father by the child's biological mother under section 1 of this act; (7) any person who was married to the child's biological mother within six months prior to the birth of the child and prior to the execution of the relinquishment; and (8) any other person who the agency or attorney representing the biological mother has reason to believe may be the biological father of the child.

Sec. 4. The notice required under section 3 of this act may be served on a possible biological father of the child at any time after conception. The notice shall state: (1) The biological mother's name, the fact that she is pregnant or has given birth to the child, and the expected or actual date of delivery; (2) that the child's biological mother has placed or intends to place the child for adoption; (3) that the person being notified has been identified as a possible biological father of the child; (4) that the possible biological father may have certain rights with respect to such child if he is in fact the biological father; (5) that the possible biological father has the right to (a) deny paternity, (b) waive any parental rights he may have, (c) relinquish and consent to adoption of the child, or (d) file a notice of intent to claim paternity and obtain custody with the putative father registry pursuant to section 43-104.02 if he has not already done so; (6) that if the possible biological father does not file with the putative father registry within five business days after receiving this notice or within five business days after the birth of the child, whichever is later, then whatever legal rights he may have with respect to the child, including the right to notice of any future proceedings for the adoption of the child, shall be terminated without any further notice to him and he will be barred from challenging the adoption at some later date; (7) that to deny paternity, to waive his parental rights, or to relinquish and consent to the adoption, the biological father must contact the undersigned agency or attorney representing the biological mother, and that if he wishes to seek custody of the child he should seek legal counsel from his own attorney immediately; and (8) that if he is the biological father and if the child is not relinquished for adoption, he has the duty to contribute to the support and education of the child and to the pregnancy-related expenses of the mother and a right to seek visitation.

The agency or attorney representing the biological mother may enclose with the notice a document which is an admission or denial of paternity and a waiver of rights by the biological father in the form mandated by section 4-106, which the biological father may choose to complete and return to the agency or attorney.

Sec. 5. The notification procedure set forth in sections 3 and 4 of this act shall, whenever possible, be completed prior to a child being placed in an adoptive home. If the information provided in the affidavit prepared pursuant to section 1 of this act presents clear evidence that providing notice to a biological father or possible biological father as contemplated in sections 3 and 4 of this act would be likely to threaten the safety of the biological mother or the child or that conception was the result of sexual assault or incest, notice is not required to be given. If the biological father or possible biological fathers are not given actual or constructive notice prior to the time of placement, the agency or attorney shall give the adoptive parents a statement of legal risk indicating the legal status of the biological father's parental rights as of the time of placement, and the adoptive parents shall sign a statement of legal risk acknowledging their acceptance of the placement, notwithstanding the legal risk.

Sec. 6. (1) In all cases involving the adoption of a child born out of wedlock, the petition to finalize the adoption shall specifically allege compliance with sections 1 to 5 of this act and shall attach as exhibits all documents which are evidence of such compliance.

(2) No notice of the filing of the petition to finalize or the hearing on the petition shall be given to a biological father or possible biological father who was provided notice under sections 3 and 4 of this act and failed to timely file a notice of intent to claim paternity and obtain custody with the putative father registry pursuant to section 43-104.02 or who signed a valid relinquishment and consent to adoption.

Sec. 7. Section 43-102, Reissue Revised Statutes of Nebraska, is amended to read:

43-102. Except as otherwise provided in the Nebraska Indian Child Welfare Act, any person or persons desiring to adopt a minor child or an adult child of such person's spouse shall file, in the county court of the county in which the person or persons desiring to adopt such child reside, a petition for adoption signed and sworn to by the person or persons desiring to adopt, the consent or consents required by section 43-104 or 43-104.07, the certificates and other documents required by sections 43-104.02 to 43-104.06, ~~or~~ the documents required by section 43-104.07, or the documents required by sections 1 to 6 of this act, and a completed preplacement adoptive home study if required by section 43-107.

Except as set out in subdivisions (1)(b)(ii), (iii), and (iv) of section 43-107, an adoption decree shall not be issued until at least six months after an adoptive home study has been completed by the department or a licensed child placement agency.

Sec. 8. (1) The Department of Social Services shall establish a putative father registry which shall record the names and addresses of (a) any person adjudicated by a court of this state to be the father of a child born out of wedlock, (b) any person who has filed with the registry a notice of intent to claim paternity and obtain custody of such child, and (c) any person adjudicated by a court of another state or territory of the United States to be the father of such child, if a certified copy of the court order has been filed with the registry by that person or any other person.

(2) A notice of intent to claim paternity and obtain custody filed with the registry shall include the claimant's name and address, the name and address of the mother, and the month and year of the birth or the expected birth of the child. The person filing the notice shall notify the registry of any change of address pursuant to procedures prescribed by regulations of the department.

(3) Any person filing a notice of intent to claim paternity and obtain custody with the putative father registry may revoke such notice, and upon receipt of such revocation by the registry, the effect shall be as if no filing had ever been made.

(4) Notice shall be considered to have been filed when received by the registry or when postmarked, whichever is later.

(5) The department shall not divulge the names and

addresses of persons listed with the registry except as authorized by law or upon order of a court for good cause shown.

(6) The department shall advertise information about the registry at least quarterly in a legal newspaper of general circulation in each county of the state. The department may charge reasonable fees with respect to the registry in order to defray the costs of such advertising.

Sec. 9. Section 43-104.02, Reissue Revised Statutes of Nebraska, is amended to read:

43-104.02. ~~(1)~~ Relinquishment or consent for the purpose of adoption given only by a mother of a child born out of wedlock pursuant to section 43-104 shall be sufficient to place the child for adoption, and the rights of any alleged father shall not be recognized thereafter in any court unless the person claiming to be the father of the child has filed a notice of intent to claim paternity and obtain custody with the putative father registry maintained by the Department of Social Services on forms provided by the department~~,~~ within five business days after the birth of ~~such~~ the child ~~;~~ or within five business days after receipt of the notice pursuant to section 4 of this act, whichever is later. ~~(2) The notice shall contain the claimant's name and address, the name and last known address of the mother, and the month and year of the birth or the expected birth of the child.~~

Sec. 10. Section 43-104.03, Revised Statutes Supplement, 1994, is amended to read:

43-104.03. Within three days after the filing of a notice of intent to claim paternity and obtain custody with the putative father registry pursuant to section 43-104.02, the Director of Social Services shall cause a certified copy of such notice to be mailed by certified mail to (1) the mother or prospective mother of such child at the last-known address shown on the notice of intent to claim paternity or (2) an agent specifically designated in writing by the mother or prospective mother to receive such notice. The notice shall be admissible in any action for paternity under sections 43-1401 to 43-1418, shall estop the claimant from denying paternity of such child thereafter, and shall contain language that the claimant acknowledges liability for contribution to the support and education of the child after birth and for contribution to the pregnancy-related medical expenses of the mother.

Sec. 11. Section 43-104.04, Reissue Revised Statutes of Nebraska, is amended to read:

43-104.04. 1. Insert the following new section:

"Sec. 10. Section 68-1724, Revised Statutes Supplement, 1994, is amended to read:

68-1724. (1) Cash assistance shall be provided for a period or periods of time not to exceed a total of two years for recipient families with children subject to the following:

(a) If the state fails to meet the specific terms of the self-sufficiency contract developed under section 68-1719, the two-year time limit established in this section shall be extended for an additional period of not more than two years;

(b) The two-year time period for cash assistance shall begin when the self-sufficiency contract is signed or when any children born into the recipient family prior to the initial ten months of assistance reach the age of six months, whichever is later;

(c) When no longer eligible to receive cash assistance, assistance shall be available to reimburse work-related child care expenses even if the recipient family has not achieved economic self-sufficiency. The amount of such assistance shall be based on a cost-shared plan between the recipient family and the state which shall provide assistance up to one hundred eighty-five percent of the federal poverty level for up to twenty-four months. It is the intent of the Legislature that transitional health care coverage be made available on a sliding-scale basis to individuals and families with incomes up to one hundred eighty-five percent of the federal poverty level if other health care coverage is not available;

(d) After receiving cash assistance under this section for two years at a monthly payment level not exceeding that provided in section 43-512, families shall receive no further cash assistance pursuant to this section for at least two years after the assistance period ends; and

(e) The self-sufficiency contract shall be revised and the two-year time period for cash assistance extended when there is no job available for adult members of the recipient family. It is the intent of the Legislature that available job shall mean a job which results in an income of at least equal to the amount of cash assistance that would have been available if receiving assistance minus unearned income available to the recipient family.

The department shall develop policy guidelines to allow for cash assistance to persons who have received the maximum cash assistance provided by this section and who face extreme hardship without additional assistance.

(2) Cash assistance conditions under the Welfare Reform Act shall be as follows:

(a) Adults in recipient families shall mean individuals at least nineteen years of age living with and related to a child eighteen years of age or younger and shall include parents, siblings, uncles, aunts, cousins, or grandparents, whether the relationship is biological, adoptive, or step;

(b) The payment standard shall be based upon family size; ~~. Any child born into the recipient family after the initial ten months of participation in the program shall not increase the cash assistance payment, except that child support or other income received on behalf of such child or children shall not be considered as countable income to the recipient family in determining the amount of their cash assistance payment;~~

(c) The adults in the recipient family shall ensure that the minor children regularly attend school. Education is a valuable personal resource. The cash assistance provided to the recipient family may be reduced when the parent or parents have failed to take reasonable action to encourage the minor children of the recipient family ages sixteen and under to regularly attend school. No reduction of assistance shall be such as may result in extreme hardship. It is the intent of the Legislature that a process be developed to insure communication between the case manager, the parent or parents, and the school to address issues relating to school attendance;

(d) Two-parent families which would otherwise be eligible under section 43-504 or a federally approved waiver shall receive cash assistance under this section;

(e) For minor parents, the assistance payment shall be based on the minor parent's income. If the minor parent lives with at least one parent, the family's income shall be considered in determining eligibility and cash assistance payment levels for the minor parent. If the minor parent lives independently, support shall be pursued from the parents of the minor parent. If the absent parent of the minor's child is a minor, support from his or her parents shall be pursued. Support from parents as allowed under this subdivision shall not be pursued when the family income is less than three hundred percent of the federal poverty guidelines; and

(f) For adults who are not biological or adoptive parents or stepparents of the child or children in the family, if assistance is requested for the entire family, including the adults, a self-sufficiency contract shall be entered into as provided in section 68-1719. If assistance is requested for only the child or children in such a family, such children shall be eligible after consideration of the family's income and if (i) the family cooperates in pursuing child support and (ii) the minor children of the family regularly attend school.".

(Amendments to Standing Committee amendments, AM0903)

1. Strike amendments 1 through 6 and all amendments thereto and insert the following new amendments:

"1. Strike the original sections and all amendments thereto and insert the following new sections:

'Section 1. This act shall be known and may be cited as the County Revenue Assistance Act.

Sec. 2. The Legislature finds that:

(1) County property owners should be given some relief from the obligation of providing mandated indigent defense services which in most instances are required because of state laws establishing crimes and penalties;

(2) Property tax relief can be accomplished if the state begins to assist the counties with the obligation of providing indigent defense services required by state laws establishing crimes and penalties;

(3) Property tax relief in the form of state assistance to the counties of Nebraska in providing for indigent defense services will also increase accountability because the state, which is the governmental entity responsible for passing criminal statutes, will likewise be responsible for paying some of the costs;

(4) Property tax relief in the form of state assistance to the counties of Nebraska in providing for indigent defense services will also improve inconsistent and inadequate funding of indigent defense services by the counties;

(5) Property tax relief in the form of state assistance to the counties of Nebraska in providing for indigent defense services will also lessen the impact on county property taxpayers of the cost of the high profile death penalty case which can significantly affect the finances of the counties; and

(6) To accomplish property tax relief in the form of the state assisting the counties of Nebraska in providing for indigent defense services, the County Revenue Assistance Fund should be established to fund the operation of the Commission on Public Advocacy.

Sec. 3. The County Revenue Assistance Fund is created. The fund shall be used for the operations of the commission. The fund shall consist of money appropriated from the General Fund. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.

Sec. 4. For purposes of the County Revenue Assistance Act:

(1) Chief counsel means an attorney appointed to be the primary administrative officer of the commission pursuant to section 10 of this act;

(2) Commission means the Commission on Public Advocacy;

(3) Contracting attorney means an attorney contracting to act as a public defender pursuant to sections 23-3404 to 23-3408;

(4) Court-appointed attorney means an attorney other than a contracting attorney or a public defender appointed by the court to represent an indigent person;

(5) Indigent defense services means legal services provided to indigent persons by an indigent defense system;

(6) Indigent defense system means a system of providing services, including any services necessary for litigating a case, by a contracting attorney, court-appointed attorney, or public defender;

(7) Indigent person means a person who is indigent and unable to obtain legal counsel as determined pursuant to rules of the Supreme Court; and

(8) Public defender shall mean an attorney appointed or elected pursuant to sections 23-3401 to 23-3403.

Sec. 5. The Commission on Public Advocacy is created. The commission shall provide legal services and resources to assist counties in fulfilling their obligation to provide for effective assistance of counsel for indigent persons.

Sec. 6. The commission shall consist of nine members appointed by the Governor from a list of attorneys submitted by the executive council of the Nebraska State Bar Association after consultation with the board of directors of the Nebraska Criminal Defense Attorneys Association. A member shall be appointed from each of the six Supreme Court judicial districts, and three members shall be appointed at large. The executive council of the Nebraska State Bar Association shall ensure that the selection process promotes appointees who are independent from partisan political influence. To be eligible for appointment, a person shall be a member of the Nebraska State Bar Association who has substantial experience in criminal defense work and, at the time of selection or at any time during the term of office, shall not be a prosecutor, law enforcement official, or judge. All members shall be committed to the principle of providing indigent defense services free from unwarranted judicial or political influence. Each member shall serve for a term of six years, except that three of the initial appointees shall serve terms of two years and three shall serve terms of four years as designated by the Governor. Members may be removed from the commission by the Governor for cause.

Sec. 7. The Governor shall designate one of the members of the commission as the chairperson. The members of the commission shall be reimbursed for their actual and necessary expenses incurred in the performance of their duties as provided in sections 81-1174 to 81-1177.

Sec. 8. Five members of the commission constitute a quorum for the transaction of business. The commission may act by a majority of the members present at any meeting at which a quorum is in attendance.

Sec. 9. The commission shall:

(1) Adopt and promulgate rules and regulations for its organization and internal management and rules and regulations governing the exercise of its powers and the fulfillment of its purpose;

(2) Appoint and abolish such advisory committees as may be necessary for the performance of its functions and delegate appropriate powers and duties to them;

(8) Oversee statewide data collection for the indigent defense systems in Nebraska on such topics as costs, caseload, use of resources, and workloads; and

(9) Provide legal services to indigent persons through the divisions in section 12 of this act.

9-625. Any county, city, or village may establish and conduct a lottery if an election is first held pursuant to this section. Only one scheme or type of lottery may be conducted by a county, city, or village at one time. This section shall not be construed to prohibit any county, city, or village from conducting a lottery if such course of action was approved prior to July 17, 1986, by a majority of the registered voters of such county, city, or village casting ballots on the issue.

Any lottery established pursuant to this section which is authorized by an election held on or after October 1, 1989, pursuant to this section that is not in operation for any four consecutive years shall no longer be authorized under this section. The pilot program shall educate and support young people in the decision to postpone sexual activity. The Department of Health shall coordinate efforts with the local community organizations and agencies, nonprofit organizations, churches, school districts, and hospitals and explore different settings in which to educate teens, including, but not limited to, schools, community centers, churches, the Young Men's Christian Association, the Young Women's Christian Association, and summer camps. The department shall review other federal and private sources of funding and shall apply for other funds if the department meets the criteria of the funding source.

Sec. 21. The Department of Health shall implement a crisis teen pregnancy prevention pilot program in the county or counties in which the Welfare Reform Act was first implemented. The department shall disburse grant money and select local schools and organizations which apply for participation in the pilot program. Local organizations that offer or are active in similar educational programs, including, but not limited to, Planned Approach to Community Health, Comprehensive Health Education Team Training, and Toward a Drug Free Nebraska, are encouraged to apply for the grant.

Sec. 22. (1) The pilot program to reduce crisis teen pregnancy shall include:

(a) A teen education component with a curriculum focusing on postponing sexual activity for boys and girls twelve to fourteen years of age which is provided in schools and community settings. The pilot program will involve community organizations, promote family involvement, and establish local media contacts to encourage and support young people in postponing sexual activity; and

(b) A family education component to provide families with an opportunity to learn ways to reinforce their children's learning experiences regarding postponing sexual activity.

(2) The pilot program to reduce crisis teen pregnancy may include a teen leader component using teen leaders, slightly older

than those in the pilot program, to teach young teens how to postpone sexual activity. Teen leaders shall always be accompanied by adult leaders.

Sec. 23. The Department of Health shall develop a media plan and public relations plan focusing on reducing crisis teen pregnancy and shall research alternative sources of funding for such plan, including, but not limited to, private and federal sources of funding. When developing the media and public relations plan, culturally diverse populations of the state shall be considered to maximize the effectiveness of the plan. The goals of the media and public relations plan are to:

(1) Inform the public that the teen and family education components which promote postponing sexual activity are available;

(2) Raise awareness among Nebraskans of the economic and health consequences of crisis teen pregnancy;

(3) Encourage young Nebraskans, especially teens, to access local educational programs to better learn and practice skills needed to postpone sexual activity and prevent crisis teenage pregnancy;

(4) Promote community awareness and increase participation in addressing the problems related to crisis teenage pregnancy;

(5) Provide support to local educational programs to promote crisis teenage pregnancy prevention; and

(6) Contribute to a supportive environment for young teens who are resisting pressures toward sexual activity.

Sec. 24. The Department of Health shall use for an evaluation component which evaluates the process and the impact of the pilot program and may contract for the evaluation component. The evaluation program shall measure all facets of the program, including the media and public relations plan, the teen education component curriculum, and the family education component. The department may contract with another agency or organization to provide comprehensive training to the staff of the pilot program, including:

(1) The teen and family education components;

(2) Community organization strategies; and

(3) Ways to use the media and public relations plan to support the pilot program.

Sec. 25. It is the intent of the Legislature that an appropriation for fiscal year 1995-96 be made for planning and development of the crisis teen pregnancy pilot program. The pilot program shall be ready for implementation on or before September 1, 1996. The Department of Health shall report to the Legislature on or before December 1, 1996, information regarding the estimated appropriation needed to make the program available statewide.".

2. On page 16, line 18, strike "and 68-1735" and insert "68-1735, and 71-6909".

3. Amend the operative date provision so that the

sections added by this amendment become operative on their effective date with the emergency clause.

4. Renumber the remaining sections and correct internal references accordingly.

Messrs. Lindsay and Dierks asked unanimous consent to print the following amendment to LB 455 in the Journal. No objections. So ordered.

ATTORNEY GENERAL'S OPINION

Opinion No. 95027

DATE:	April 11, 1995
SUBJECT:	LB 519; Can the Legislature Void a Contingent Fee Contract Previously Entered Into by a State Agency?
REQUESTED BY:	Senator Roger R. Wehrbein Nebraska State Legislature
WRITTEN BY:	Don Stenberg, Attorney General Dale A. Comer, Assistant Attorney General

On August 12, 1994, the Nebraska Department of Social Services (the "Department") entered into a contract with an entity called Maximus which provides that Maximus is to assist the Department in increasing the federal revenues obtained by the state in connection with programs administered by the Department where federal funds are available. In return for this assistance in obtaining additional funding, the contract provides that Maximus is to receive a set percentage of the total net increase in federal funds secured by the state over a two-year period as defined in the contract. You have posed two questions to us in connection with this contract between the state and Maximus.

1. Authority of the Department to contract with Maximus.

You first ask, "{d}oes the Department of Social Services have the authority to enter into such a contract such that the contract is binding on the state of Nebraska?" We must respectfully decline to provide on opinion to you on this question for the reasons discussed below.

On February 17, 1995, Matt Butler filed an Application in the Nebraska Supreme Court asking for leave to file an original action in that Court which would test the constitutionality of the Maximus contract at issue. The named defendants in that Application included Governor Nelson, State Treasurer Heineman, and Mary Dean Harvey, Director of the Department of Social Services. It is our understanding that Mr. Butler's Application for leave to file an original action was denied by the Supreme Court on February 23, 1995. Nevertheless, Mr. Butler could still proceed with his action to test the constitutionality of the contract in district court, in which case we would be called upon to defend the state constitutional officers involved and the contract. Since it appears that litigation may be imminent with respect to this contract, we must decline to issue the opinion you requested in keeping with our general policy which is to decline to offer opinions on matters involved in pending litigation.

In addition, in our Op. Att'y Gen. No. 157 (December 24, 1985) to Senator Beutler, we noted that state officers are generally entitled to our advice upon questions of law which arise "in the discharge of their duties." Fullmer v. State, 94 Neb. 217, 142 N.W. 908 (1913). In keeping with that rule, we stated that our policy is to provide opinions to state legislators for valid legislative purposes only, which normally include the passage, alteration, or repeal of state statutes. In the present instance, your question concerning the Department's authority to enter into the Maximus contract is not tied to any specific legislative bill pending before the current session of the Legislature, nor have you stated any other legislative purpose for your inquiry. Therefore, we must respectfully decline to provide the opinion which you have requested concerning the Department's authority for the Maximus contract.

2. Authority of the Legislature to void the Maximus contract.

Your second question involves LB 519 and the Maximus contract. That bill states, in its entirety:

> Sec. 1. The Legislature finds that contingent fee contracts which provide for the payment of millions of dollars in fees by the state should be subject to legislative review and public scrutiny before being executed by a state agency on behalf of the state. Therefore, any contract between a state agency and another party which purports to obligate the state to pay contingent fees based upon the net increase in federal financial participation revenue obtained through the actions of the other party is void. This section applies to contracts executed prior to, on, or after the effective date of this act.
>
> Sec 2. Since an emergency exists, this act takes effect when passed and approved according to law.

You wish to know, "{i}f the Department of Social Services has the authority to enter into such a contingency contract and this {Maximus} contract is binding on the state, then can the legislature pass subsequent legislation that invalidates this contingency contract as embodied in LB 519?" For the reasons discussed at length below, we believe that there are constitutional difficulties with legislation such as LB 519 which would invalidate or void existing contracts with the state.

For purposes of your question involving the Maximus contract and LB 519, we assume that the Department has the necessary authority to enter into the contract, and that the contract is binding upon the state. Under those circumstances, contracts to which a state is a party are within the constitutional prohibitions against the impairment of the obligations of contracts. U.S. Const. art. I, § 10, cl. 1; Neb. Const. art. I, § 16; 16A C.J.S. Constitutional Law § 287. As stated by the Nebraska Supreme Court in Todd v. Board of Educational Lands and Funds, 154 Neb. 606, 48 N.W.2d 706 (1951):

> {The state}, by entering into a contract, abandons its attributes of sovereignty and binds itself, to the extent of its power to contract, substantially as an individual does when he makes a contract. The state may not impair any of the substantial rights secured by its contract to a citizen with whom it contracts. * * *
>
> A lease made in compliance with the direction and permission of the Legislature between the state and the lessee is a contract and is property. The rights resulting from the contract vest on its execution and delivery. The state may not subsequently by legislation deprive the lessee of any substantial right secured to him by the lease. Constitutional guarantees and prohibitions safeguard it. These include the mandate that no state shall deprive any person of property without due process of law; no state shall enact any law impairing the obligations of a contract; and the property of no person shall be taken or damaged for public use without compensation.

Id. at 610, 611, 48 N.W.2d at 710. Therefore, the obvious question presented by LB 519 and its provisions which would void an existing contract is whether that bill, if passed, would unconstitutionally impair the obligations of a contract with the state. We believe that it is likely that a court would conclude that such an impairment does exist.

In Halpin v. Nebraska State Patrolmen's Retirement System, 211 Neb. 892, 320 N.W.2d 910 (1982), the Nebraska Supreme Court set out the considerations which must be taken in account with respect to legislation which might impair a state's own obligations:

> "Where . . . it is claimed that the contract clause prohibits a state's statutory modification of its own obligations, the court must determine whether contractual obligations within the purview of the contract clause exist; if so, whether the state legislation under attack impaired those obligations; and if there is an impairment of contract, whether it is forbidden by the Constitution."

Id. at 896, 897, 320 N.W.2d at 913 (quoting Pineman v. Oechslin, 494 F.Supp. 525, 538 (D. Conn. 1980)). A similar analysis is necessary with respect to LB 519.

With regard to the initial determination required in the Halpin case, the court in that instance engaged in a detailed analysis of state patrol pension provisions to determine if those provisions created contractual obligations and rights which were enforceable on behalf of the state patrol officer who was the plaintiff. In the present instance, no such analysis is necessary. A contract currently exists between the Department and Maximus which imposes obligations upon both of those parties and which would be voided if LB 519 is enacted. We believe that this contract comes within the purview of the Contract Clause for the reasons stated in the Todd case cited above.

The next consideration with respect to LB 519 involves a determination as to whether that bill would impair the obligations contained in the Maximus agreement.

At first glance, it seems obvious that legislation which would void a particular contract would impair the obligations of that contract. However, there are a number of cases which indicate that impairment of a contract's obligations and breach of that contract may be distinguished, and that a state may breach its contract or refuse to perform it without impairing its obligations under that contract.[1] Hays v. Port of Seattle, 251 U.S. 233 (1920); Brown v. State of Colorado, 106 U.S. 95 (1882); Grantham v. City of Chadron, 20 F.2d 40 (8th Cir. 1927), McDougal v. Racine County, 156 Wis. 663, 146 N.W. 794 (1914). The damaged party's remedy in such an instance is a suit for damages, and the theory is that the obligation of the state still exists, it simply has been repudiated, and that repudiation forms the basis for damages. As the United States Supreme Court stated in the Hays case, which involved a contract for work on the port of Seattle:

> . . . it is important to note the distinction between a statute that has the effect of violating or repudiating a contract previously made by the state and one that impairs its obligation. Had the Legislature of Washington, pending performance or after complete performance by complainant, passed an act to alter materially the scope of his contract, to diminish his compensation, or to defeat his lien upon the filled lands, there would no doubt have been an attempted impairment of the obligation. The legislation in question had no such purpose or effect. It simply . . . provided that the project should be abandoned and title to the public lands turned over to the municipality. * * * {the municipality's} obligation remained as before, and formed the measure of {the complainant's} right to recover from the state for damages sustained.

251 U.S. at 237. These cases, therefore, seem to indicate that legislation requiring a breach or abandonment of the Maximus contract would not violate the Contract Clause, in part because, in such an instance, the state would still have an obligation under the contract which could form the basis for a suit against the state for damages. However, LB 519 goes beyond requiring a breach of the contract with Maximus, and provides that the Maximus contract and others like it shall be void. A void contract generally is of no force or effect and incapable of being enforced by law. Black's Law Dictionary 1411 (5th ed. 1979). Consequently, a further issue remains concerning LB 519 and the Contract Clause. That issue involves the basis for the differentiation between breach and impairment discussed above.

In Ogden v.Saunders, 25 U.S. 213 (1827), the United States Supreme Court stated:

> {T}he error of those who controvert the constitutionality of the bankrupt law under consideration . . . has arisen from not distinguishing accurately between a law which impairs a contract, and one which impairs its obligation. A contract is defined by all to be an agreement to do, or not to do, some particular act; . . . . Any

> law, then, which enlarges, abridges, or in any manner changes, this {agreement} . . . necessarily impairs the contract . . . . * * *
>
> It is a law which impairs the obligation of contracts, and not the contracts themselves, which is interdicted {by the Contract Clause}. * * * What is it, then, which constitutes the obligation of a contract? * * * {I}t is the law which binds the parties to perform their agreement. The law, then which has this binding obligation, must govern and control the contract, in every shape in which it is intended to bear upon it, whether it affects its validity, construction or discharge.

Id. at 256, 257. This distinction between impairment of the contract and impairment of the obligation of the contract was further described by the Supreme Court of Oregon as follows:

> The distinction has an analogy in private contract law in the distinction between a failure or refusal to perform according to the terms of a contract and an assertion of the invalidity or nonexistence of the contract terms under which that performance is specified. A failure or refusal to perform a contract is not inconsistent with recognition of the contract's validity. * * *
>
> Ogden v. Saunders, supra, established that the obligation of a contract was to be understood as the legal duties imposed upon the contracting parties by the operation of law upon the contract. Ordinarily, parties to a contract are not obliged to perform the contract according to its terms; in lieu of performance, the breaching party may compensate the nonbreaching party for the failure to perform as directed by the contract. "{I}t has been said, that the obligation of a contract consists in the power and efficacy of the law, which applies to, and enforces performance of it, or an equivalent for non-performance."

Eckles v. State of Oregon, ___ Or. ___, 760 P.2d 846, 859 (1988) (citations omitted).[2] As a result, the Contract Clause does not prevent the Legislature from enacting legislation which would require abandonment or other impairment of the Maximus contract, so long as the underlying obligation upon the state remains, and so long as a cause of action against the state remains for damages. On the other hand, legislation such as LB 519 which would void the state's underlying obligation under the Maximus contract, presumably along with any cause of action against the state for breach of contract, would impair the state's contractual obligations under the Contract Clause in both the federal and state constitutions. This situation involving LB 519, therefore, meets the second portion of the Halpin test set out above.

The final portion of the Halpin test involves a determination as to whether the particular impairment of contractual obligations in question is forbidden by the Constitution. Certain impairments may pass constitutional muster if they are both reasonable and necessary to serve an important public purpose. Halpin at 901, 320 N.W.2d at 915. However, meeting this important public purpose test is no easy task, and the legislation in question must involve a vital interest of the state. Halpin at 901, 320 N.W.2d at 915. As the Court noted,

> . . . the application of the tests of necessity and reasonableness requires a much greater degree of judicial scrutiny in cases, such as this one, involving {state action} which purports to abrogate a state's own financial obligation than in cases involving an impairment by the state of purely private contracts.

Halpin at 901, 320 N.W.2d at 915.

Given the stringent standard set out in the Halpin case involving the state's own obligations, we believe that a court would have some difficulty in finding that the impairment of contractual obligations occasioned by LB 519 involves a vital interest of the state. Since we must assume that the Department has the authority to enter into the Maximus contract, we must also assume that the Legislature, at some point, saw fit to give the Department that authority. Moreover, the brief provisions of LB 519 do not provide much indication as to what vital interests of the state would be furthered by voiding the Maximus contract at this date, and LB 519 clearly does not involve an exercise of the state's police power, an exercise of the power of eminent domain or any of the other reasons traditionally offered as justifications for the state's impairment of contractual obligations. Energy Reserves Group v. Kansas Power & Light, 459 U.S. 400 (1983); Home Bldg. & Loan Ass'n. v. Blaisdell, 290 U.S. 398 (1934); West River Bridge Co. v. Dix, 47 U.S. 507 (1848). As a result, it appears to us that the impairment of contractual obligations brought about by LB 519 would be forbidden by the Constitution. That bill, therefore, is improper under the criteria established in the Halpin decision.

In sum, we do not believe, for the reasons discussed above, that the Legislature may constitutionally void the existing Maximus contract through passage of LB 519. We would note, however, that our conclusions in that regard apply only to those portions of LB 519 which would void existing contracts with the state. The Legislature, if it chooses, may constitutionally provide that contracts of the nature of those proscribed by LB 519 are void if entered into on or after the effective date of the legislation in question.

[1] Both the federal and state constitutional provisions at issue prohibit the Legislature from passing laws which would impair "the obligation of contracts."

[2] The Eckles case involved the constitutionality of an Oregon statute under the Contract Clause of the Oregon Constitution. That provision is almost identical to art. I, § 16 of the Nebraska Constitution, and prohibits laws which would impair the obligation of contracts.

Sincerely yours,
DON STENBERG
Attorney General

AM1638

1. Insert the following new sections:

Sec. 19. Any licensed adoption agency which certifies by affidavit filed with the Department of Social Services that it has prospective customers in the top tenth percentile income bracket who desire to adopt a newborn child shall make written application at the time of filing its affidavit to obtain the newborn child of any unmarried woman (1) having less than a twelfth-grade education, (2) whose income is below the poverty level established by the federal government, or (3) whose intelligence quotient is no higher than seventy-two. The department shall file copies of all affidavits and applications with each hospital and health care provider in this state who may tend or provide care or services to a pregnant woman.

Sec. 20. The newborn child of a mother described in section 19 of this act shall be handed over to the adoption agency whose affidavit and application appear highest on the list of adoption agencies maintained by the department, a copy of which has been provided to the hospital or health care provider.

Sec. 21. Should a multiple birth occur, the mother may be permitted to keep one of her babies unless, in the sole discretion of the department, all of the babies should be taken. Whenever a multiple birth is indicated, the hospital or health care provider shall immediately notify the department in writing. When making a determination of whether the mother shall be permitted to keep one child, the best interests of the adoption agencies and their prospective customers shall be given consideration by the department.

Sec. 22. All parental rights of any mother described in sections 19 to 28 of this act shall be terminated permanently and irrevocably by operation of law.

Sec. 23. In the event that no customer of the adoption agency whose application is being processed desires to adopt the child under consideration, such child shall be passed down to the next agency on the list of the Department of Social Services and such process shall be continued until an agreement is reached for placement of the child. If no agreement for placement is reached by any agency on the department's list, the child shall become a ward of the state and shall be dealt with in the same manner as other wards.

Sec. 24. For purposes of sections 19 to 28 of this act, newborn applies to the first thirty days following the birth of a child. Such period permits prospective customers to evaluate the child to determine whether the child is suitable for their purposes and to allow other agencies on the list of the Department of Social Services to attempt to consummate a placement if circumstances warrant.

Sec. 25. Any hospital or health care provider who hands over a newborn child to any adoption agency pursuant to these provisions shall inform the mother of such child that her baby was stillborn and that its body was disposed of in accordance with the rules and procedures of the hospital or health care provider.

Sec. 26. No hospital or health care provider who substantially complies with these provisions shall have any liability civil or criminal for any acts or omissions.

Sec. 27. No court shall have jurisdiction to review or hear any case or matter whatsoever involving agreements or activities undertaken or performed by any person or agency authorized or empowered to act pursuant to sections 19 to 28 of this act.

Sec. 28. The Department of Social Services shall adopt rules and regulations for determining the intelligence quotient of pregnant women affected by sections 19 to 28 of this act.".

2. Amend the operative date provision so that sections 19 to 28 added by this amendment become operative on their effective date with the emergency clause.

3. Renumber the remaining sections and correct internal references accordingly.

ATTORNEY GENERAL'S OPINIONS

Opinion No. 95029

DATE:	April 10, 1995
SUBJECT:	Whether State law requires that a peace officer have a Nebraska operator's license.
REQUESTED BY:	Senator Michael T. Avery Nebraska State Legislature
WRITTEN BY:	Don Stenberg, Attorney General

Donald D. Moravec, Assistant Attorney General

You have asked if State law requires that a peace officer possess a valid Nebraska operator's license to perform his or her duties. There are no specific laws addressing this issue. It is our opinion that a peace officer, like any citizen, must have a valid operator's license which has been issued by the State of his or her residence.

The Motor Vehicle Operator's License Act (License Act) Neb. Rev. Stat. §§ 60-462 to 60-4,188, is instructive in answering your question. Neb. Rev. Stat. § 60-484(1) (Cum. Supp. 1994) provides in part, " . . . {N}o resident of the State of Nebraska shall operate a motor vehicle upon the alleys or highways of the State of Nebraska until the person has obtained an operator's license for that purpose . . . " The License Act does not define the term resident, but Nebraska election laws and Supreme Court decisions generally define a residence as the place where a person has established a home, is habitually present at that location, and when they leave they intend to return to that location, see Neb. Rev. Stat. § 32-107 (1993): Wray v. Wray, 149 Neb. 376, 31 N.W.2d 228 (1948).

The License Act defines a non-resident as a person who is not a resident of the state, Neb. Rev. Stat. § 60-472 (1993), and provides the non-resident with the privilege of operating a motor vehicle in Nebraska, under the general motor vehicle laws, "but in no event shall such immunity extend beyond a period of thirty days continuous residence in the State of Nebraska." Neb. Rev. Stat. § 60-488(1) (1993). The State's grant of immunity to a non-resident is conditioned upon that person having a valid operator's license from the state of their residence. § 60-488(2)(a).

A peace officer seeking admission to the Nebraska Law Enforcement Training Center must, amongst other criterion, possess a valid motor vehicle operator's or chauffeur's license. Neb. Rev. Stat. § 81-1410(2)(d) (1994). That condition does not require the license to be one issued by the State of Nebraska. If the Legislature had required the peace officer to possess a valid Nebraska operator's license, that would have legislatively mandated that only Nebraska residents could be peace officers.

Nebraska law is silent as to state or local residency requirements of governmental employees, of the nature discussed herein. Courts have upheld state laws and municipal ordinances allowing for or requiring residency as a condition of employment. McCarthy v. Philadelphia Civil Service Commission, 424 U.S. 645, 96 S.Ct. 1154, 41 L.Ed.2d 366 (1976) (municipal residency requirements for maintaining employment are not irrational); Salem Blue Collar Workers Ass'n v. City of Salem, 33 F.3d 265 (3rd Cir. 1994) (Salem, New Jersey, ordinance requiring city employees reside within city served legitimate governmental purpose); Clinton Police Dept. v. City of Clinton, 464 N.W.2d 875 (Iowa 1991) (city ordinance, under authority of state law, setting distance employees could live from work places is constitutional).

Sincerely,
DON STENBERG

Opinion No. 95030

DATE: April 11, 1994

SUBJECT: Constitutionality of Proposed AM0545 to LB 615; Special Legislation, Detached Branch Banks

REQUESTED BY: Senator Timothy J. Hall
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Fredrick F. Neid, Assistant Attorney General

You have requested our opinion regarding the constitutionality of a proposed amendment, AM0545, to LB 615. The proposed amendment restricts the number of detached branch banks which may be established in a city of the primary class to three if the main office of the bank is located within an unincorporated city or area in a Class II county.

The amendment would change certain provisions of Neb. Rev. Stat. § 8-157 (1994 Cum. Supp.) to include the following:

> (ii) With the approval of the director, any bank in existence on the effective date of this act, the main office of which on the effective date of this act is located within an unincorporated city or unincorporated area in a Class II county which contains a city of the primary class, may establish prior to July 1, 2005, and maintain not more than three detached branch banks within the corporate limits of such city of the primary class, at which all banking transactions allowed by law may be made.

Specifically, you inquire whether the restriction set forth in the proposed amendment would constitute special legislation as either "an unreasonable or a closed classification."

Article III, Section 18, of the Nebraska Constitution prohibits the Legislature from passing "local or special laws . . . {g}ranting to any corporation . . . any special or exclusive privileges, immunity, or franchise whatever. . . ." A legislative act can violate Neb. Const. art. III, § 18, as special legislation in one of two ways: (1) by creating a totally arbitrary method of classification, or (2) by creating a permanently closed class. Mapco v. State Bd. of Equal., 238 Neb. 565, 471 N.W.2d 734 (1991); City of Scottsbluff v. Tiemann, 185 Neb. 256, 175 N.W.2d 74 (1970).

UNREASONABLE CLASSIFICATION

At first glance, it appears that the amendment would establish an unreasonable class consisting of banks with main offices within an unincorporated city or area and outside the corporate limits of a city of the primary class (City of Lincoln). To be valid as a reasonable classification, the legislative class must be based on some substantial difference or circumstances that would suggest the validity of diverse legislation with respect to the objects so classified. The amendatory language precludes a bank from establishing more than three detached branched banks within a city of the primary class if the bank is located within an unincorporated city or area. Other banks with their main offices located in the corporate limits are authorized to establish nine detached branch banks. See Neb. Rev. Stat. § 8-157(c)(i). Thus, the amendment establishes two classes of banks. The first class includes banks within the corporate limits of the city, and the second includes banks with main offices located in an unincorporated area outside the corporate limits of the city. It is only the latter class that is subjected to the limitation of three detached branch banks.

The Legislature may make classifications but cannot do so arbitrarily and unreasonably. Cox v. State, 134 Neb. 751, 279 N.W. 482 (1938). Further, the classifications must be based on substantial differences of situations or circumstances that would naturally suggest the justice or expediency of diverse legislation with respect to the objects to be classified. State ex rel. Douglas v. Marsh, 207 Neb. 598, 300 N.W.2d 181 (1980). The proper inquiry therefore is whether branch bank limitations imposed on banks with main offices located in unincorporated areas bears a reasonable and substantial relationship to the state's interest in regulating the number of branch facilities that may be established. In viewing this inquiry, we note that a bank located in a Class I or a Class III county may establish an unlimited number of detached branch banks. Class I counties are defined as counties in this state with a population of three hundred thousand or more; Class II counties are those counties with a population of two hundred thousand and less than three hundred thousand; and Class III counties are counties with a population of at least one hundred thousand and less than two hundred thousand. See Neb. Rev. Stat. § 8-157(2)(f)(i), (ii), (iii). Accordingly, only banks in Class II counties are restricted to a limited number of branch bank facilities in counties having a population of one hundred thousand or more.

Further, there appears to be only one Class II county having a city of the primary class located therein. Cities of the primary class are defined by Neb. Rev. Stat. § 15-101 (1994 Cum. Supp.) to be cities having more than one hundred thousand and less than three hundred thousand inhabitants. The only city we are aware of that is a city of the primary class is Lincoln, Nebraska. For this reason, it seems that only banks in Lancaster County having their main offices in unincorporated areas are subject to the limit of three branch bank facilities within the corporate limits of the city. In this state, branch banks are authorized on a county-wide basis, and the number of branches that may be established is dependent on the population of the county categorized by class. Only banks in a Class II county with main offices in unincorporated areas are subject to the limitation. For this reason, we believe the classification is constitutionally suspect because the classification appears to bear no substantial and reasonable relationship to the stated objects of the legislation.

CLOSED CLASS

The second consideration in determining whether the classification constitutes special consideration depends on whether the class of banks is a closed class. A classification which limits the application of the law to a present condition and leaves no room or opportunity for an increase in the numbers of the class by future growth or development is special. In deciding whether a statute legitimately classifies, the court must consider the actual probability that others will come under the act's operation. See Haman v. Marsh, 237 Neb. 699, 467 N.W.2d 836 (1991); City of Scottsbluff v. Tiemann, 185 Neb. 256, 175 N.W.2d 74 (1970).

The class of banks created and so restricted appears to be a closed class since the number of banks is limited to those with main offices in unincorporated areas on the effective date of the legislation. That is, it is highly unlikely that the class of banks can expand since the number of banks affected would be fixed as of the effective date of the act. It seems that banks established in unincorporated areas after the effective date would not be subject to the branch bank limitation. Clearly, the restrictions would not operate equally on all banks similarly located in the county. The class is so narrowly constructed that we do not perceive any sequence of events whereby the class of banks could expand beyond the number in existence on the effective date of the legislative act.

CONCLUSION

The legislative class appears unreasonable, and the classification to be absolutely closed. For these reasons, we conclude that the amendatory provisions would be subject to legal challenge as special legislation in contravention of Neb. Const. art. III, § 18.

Sincerely yours,
DON STENBERG

Sec. 10. Section 81-1108.21, Reissue Revised Statutes of Nebraska, is amended to read:

81-1108.21. (1) All office space in the capitol building or in any other state office building assigned to the executive, judicial, or legislative branches of government ~~on April 6, 1976,~~ shall remain under the control of the branch assigned such space unless the space is required by the legislative branch as determined by the Legislature upon the recommendation of the Executive Board of the Legislative Council. ~~except as provided in this subsection. When space is made available as the result of the movement of agencies into the new state office building, the state building division shall coordinate relocation of offices in the capitol building. A plan sanctioned by the Governor and Executive Board of the Legislative Council shall be developed by the division by June 1, 1976. The plan shall accommodate permanent private offices for each member of the Legislature and shall provide sufficient space for operations through 1980. Such plan shall include adequate legislative hearing rooms, relocation of press facilities, and support staff of such agencies. No space shall be taken from either the judicial or legislative branch without the consent of the Chief Justice or the Legislature if in session, or by the Executive Board of the Legislative Council if the Legislature is not in session, respectively. The needs for space of the Legislature shall be determined by the Legislature if in session and by the Executive Board of the Legislative Council if the Legislature is not in session. Except as provided in this subsection, no required space shall be taken from the executive branch without concurrence of the Governor.~~

(2) ~~The~~ After the determination by the Legislature pursuant to subsection (1) of this section, the administrator shall be responsible to the director for the determination of the space needs of all other departments and agencies of the state and for the assignment of the remaining office space. ~~within the executive branch.~~ The determination of such needs shall be based on considerations of: (a) ~~Space available~~ The availability of space as provided in this section within the capitol building and other state office buildings; (b) the desirability of locating all divisions and other organizational subunits of each department and agency of the state in physical proximity to the office of its head; (c) the degree to which the convenience of the public may be served by assignment of various areas within the capitol building

or other state office buildings to the agencies and departments having requirements for direct dealing with the public in accordance with the volume of such dealings and the nature of the population served; (d) the interdependence of functions and operating procedures of the various agencies with one another as such interdependence may be efficiently accommodated through physical proximity in the location of assigned space; (e) applicable standards governing office requirements as may be developed; (f) proposed additions to functions or programs or creation of new functions or programs as authorized and required by action of the Legislature; (g) the availability of appropriations with which to finance renovations, remodeling and movement of equipment necessary to accommodate any proposed assignment or reassignment of area; (h) the degree to which funds raised by general taxation or having effect on the level of general taxation shall be affected by any proposed assignment of space outside the capitol building or other state office buildings; and (i) conformity to federal standards in the assignment of space in buildings constructed with federal funds.

(3) The division shall have responsibility for provision and replacement of lighting, lighting fixtures, heating, cooling and ventilation, janitorial, custodial, and all other building services, including care and custody of the capitol buildings and grounds as may now be provided by law.

(4) Responsibility for employment and supervision of custodial and janitorial workers for areas of the capitol building occupied by the Legislature, the courts, and executive departments and agencies shall be in accordance with such agreements as may be defined by authorized representatives of the three branches. All ~~;~~ ~~PROVIDED, that all~~ funds for improvements, remodeling, renovation, partitioning or replacement of major fixtures, including carpeting, flooring, provision of drapes, lighting fixtures, and lamps, within any area of the capitol building or other state office building shall be at the disposal of the administrator.".

"(c) To procure and manage office space and assign the remaining office space after the Legislature has made its determination pursuant to subsection (1) of section 81-1108.21;".

3. On page 25, line 7, after the second comma insert "81-1107,"; and in line 8 after the second comma insert "81-1108.21,".

4. Renumber the remaining sections accordingly.

ATTORNEY GENERAL'S OPINIONS

Opinion No. 95031

DATE: April 18, 1995

SUBJECT: LB 337 - Constitutionality of Legislation Regulating the Initiative and Referendum Petition Process; Impact of LR 6CA on LB 337

REQUESTED BY: Senator M.L. Dierks
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Steve Grasz, Deputy Attorney General

You have requested the Attorney General's opinion on three questions relating to the constitutionality of LB 337, and the relationship between LB 337 and LR 6CA - both of which pertain to the initiative and referendum petition process.

I. Constitutionality of LB 337

Your first question is "whether the provisions of LB 337, which include requirements for public hearings, publication and distribution of information, submission of proposals to the Revisor of Statutes, minimum residency requirements of petition circulators, and labeling of petition forms violate the current version of the Nebraska Constitution. . . ." To answer this question, we must analyze the provisions of LB 337 in light of Neb. Const. art. III, § 4 and Nebraska case law interpreting that provision. To fully address your question, it is also necessary to examine the provisions of LB 337 under the First Amendment.

A. Provisions of LB 337

LB 337 (as printed in the Enrollment and Review Amendment) (AM 7061) (March 16, 1995) amends portions of Nebraska's Election Act and repeals original sections 32-101, 32-202, 32-628, 32-1404, 32-1405, 32-1409, and 32-1413. The substantive provisions, for purposes of this discussion, are as follows:

Section 2 requires the Secretary of State to develop a manual for election commissioners and county clerks describing the initiative and referendum process.

Section 3 amends Neb. Rev. Stat. § 32-628 (Cum. Supp. 1994) to require that each sheet of a petition contain a statement in sixteen-point or larger type in red ink specifying whether the petition is being circulated by a paid circulator or a volunteer circulator.

Section 4 amends § 32-1404 to require that petition circulators shall have been registered to vote in Nebraska for one month prior to circulating an initiative or referendum petition.

Section 5 requires that a statement of the object of the petition and the text of the measure be filed with the Secretary of State prior to obtaining any signatures. This section further provides:

> (2) Upon receipt of the filing, the Secretary of State shall transmit the text of the proposed measure to the Revisor of Statutes. The Revisor of Statutes shall review the proposed measure and suggest changes as to form and draftsmanship. The revisor shall complete the review within ten days after receipt from the Secretary of State. The Secretary of State shall provide the results of the review and suggested changes to the sponsor but shall otherwise keep them confidential for five days after receipt by the sponsor. The Secretary of State shall then maintain the opinion as public information and as a part of the official record of the initiative. The suggested changes may be accepted or rejected by the sponsor.
>
> (3) The Secretary of State shall prepare five camera-ready copies of the petition from the information filed by the sponsor and any changes accepted by the sponsor and shall provide the copies to the sponsor within five days after receipt of the review required in subsection (2) of this section. The sponsor shall print the petitions to be circulated from the forms provided.
>
> (4) The changes made to this section by this legislative bill shall apply to initiative and referendum petitions filed on or after the effective date of this act.

Section 6 amends § 32-1409 and provides that the election commissioner or county clerk must check the petition signer's signature, printed name, street and number or voting precinct, and city, village, or post office address with the voter registration records to determine whether the signer is a registered voter. If any of the above information from the registration records does not match the information from the petition, the signature and address are presumed to be invalid. Under current law, the signature and address are presumed to be valid if the election commissioner or county clerk has found the signer to be a registered voter.

Section 7 provides:

> (1) The Secretary of State shall develop and print one informational pamphlet on all initiative and referendum measures to be placed on the ballot. The pamphlet shall include the measure number, the ballot title and text, and the full text of each initiated or referred measure and arguments both for and against each measure.

> (2) The Secretary of State shall write the arguments for and against each measure, and each set of arguments shall consist of no more than two hundred fifty words. Information for the arguments may be provided by the sponsors of the measure, opponents to the measure, and other sources.
>
> (3) The Secretary of State shall distribute the pamphlets to election commissioners and county clerks at least six weeks prior to the election. The election commissioners and county clerks shall immediately make the pamphlets available in their offices and in at least three other public locations that will facilitate distribution to the public.

The Secretary of State is given full control over the contents of the arguments presented for and against each measure in the pamphlets, and no requirement of objectivity is specified.

Section 8 provides:

> After the Secretary of State certifies the initiative and referendum measures for the ballot under subsection (3) of section 32-1411, the Secretary of State shall hold one public hearing in each congressional district for the purpose of allowing public comment on the measures. Notice of each hearing shall be published once in a newspaper of general circulation in the congressional district in which the meeting will be held not less than five days prior to the hearing. The hearings shall be held not more than eight weeks prior to the election.

B. Constitutional Requirements for Laws Regulating the Initiative and Referendum Process.

1. Initiative and Referendum are Cherished and Fundamental Rights of Nebraska Citizens.

The Nebraska constitutional provisions dealing with petitions for initiative and referendum are cherished and fundamental rights. Article III, Section 1, provides in part:

> The people reserve for themselves, however, the power to propose laws, and amendments to the constitution, and to enact or reject the same at the polls, independent of the Legislature, and also reserve power at their own option to approve or reject at the polls any act, item, section, or part of any act passed by the Legislature.

Article III, Section 2 provides in part:

> The first power reserved by the people is the initiative whereby laws may be enacted and constitutional amendments adopted by the people independently of the Legislature. This power may be invoked by petition wherein the proposed measures shall be set forth at length.

Article III, Section 3 provides in part:

> The second power reserved is the referendum which may be invoked, by petition, against any act or part of an act of the Legislature, except those making appropriations for the expense of the state government or a state institution existing at the time of the passage of such act.

Article III, Section 4 provides in part:

> The provisions with respect to the initiative and referendum shall be self-executing, but legislation may be enacted to facilitate their operation.

(Emphasis added).

In State ex rel. Brant v. Beermann, 217 Neb. 632, 350 N.W.2d 18 (1984), the Nebraska Supreme Court commented on the above constitutional provisions. The court described the precious nature of the initiative and referendum process:

> By the foregoing constitutional provisions the people of the State of Nebraska have reserved the power to propose and enact laws independent of the Legislature. Consequently, the Legislature and the electorate are concurrently equal in rank as sources of legislation. Provisions authorizing the initiative should be construed in such a manner that the legislative power reserved in the people is effectual. See Klosterman v. Marsh, 180 Neb. 506, 143 N.W.2d 744 (1966); State ex rel. Morris v. Marsh, 183 Neb. 521, 162 N.W.2d 262 (1968); Adams v. Bolin, 74 Ariz. 269, 247 P.2d 617 (1952). Such right reserved in the people of Nebraska is so precious and jealously guarded that the Governor cannot veto measures initiated by the people. See Neb.Const. art. III, §4.
>
> "The right of initiative is precious to the people and is one which the courts are zealous to preserve to the fullest tenable measure of spirit as well as letter." McFadden v. Jordan, 32 Cal.2d 330, 332, 196 P.2d 787, 788 (1948). . . .
>
> Provisions concerning the initiative, the legislative power reserved to the people, should receive liberal construction to effectuate the policy proposed and adopted by the initiative as a part of the democratic process. See State v. Davis, 418 S.W.2d 163, (Mo. 1967); cf. State ex rel. Boyer v. Grady, 201 Neb. 360, 269 N.W.2d 73 (1978) (powers of the initiative and referendum regarding municipalities are to be liberally construed to permit, rather than restrict, the power and to attain, rather than prevent, its object).

Id. at 636, 350 N.W.2d at 21. See also State ex rel Morris v. Marsh, 183 Neb. 521, 545, 162 N.W.2d 262 (1968) ("The powers reserved to the people by initiative and referendum acts have long been regarded as sacrosanct. . . .").

2. Nebraska's Constitutional Standard of Review

Statutory enactments may not directly or indirectly limit, curtail, or destroy the rights of initiative and referendum, which are expressly declared to be self-executing. The Legislature may only facilitate the initiative process. If the Legislature hinders these rights, the statute is unconstitutional and void.

Under the Nebraska Constitution, the people, by means of the initiative and referendum, are of equal status as a legislative body with the legislature.

> Under Nebraska constitutional provisions vesting the legislative power of the state in the Legislature, but reserving to the people the right of initiative and referendum, the Legislature, on the one hand, and the electorate on the other, are coordinate legislative bodies, and

> there is no superiority of power between the two. In the absence of specific constitutional restraint, either may amend or repeal the enactments of the other.

Klosterman v. Marsh, 180 Neb. 506, 511, 143 N.W.2d 744, 748 (1966) (emphasis added). See also State ex rel. Brant v. Beermann, 217 Neb. at 636, 350 N.W.2d at 21. Thus, an act by the legislature restricting the initiative and referendum process is similar to an act by one house of a bicameral legislature purporting to restrict the powers of the other house. Such acts must be closely scrutinized. See Urevich v. Woodard, 667 P.2d 760, 762 (Colo. 1983) ("Any law that limits this 'fundamental right {to petition} at the very core of our republican form of government' is viewed with the closest scrutiny."). See also Citizens for Financially Responsible Government v. City of Spokane, 99 Wash.2d 339, 351, 662 P.2d 845, 852 (1983) (". . . deliberate efforts by a legislative body to circumvent the initiative or referendum rights of an electorate will not be looked upon favorably by this court.").

a. The Legislature may only make laws which facilitate the initiative process.

The Nebraska Supreme Court has construed the constitutional provisions dealing with initiative and referendum petitions as precious and fundamental rights reserved in the people free from interference by the Legislature, save only the legislative right to pass laws which facilitate the initiative and referendum process. Stenberg v. Beermann, 240 Neb. 754, 485 N.W.2d 151 (1992); State ex rel. Morris v. Marsh, 183 Neb. 520, 524-25, 162 N.W.2d 262, 265, 266 (1968); Klosterman v. Marsh, 180 Neb. 506, 513, 143 N.W.2d 744, 749 (1966); State ex rel. Winter v. Swanson, 138 Neb. 597, 598, 294 N.W. 200, 201 (1940); State ex rel. Ayres v. Amsberry, 104 Neb. 273, 276-77, 177 N.W. 179, 180 (1920), vacated, 104 Neb. 273, 178 N.W. 822 (1920) (on unrelated jurisdictional grounds).

The Nebraska Supreme Court has consistently applied the standards set forth in Amsberry to statutes regulating the initiative and referendum process. The court's resolve to declare unconstitutional any statute which does not facilitate the initiative and referendum process was set forth in Amsberry as follows:

> Bearing upon the question of the construction of the statute, we have to consider also the language of the initiative and referendum amendment to the Constitution as follows: "This amendment shall be self-executing, but legislation may be enacted especially to facilitate its operation." Const., art. III, sec. 1D. Under this provision, legislation permissible must be such as frees the operation of the constitutional provisions from obstruction or hindrance. Any legislation which would hamper or render ineffective the power reserved to the people would be unconstitutional.
>
> . . .
>
> Laws to facilitate the operation of the amendment must be reasonable, so as not to unnecessarily obstruct or impede the operation of the law.

Id. at 276, 277, 177 N.W. at 180 (emphasis added).

> The amendment under consideration reserves to the people the right to act in the capacity of legislators. The presumption should be in favor of the validity and legality of their act. The law should be construed, if possible, so as to prevent absurdity and hardship and so as to favor public convenience.

Id. at 278, 177 N.W. at 180.

Legislation which may be enacted to facilitate the operation of the initiative process must be reasonable so as not to obstruct or impede unnecessarily the operation of the law. Id. at 277, 177 N.W. at 180. See State ex rel. Winter v. Swanson, 138 Neb. 597, at 599, 294 N.W. 200, at 201 (1940). The Amsberry test was applied by the Nebraska Supreme Court as recently as 1992 in Stenberg v. Beermann, 240 Neb. 754.

i. The word "facilitate" means to "make easy" or "less difficult".

The word "facilitate" is a common term and is always defined as meaning:

> . . . to make easy or less difficult; to free from difficulty or impediment, as to facilitate the execution of a task; to free more or less completely from hindrance or obstruction; to free from difficulty, obstruction or hindrance; to lessen the labor of; to make more easy or less difficult; to assist.

35 C.J.S. Facilitate, pgs. 487, 488 (1960). Both Black's Law Dictionary, p. 531 (5th ed. 1979) and Webster's New Collegiate Dictionary, p. 410 (1974), confirm this common sense definition. Legislative acts which unnecessarily restrict the petition process impede rather than facilitate (make less difficult) the operation of Article III, §§ 2-3.

ii. The effect of legislation regulating the powers of initiative and referendum must be examined from the perspective of individual citizens.

The first and second rights reserved to the people of the State of Nebraska are the powers of initiative and referendum. Although these powers are a right of the "people", they are individual rights as well. They can be exercised by any one citizen. Consequently, legislation regulating the powers of initiative and referendum must be examined from the perspective of individual citizens. See, e.g., Colorado Project-Common Cause v. Anderson, 178 Colo. 1, 6, 495 P.2d 220, 222 (Colo. 1972) ("Any legislation which directly or indirectly limits, curtails or destroys the rights given by {constitutional initiative} provisions is invalid as violative of the rights reserved by the people themselves.").

b. Legislation which prevents fraud or renders intelligible the purpose of the proposed law is generally permissible under article III, § 4.

In State ex rel. Winter v. Swanson, 138 Neb. 597, 599, 294 N.W. 200, 201 (1940), the court stated:

> We think the constitutional provision authorizing the legislature to enact laws to facilitate the operation of the initiative power means

> that it may enact reasonable legislation to prevent fraud or to render intelligible the purpose of the proposed law or constitutional amendment. See State v. Amsberry, 104 Neb. 273, 177 N.W. 179. Any legislative act which tends to insure a fair, intelligent, and impartial result on the part of the electorate may be said to facilitate the exercise of the initiative power.

Id. Thus, prevention of fraud is a legitimate statutory purpose. However, any provision with this purpose must be reasonable, and not contradict the general rules discussed above. This would exclude "anti-fraud" measures which do nothing to prevent fraud beyond the prevention inherent in restrictions which hamper or render the initiative power ineffective by reducing the number of citizens involved.

It is longstanding law in Nebraska that "Constitutional provisions with respect to the right of initiative and referendum reserved to the people should be construed to make effective the powers reserved." Lawrence v. Beermann, 192 Neb. 507, 508, 222 N.W.2d 809, 810 (1974); Ayres v. Amsberry, 104 Neb. at 278, 177 N.W. at 180; Klosterman v. Marsh, 180 Neb. at 513, 143 N.W.2d 749. In State ex rel. Morris v. Marsh, the court stated, "The decisions almost universally hold that the power of initiative must be liberally construed to promote the democratic process and that the right of initiative constitutionally provided should not be circumscribed by restrictive legislation. . . ." 183 Neb. at 531, 162 N.W.2d at 269.

C. Analysis of LB 337 under Article III, § 4.

At issue, then, is whether the provisions of LB 337 restrict, hamper, obstruct, limit, or impede the right of initiative and referendum, or whether the provisions facilitate the process. Permissible provisions to "facilitate" the process include those which prevent fraud, or render intelligible the purpose of a proposed law or insure a fair, intelligent or impartial result on the part of the electorate. We will examine each section, of LB 337, separately.

Section 2, which requires development of a manual for election officials, clearly facilitates the initiative and referendum process. Section 5, which requires submission of proposed measures to the Revisor of Statutes for comment, serves to "render intelligible the purpose of the proposed law or constitutional amendment" and "tends to insure a fair, intelligent, and impartial result on the part of the electorate." Consequently, it is also constitutionally permissible. We note that this conclusion is based, in part, on the fact that the delays associated with Section 5 are minimal, and that the petition sponsor is free to reject any changes suggested by the Revisor of Statutes.

Section 7, which requires development of informational pamphlets, is likely constitutional as well, as it arguably "tends to insure a fair, intelligent, and impartial result on the part of the electorate." We caution, however, that if the "arguments both for and against" prepared by the Secretary of State are not objective, the provision could have the effect of hampering, or impeding the initiative process in violation of article III, § 4. Consequently, we believe a court would hold that this provision impliedly requires fairness as to the contents of the pamphlets.

Similarly, Section 8 (public hearings) arguably tends to insure a fair, intelligent, and impartial result on the part of the electorate, and is thus permissible under article III, § 4. Such hearings would, of course, have to be conducted so as to not impede or hinder the process.

Section 3 is only slightly different from current law, and requires each sheet of a petition to contain a statement in sixteen-point or larger type in red ink specifying whether the petition is being circulated by a paid circulator or a volunteer circulator. This section is subject to some doubt, but is arguably constitutional.

In August of 1992, a suit was filed in the United States District Court for the District of Nebraska by former State Senator John DeCamp, on behalf of Nebraskans For Political Reform, challenging the constitutionality of this same provision under Neb. Const. art. III, §§ 2-4 and the First Amendment of the U.S. Constitution. The Attorney General's Office succeeded in getting the suit dismissed in October of 1992. However, the State's Motion to Dismiss was granted "based on grounds of abstention" since the issue was more properly one for state court determination. Nebraskans For Political Reform v. Stenberg, et al., 4:CV92-3118 (Memorandum and Order on Defendants' Motions to Dismiss, Oct. 13, 1992). If Section 3 of LB 337 is challenged, a court would have to determine whether the large red notice regarding whether the circulator was paid is a legitimate means to prevent fraud and/or insure a fair and impartial result, or whether it unreasonably restricts, hampers, obstructs, limits or impedes the right of initiative. The provision would also have to pass scrutiny as a restriction on free speech under the U.S. Constitution. Although it is a close question, section 3 is arguably constitutional, and this office would defend the section, if challenged, as it did in 1992.

Section 4 requires petition circulators to be registered to vote in Nebraska for one month prior to circulating an initiative or referendum petition. The Attorney General's Office has already successfully defended the general requirement that petition circulators be registered voters. In Clean Environment Committee v. Beermann, Docket 486, Page 94 (Lancaster County District Court 1992), the plaintiffs alleged that the requirement that circulators be registered voters violates Neb. Const. art. III, § 3 and the First Amendment of the U.S. Constitution. The Lancaster County District Court held, however, that

> The requirement that petition circulators be registered voters facilitates fraud prevention in concrete and substantive ways. Voter registration ensures a readily available and important means for keeping track of petition circulators. It also provides a handwriting sample for use in determining the validity of circulator signatures. When the Secretary of State or a county clerk or election commissioner has a question about some aspect of the validity of a petition or petition signature, he or she can locate the circulator by use of the voter registration records.

(Order at 5). The court also found the registration requirement does not violate the First Amendment. The Court held, "The registered voter requirement is a narrowly tailored requirement which serves the compelling state interest to prevent fraud and ensure the integrity of the initiative process without unduly burdening the right to free speech." (Order at p.6). The district court's decision was consistent with prior federal court decisions including Libertarian Party v. Beermann, 598 F.Supp. 57, 65 (D.Neb. 1984), in which the court stated, "there is a compelling state interest to prevent . . . fraud. It is reasonable that petition circulators . . . be registered voters of the State of Nebraska. . . ." See also Merritt v. Graves, 702 F.Supp. 828 (D.Kan. 1988) (upholding Kansas' requirement that petition circulators be registered voters).

Section 4, however, goes a step beyond these cases and imposes a requirement that circulators not only be registered voters, but that they be registered for one month prior to circulating a petition. This likely creates a constitutional infirmity, since the only requirement to sign a petition under the Nebraska Constitution is that the signer be a registered voter. No waiting period is imposed. See Neb. Const. art. III, §§ 2, 3. In Colorado Project-Common Cause v. Anderson, 495 P.2d 220 (Colo. 1972), the court held that a Colorado statute requiring petition circulators to be registered voters "unconstitutionally diminishes the class of people permitted by the constitution to . . . circulate initiative petitions." Id. at 222. The court's decision was based on the discrepancy between the statutory requirement for circulators (registered voters only) and signers (all legal voters and qualified electors). The Court concluded, "The statutory requirement that the signing and circulating of petitions must be by registered electors rather than permitting qualified electors to carry on these functions is therefore a limitation not authorized by the constitution and is impermissible." Id. LB 337 creates a similar disparity between the constitutional requirement under art. III, §§ 2, 3, and the statutory requirement for circulators. Thus, Section 4 would likely be held to violate Neb. Const. art. III.

This conclusion is supported by a prior Nebraska case. In 1988, the District Court of Douglas County concluded the then-existing discrepancy under Neb. Rev. Stat. §§ 32-705 and 32-713 between the qualifications to circulate an initiative petition (a "registered and qualified voter") and to sign a petition (a "qualified" voter) rendered the statutory scheme unconstitutional. On appeal, the Nebraska Supreme Court noted,

> The district court concluded the 'registered voter' requirement of § 32-705, as an additional qualification to be a circulator of an initiative petition, would discourage circulation of an initiative petition and thereby curtail or discourage a form of political expression protected by the first amendment to the U.S. Constitution.

State v. Monastero, 228 Neb. 818, 823, 424 N.W.2d 837 (1988), appeal dismissed, Monastero v. Nebraska, 488 U.S. 936, 109 S.Ct. 358

(1988). The Supreme Court, however, held "the district court's ruling concerning § 32-705 was unnecessary for disposition of the defendants' constitutional challenge to § 32-713 as vague." Id. at 841. The court vacated the findings of the district court and stated "we express no opinion concerning the constitutionality of any provision of § 32-705" since the issue was not before the court. Id.

Even if Nebraska courts refused to follow the reasoning employed by the Colorado Supreme Court in Anderson, Section 4 likely also violates the "facilitate" requirement of Article III of the Nebraska Constitution. Although voter registration requirements for circulators have been upheld as fraud prevention measures, there would appear to be little or no increased fraud prevention by imposing a one month waiting period. The arguments used to uphold registration requirements are no stronger with a one month delay added. Consequently, a waiting period would likely be held to constitute a punitive measure designed to restrict the number of circulators, and thus unconstitutionally restrict, hamper or impede the initiative process.

Section 6 of LB 337 creates a presumption of invalidity for any signature on an initiative petition if the signer's signature, printed name, street and number or voting precinct, and city, village, or post office address do not match corresponding information in voting registration records (regardless of whether election officials determine the signer is, in fact, a registered voter). Consequently, under the requirements of Section 6 if a person signs a petition as "Cap", but the voter registration record lists him as "Merton", or if a person lists his or her address on the petition as "Rural Route, Ewing, NE", but the voter registration records show the address as HC 81, Box 42, Ewing, NE, the signature or address would apparently be presumed invalid.

In State ex rel. Morris v. Marsh, 183 Neb. 521, 527, 162 N.W 262 (1968), the court stated, with respect to petition signatures challenged on the basis of incomplete circulator names, "If presumptions are to be indulged in, the presumption ought to be that acts performed in the circulation of petitions are legal rather than fraudulent." Id. at 529. The court stated that in light of "the specific constitutional provisions preserving the right of initiative, presumptions must be in favor of legality rather than illegality." Id. at 528. See also id. at 531 ("The amendment under consideration reserves to the people the right to act in the capacity of legislators. The presumption should be in favor of the validity and legality of their act."). The court also validated signatures involving addresses of signers where ditto marks were used for all or part of the address. Id. at 532. Whereas the court's determination in Morris was based on constitutional requirements, we believe a Nebraska court would find Section 6 of LB 337 to be impermissible. We fail to see how this provision constitutes legislation to "facilitate" the operation of the process. On the contrary, it would appear to "impede," or "hamper or render ineffective the power reserved to the people." As such, it violates Neb. Const. art. III, § 4. Stenberg v. Beermann, 240 Neb. at 756; Amsberry, 104 Neb. at 276.

D. Restrictions on the Initiative and Referendum Process Must also be Scrutinized Under The First Amendment of the United States Constitution and Article I, Section 5 of the Nebraska Constitution.

In addition to examination under Article III, Section 4 of the Nebraska Constitution, restrictions on the initiative and referendum process must also be scrutinized under the free speech clauses of the First Amendment of the United States Constitution and Article I, § 5 of the Nebraska Constitution (treated herein as synonymous with the First Amendment).

Section 4 of LB 337 arguably limits the size of the audience a circulator may reach and makes it less likely the circulator will garner the number of signatures necessary to place a matter on the ballot because it requires a one month delay after registering to vote, in the event the circulator is not already registered. It is likely this portion of LB 337 would be challenged as violating the free speech clause of the First Amendment of the U.S. Constitution and the free speech clause of Article I, Section 5 of the Constitution of the State of Nebraska.

1. Applicable First Amendment Standard of Review - Strict Scrutiny.

The circulation of initiative and referendum petitions constitutes core political speech protected by the First and Fourteenth Amendments. The United States Supreme Court has held that expression of political ideas is the highest form of protected speech and is entitled to strict scrutiny to prevent state infringement. See Meyer v. Grant, 486 U.S. 414, 421, 108 S.Ct. 1886, 1892 (1988); State v. Monastero, 228 Neb. 818, 825, 424 N.W.2d 837, 843 (1988), appeal dismissed, Monastero v. Nebraska, 488 U.S. 936, 109 S.Ct. 358 (1988) ("{s}peech protected by the first amendment to the U.S. Constitution includes the free expression or exchange of ideas, the communication of information or opinions, and the dissemination and propagation of views and ideas, as well as the advocacy of causes.").

In State v. Radcliffe, 228 Neb. 868, 424 N.W.2d 608 (1988), the Nebraska Supreme Court concluded a Nebraska statute prohibiting the payment of petition circulators violated the First Amendment and was of no force or effect. Id. at 872, 424 N.W.2d at 611. The court's First Amendment analysis in Radcliffe is relevant here.

> U.S. Const. amend. I provides in part that "Congress shall make no law . . . abridging the freedom of speech . . . ." That guarantee is made applicable to the states by the requirement of U.S. Const. amend. XIV that no state "deprive any person of . . . liberty . . . without due process of law. . . ." Meyer v. Grant, {486 U.S. 414, 420, 108 S.Ct. 1886, 1891 (1988)}. (Other citations omitted).
>
> The U.S. Supreme Court, in Meyer v. Grant, supra, recently reaffirmed that the freedom of speech guaranteed by the first amendment embraces at least the liberty to discuss publicly and truthfully all matters of public concern without previous restraint or fear of subsequent punishment. The Meyer Court went on to observe that the circulation of an initiative petition of necessity involves

> both the expression of a desire for political change and a discussion of the merits of the proposed change. Recognizing that a petition circulator need not necessarily persuade a potential petition signer that a particular proposal should prevail, the Court observed that, nonetheless, a circulator would, in order to obtain a signature, at least have to persuade a potential signer that the matter is one deserving of the public scrutiny and debate that would attend its consideration by the whole electorate. The Court reasoned that in almost every case this will involve an explanation of the nature of the proposal and why its advocates support it, and thus concluded that the circulation of an initiative petition "involves the type of interactive communication concerning political change that is appropriately described as 'core political speech.' " {Meyer v. Grant, at 421, 422, 108 S.Ct. at 1892}. As such, statutes limiting the power of the initiative are to be " 'closely scrutinized and narrowly construed.' "

Id. (emphasis added). Thus, Section 4 of LB 337 would likely be subject to strict scrutiny by the courts with respect to its validity under the First Amendment.

2. The One Month Registration Requirement in LB 337 Limits the Size of the Audience a Circulator May Reach; Makes it Less Likely the Circulator will Garner the Requisite Number of Signatures, and is not Narrowly Tailored to Meet the State's Interest in Fraud Prevention.

In Radcliffe, the Nebraska Supreme Court stated:

> The {U.S. Supreme} Court noted {in Meyer} that it is often more difficult to get people to work without compensation than it is to get them to work for pay. Proceeding from that premise, the Meyer Court concluded that the Colorado statute restricted political expression both by limiting the number of circulators and, thus, the size of the audience reached by those who sought to initiate an amendment to the Colorado Constitution so as to exempt motor carriers from certain regulation, and by reducing the likelihood of garnering the number of signatures required to place the issue on the ballot, thereby limiting the ability of its proponents to make the issue the focus of statewide discussion.

Id. at 871, 424 N.W.2d at 610 (emphasis added). These concerns apply equally to a waiting period for newly registered circulators. Furthermore, the argument that the waiting period ensures petition drives have grass-roots support is insufficient to get the restriction past First Amendment scrutiny even supposing it were true. In Radcliffe, the court stated as follows regarding Meyer:

> Nor was the Court persuaded by the argument that the payment ban was justified by Colorado's interest in assuring that an initiative has sufficient grassroots support to be placed on the ballot. The Court observed that such interest was adequately protected by the requirement that no initiative proposal might be placed on the ballot unless the required number of signatures (at least 5 percent of the qualified voters) was obtained.

Radcliffe, 228 Neb. at 871, 424 N.W.2d at 610. As in Meyer and Radcliffe, the interest in assuring that an initiative has sufficient grass-roots support is adequately protected by the requirement that no initiative proposal may be placed on the ballot unless the required number of signatures is obtained.

As discussed, supra, at 11, fraud prevention may constitute a compelling state interest sufficient to enable a statute to survive even strict scrutiny. See Libertarian Party, 598 F.Supp. at 65. However, fraud prevention statutes must be narrowly tailored. A statute containing a one month waiting period, in addition to the registration requirement, is not narrowly tailored to meet the state's interest in fraud prevention, as it adds nothing to the safeguards discussed in Clean Environment Committee v. Beermann, supra at 11. Rather it appears to be a punitive measure.

Thus, as with the restrictions in Meyer and Radcliffe, the one month registration requirement in LB 337 likely violates the First Amendment. Section 4 restricts political expression by limiting the number of circulators and, thus, the size of the audience reached by those who desire to circulate petitions, and by reducing the likelihood of garnering the number of signatures required to place the issue on the ballot, thereby limiting the ability of citizens to make an issue the focus of statewide discussion. It goes beyond permissible registration requirements, and is not narrowly tailored to meet the State's interest in fraud prevention.

II. Constitutionality of LB 337 Under Proposed Constitutional Revision.

Your second question involves the constitutionality of LB 337 under LR 6CA, as amended. A recent amendment to LR 6CA would remove the limitation on legislative regulation of the initiative process as discussed in section I, above. In its place, the Nebraska Constitution would be amended to read, ". . . the Legislature may enact general laws that the Legislature deems necessary to carry out the provisions with respect to the initiative and referendum."[1]

"General laws" are those which "embrace the whole of a subject, with their subject matter of common interest to the whole state." Haman v. Marsh, 237 Neb. 699, 709, 467 N.W.2d 836 (1991). "By definition, a legislative act is general, and not special, if it operates alike on all persons of a class or on persons who are brought within the relations and circumstances provide for. . . ." Id.

Thus, the amendment to LR 6CA removes virtually all restraint on legislative regulation of the referendum and initiative petition process from the Nebraska Constitution. No longer would the Legislature be prohibited from enacting legislation which would "hamper," "obstruct," "limit," or "impede" the right of initiative, so long as such legislation did not run afoul of other constitutional provisions. Consequently, the provisions of LB 337 would almost certainly be permissible within the broad parameters of "general laws" under LR 6CA, as amended. We note, however, that the amendment would not remove First Amendment constraints.

III. Ratification and Confirmation of Unconstitutional Legislation By Subsequent Constitutional Amendment.

Your final question asks whether the approval by voters in the November 1996 election of LR 6CA would have any impact on the constitutionality of LB 337, assuming it is approved in the 1995 legislative session. Specifically, you ask whether LB 337 would need to be re-enacted after November 1996.

In Op. Att'y Gen. No. 92064 (April 27, 1992), this office responded to former Senator Scott Moore's question of whether, if LB 1063 was unconstitutional when enacted, the bill would be validated by subsequent adoption of LR 219CA. Our analysis from that opinion is applicable here.

> {T}he question remains as to whether, if the property tax provisions of LB 1063 are unconstitutional for the reason articulated in part I, supra, of this opinion, the bill may be successfully defended against a constitutional challenge if LR 219CA is adopted, by virtue of the express ratification clause contained in the constitutional amendment.
>
> It is well-established that an unconstitutional statute is wholly void from the time of its enactment and is not validated by such a statute. E.g., Fellows v. Shultz, 81 N.W. 496, 469 P.2d 141 (1970); Matthews v. Quinton, 367 P.2d 932 (Alaska 1961; Banaz v. Smith, 133 Cal. 102, 65 P. 309 (1901). See generally Annot., 171 A.L.R. 1070, 1070-1072 (1947); 16 C.J.S. Constitutional Law § 44 (1984); 16 Am.Jur.2d Constitutional Law § 259 (1979). The Nebraska Supreme Court has followed this general principle, holding that "{a}n act of the Legislature that is forbidden by the Constitution at the time of its passage is absolutely null and void, and is not validated by a subsequent amendment to the Constitution authorizing it to pass such an act." Whetstone v. Slonaker, 110 Neb. 343, 344, 193 N.W. 749, 749 (1923) (syllabus of the court). Accord State ex rel. Rogers v. Swanson, 192 Neb. 125, 219 N.W.2d 726 (1974).
>
> An exception to this general rule is recognized, however, where a constitutional amendment expressly or impliedly ratifies or confirms an unconstitutional statute. Under these circumstances, such ratification renders valid antecedent unconstitutional legislation, without reenactment by the legislature, unless such attempted validation would impair the obligation of contracts or divest vested rights. E.g., Bonds v. State Dept. of Revenue, 254 Ala. 553, 49 So.2d 280 (1950); Peck v. City of New Orleans, 199 La. 76, 5 So.2d 508 (1941); Peck v. Tugwell, 199 La. 125, 5 So.2d 524 (1941). See generally Annot., 171 A.L.R. 1070, 1072-1074 (1947); 16 C.J.S. Constitutional Law § 44 (1984); 16 Am.Jur.2d Constitutional Law § 259 (1979).
>
> In a previous opinion (discussed in Part I., supra), we concluded that legislation designed to become operative upon the adoption of a subsequent constitutional amendment would "rest upon infirm constitutional footing, on the ground that a statute which is contrary to the Constitution when enacted cannot be revitalized by a

> subsequent constitutional amendment, ..." Report of Attorney General 1965-66, Opinion No. 61, p. 89, 91. Discussing the principle articulated by the Nebraska Supreme Court in Whetstone v. Slonaker, supra, that an act contrary to the Constitution when enacted is void from its enactment and is not validated by a later amendment to the Constitution authorizing its passage, we stated the following:
>
> > True, apparently the constitutional amendment involved in the Whetstone case contained no express provision purporting to ratify or confirm the statute in question. However, the Nebraska court has been so emphatic in its pronouncements to the effect that a statute which is contrary to the form of the Constitution when enacted is, for all purposes absolutely null and void and is as though the statute had never been passed in the first instance, that we are inclined to believe that the court would adopt the view that a statute which is in its terms contrary to the Constitution at the time of passage can never be validated by any constitutional amendment, even though such amendment might contain a ratification clause.
>
> Report of Attorney General 1965-66, Opinion No. 61, supra, at 91.
>
> . . .
>
> While LR 219CA contains an express ratification clause purporting to validate legislation enacted during the 1992 regular legislative session, there is no guarantee that our state supreme court would uphold the effectiveness of such an attempt to revitalize LB 1063, should it be determined that the statute was contrary to the Constitution when enacted.
>
> For these reasons it is our strong recommendation that if LR 219CA is approved by the voters, that the Legislature reconvene for the purpose of re-enacting LB 1063 or its equivalent. Any other course of action would be nothing more than a legal gamble, which if lost, could have very serious consequences for the people of Nebraska.

Op. Att'y Gen. 92064 at 7-9. This opinion was further validated just three months later when the Nebraska Supreme Court held, in Jaksha v. State, 241 Neb. 106, 110, 486 N.W.2d 858 (1992), that although the people of the state voted on May 12, 1992, to amend the uniformity clause of article VIII, § 1, that LB 829 (which was being challenged in the case) had to be reviewed under the Constitution as it existed on June 11, 1991.

We believe the Nebraska Supreme Court would follow the general rule set forth in Whetstone and Rogers v. Swanson, and hold that an act of the Legislature (LB 337 in this case) that is forbidden by the Constitution at the time of its passage is absolutely null and void, and is not validated by a subsequent amendment to the Constitution. This is especially likely since LR 6CA contains no ratification clause purporting to validate LB 337. Consequently, we conclude LB 337, to the extent it violates Neb. Const. art. III, § 4, would need to be re-enacted after November 1996 under the scenario set forth in your opinion request.

IV. Conclusion and Summary

In response to your first question, we conclude that of the nine sections of LB 337, two sections are unconstitutional. Section 4's one-month waiting period for newly registered petition circulators violates Article III of the Nebraska Constitution as well as the First Amendment of the United States Constitution. Section 6's presumption of invalidity for signatures and addresses not matching voting records violates Article III, § 4 of the Nebraska Constitution.

In response to your second question, LR 6CA, as amended, removes virtually all restraint on legislative regulation of the initiative and referendum process from the Nebraska Constitution. Consequently, Sections 4 and 6 of LB 337 would be permissible within the broad parameters of "general laws" under LR 6CA, as amended. Section 4, however, would still be subject to challenge under the First Amendment.

Finally, in response to your third question, we believe LB 337 would need to be re-enacted after November 1996 in order for Sections 4 and 6 to be adjudicated under the more lenient standard in LR 6CA, as amended.

[1] LR 6CA, as introduced, was clearly intended to restore the initiative and referendum process to its status prior to the Nebraska Supreme Court's decision in Duggan v. Beermann, 245 Neb. 907, 515 N.W.2d 788 (1994), in which the court effectively increased the number of petition signatures required to place a proposal before the voters. Since then, a two-tiered signature requirement scheme has been incorporated into LR 6CA. As indicated in Op. Att'y Gen. No. 95005 (Jan. 26, 1995), we believe this portion of LR 6CA is unconstitutional in that it violates the First and Fourteenth Amendments by impermissibly burdening the freedom of speech.

DON STENBERG

Opinion No. 95032

DATE: April 17, 1995

SUBJECT: Proposed Amendment to LB 613; Does the Term "Municipality" Used in Neb. Rev. Stat. § 77-3439 (Cum. Supp. 1994) Include Townships

for Purposes of the Exception to the Budget Lid
Contained in That Statute?

REQUESTED BY: Senator M. L. Dierks
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Dale A. Comer, Assistant Attorney General

Subsections (3) and (4) of Neb. Rev. Stat. § 77-3439 (Cum. Supp. 1994) state as follows:

> (3) In addition to the increase {in property taxes} permitted by subsection (1) of this section, a municipality or county may increase the anticipated aggregate receipts from property taxes by the amount necessary to pay for accessibility barrier elimination project costs upon an affirmative vote of the governing body. Such a vote shall be taken at a public meeting of the governing body following (a) a hearing called pursuant to subsection (1) of this section at which there is an opportunity for testimony on the increase proposed under this subsection or (b) a special public hearing called for the purpose of receiving testimony on the increase proposed under this subsection.
>
> (4) In addition to the increase {in property taxes} permitted by subsection (1) of this section, a municipality or county may increase the anticipated aggregate receipts from property taxes by the amount necessary to pay for repairs to infrastructure damaged by a natural disaster which is declared a natural emergency pursuant to the Nebraska Disaster and Civil Defense Act of 1973 not reimbursed by state or federal emergency funds upon an affirmative vote of a majority of the governing body. Such a vote shall be taken at a public meeting of the governing body following (a) a hearing called pursuant to subsection (1) of this section at which there is an opportunity for testimony on the increase proposed under this subsection or (b) a special public hearing called for the purpose of receiving testimony on the increase proposed under this subsection.

You have asked for our opinion as to ". . . whether a township is included within the meaning of a municipality for purposes of the exception to the budget lid provided in Subsections 3 & 4 of Section 77-3439?" You are apparently contemplating introduction of an amendment to LB 613 which would specifically include townships in the budget lid exceptions contained in subsections (3) and (4) of § 77-3439 should we conclude that the term "municipality" in those subsections does not embrace townships. In our view, "municipality" as it is used in subsections (3) and (4) of § 77-3439 does not include townships.

Neb. Rev. Stat. §§ 77-3437 through 77-3441 (Cum. Supp. 1994) create a lid on the level of property taxes which may be imposed by various governmental subdivisions in the State of Nebraska. Section 77-3437 contains a number of definitions for terms which are used in

§§ 77-3437 through 77-3441. However, the word "municipality" is not defined in § 77-3437. Therefore, we must look elsewhere to ascertain what is included within that term.

In State v. Cheyenne County, 127 Neb. 619, 256 N.W. 67 (1934), the Nebraska Supreme Court engaged in the following discussion of the differences between a public corporation and a municipal corporation under Nebraska law:

> Corporations are generally classed as public and private. While the municipality is a public corporation, it does not follow that every public corporation is a municipality. * * *
>
> * * * A municipal corporation is a legal institution formed by charter from sovereign power, erecting a populous community of prescribed area into a body politic and corporate with corporate name and continuous succession and for the purpose and with the authority of subordinate self-government and improvement and local administration of affairs of state. The foregoing definition presents the logical and practical view of a municipal corporation. It is a brief formula embracing the essential elements and excluding other kindred bodies called quasi corporations. It expressly includes: The body of individuals; the sanction of the sovereign; the definite public purpose; the necessary powers; the charter; and the primary incidents of name and succession. These are the elements generally recognized as essential to a municipal corporation. It impliedly excludes parishes, counties, townships, and districts, which are almost municipalities and yet are deficient in some of the essential attributes of a municipal corporation; while it expresses the complex nature of the corporation, whereby it acts as a municipium, and also as a local agency for administering and enforcing the laws of the state.

Id at 623, 624, 256 N.W. at 70 (citations omitted) (emphasis added). This language from the Cheyenne County case indicates that a municipality is generally something separate and apart from a township, and that a township is not a municipality. On the basis of this authority, it appears to us that "municipality" in § 77-3439 would not include a township.

Our determination concerning the inclusion of township within the meaning of "municipality" is supported by the legislative history of LB 220, the bill which added subsections (3) and (4) to § 77-3439 in 1993. The committee statement from the Legislature's Revenue Committee, which considered that bill, summarized the bill's purpose, in part, as follows:

> LB 220 would exempt city expenditures for A.D.A. compliance and wage agreements or orders from the 0% property tax request lid provided in sections 77-3437 et. seq.

Committee Statement on LB 220, 92nd Neb. Leg., 2nd Sess. (Jan. 28, 1993) (emphasis added). In addition, Senator Landis, the introducer of LB 220, commented on the bill during floor debate, and stated:

> Let me make clear that every tool available under 220 is available to Wayne County as it is available to every city or county and that

> allows for growth to be used. That allows for the ADA and the natural disaster.

Floor Debate on LB 220, 92nd Neb. Leg., 2nd Sess. 5384 (May 14, 1993) (Statement of Sen. Landis) (emphasis added). We believe that these references to "city" and "city expenditures" in connection with LB 220 indicate that the bill was intended to deal with municipalities as they were defined in the Cheyenne County case, and that the bill was not intended to reach townships.

Finally, the other portions of the statutes dealing with local property tax lids support our conclusion that "municipality" as it is used in subsections (3) and (4) of § 77-3439 does not include townships.

While the term "municipality" is not defined in § 77-3437, the term "governing body" is. The latter provision has the same definition as "governing body" in Neb. Rev. Stat. § 13-503 (Cum. Supp. 1994), and clearly includes townships and town boards within the term "governing body." Subsection (1) of § 77-3439 provides for increases in property taxes by the "governing bodies" of governmental subdivisions in certain instances, while subsections (3) and (4) of the same section provide for increases in property taxes by a "municipality or county" in certain instances. It seems to us that if "municipality or county" was intended to have the same inclusive meaning as "governing body," there would have been no need to use different terms in the various subsections of § 77-3439. As a result, we do not believe that "municipality" in subsections (3) and (4) was intended to include townships.

For these various reasons, it does not appear that a township is included within the meaning of "municipality" for purposes of the exception to the budget lid provided in subsections (3) and (4) of § 77-3439. If you wish to include townships within subsections (3) and (4), you should proceed with your amendment to LB 613.

Enrollment and Review

LEGISLATIVE BILL 646. Placed on Select File as amended.
E & R amendment to LB 646:
AM7120

1. Strike the original sections and all amendments thereto and insert the following new sections:

"Section 1. This act shall be known and may be cited as the County Revenue Assistance Act.

Sec. 2. The Legislature finds that:

(1) County property owners should be given some relief from the obligation of providing mandated indigent defense services which in most instances are required because of state laws establishing crimes and penalties;

(2) Property tax relief can be accomplished if the state begins to assist the counties with the obligation of providing indigent defense services required by state laws establishing crimes and penalties;

(3) Property tax relief in the form of state assistance to the counties of Nebraska in providing for indigent defense services will also increase accountability because the state, which is the governmental entity responsible for passing criminal statutes, will likewise be responsible for paying some of the costs;

(4) Property tax relief in the form of state assistance to the counties of Nebraska in providing for indigent defense services will also improve inconsistent and inadequate funding of indigent defense services by the counties;

(5) Property tax relief in the form of state assistance to the counties of Nebraska in providing for indigent defense services will also lessen the impact on county property taxpayers

of the cost of a high profile death penalty case which can significantly affect the finances of the counties; and

(6) To accomplish property tax relief in the form of the state assisting the counties of Nebraska in providing for indigent defense services, the County Revenue Assistance Fund should be established to fund the operation of the Commission on Public Advocacy.

Sec. 3. The County Revenue Assistance Fund is created. The fund shall be used for the operations of the commission. The fund shall consist of money appropriated from the General Fund. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.

Sec. 4. For purposes of the County Revenue Assistance Act:

(1) Chief counsel means an attorney appointed to be the primary administrative officer of the commission pursuant to section 10 of this act;

(2) Commission means the Commission on Public Advocacy;

(3) Contracting attorney means an attorney contracting to act as a public defender pursuant to sections 23-3404 to 23-3408;

(4) Court-appointed attorney means an attorney other than a contracting attorney or a public defender appointed by the court to represent an indigent person;

(5) Indigent defense services means legal services provided to indigent persons by an indigent defense system;

(6) Indigent defense system means a system of providing services, including any services necessary for litigating a case, by a contracting attorney, court-appointed attorney, or public defender;

(7) Indigent person means a person who is indigent and unable to obtain legal counsel as determined pursuant to rules of the Supreme Court; and

(8) Public defender means an attorney appointed or elected pursuant to sections 23-3401 to 23-3403.

Sec. 5. The Commission on Public Advocacy is created. The commission shall provide legal services and resources to assist counties in fulfilling their obligation to provide for effective assistance of counsel for indigent persons.

Sec. 6. The commission shall consist of nine members appointed by the Governor from a list of attorneys submitted by the executive council of the Nebraska State Bar Association after consultation with the board of directors of the Nebraska Criminal Defense Attorneys Association. A member shall be appointed from each of the six Supreme Court judicial districts, and three members shall be appointed at large. The executive council of the Nebraska State Bar Association shall ensure that the selection process promotes appointees who are independent from partisan political influence. To be eligible for appointment, a person shall be a member of the Nebraska State Bar Association who has substantial experience in criminal defense work and, at the time of selection or at any time during the term of office, shall not be a prosecutor, law enforcement official, or judge. All members shall be committed to the principle of providing indigent defense services free from unwarranted judicial or political influence. Each member shall serve for a term of six years, except that three of the initial appointees shall serve terms of two years and three shall serve terms of four years as designated by the Governor. Members may be removed from the commission by the Governor for cause.

Sec. 7. The Governor shall designate one of the members of the commission as the chairperson. The members of the commission shall be reimbursed for their actual and necessary expenses incurred in the performance of their duties as provided in sections 81-1174 to 81-1177.

Sec. 8. Five members of the commission constitute a quorum for the transaction of business. The commission may act by a majority of the members present at any meeting at which a quorum is in attendance.

Sec. 9. The commission shall:

(1) Adopt and promulgate rules and regulations for its organization and internal management and rules and regulations governing the exercise of its powers and the fulfillment of its purpose;

(2) Appoint and abolish such advisory committees as may be necessary for the performance of its functions and delegate appropriate powers and duties to them;

(8) Oversee statewide data collection for the indigent defense systems in Nebraska on such topics as costs, caseloads, use of resources, and workloads; and

(9) Provide legal services to indigent persons through the divisions in section 12 of this act.

WRITTEN BY:	Don Stenberg, Attorney General Royce N. Harper, Senior Assistant Attorney General

BACKGROUND

The Health and Human Services Committee recently held a hearing on LB 203. As drafted, the bill changes the references to the medical assistance program from July 30, 1965 to the program as it exists on the effective date of the act.

Question 1: What is the effect of LB 203, if passed, on the ability of the Department of Social Services (DSS) without the consent of the Legislature to change the services offered by the Medical Assistance Program or to change who would be eligible for the program.

Conclusion: The result is that DSS must grant benefits and adhere to eligibility for groups or classes that have been established by the Social Security Act and implemented by federal regulation on the effective date of the Act. The department would not be able to change eligibility standards for a particular group or class without the consent or direction of the legislature. As to services, the legislature has mandated specified services in Neb. Rev. Stat. § 68-1019 (1994 Supp.). DSS has no authority to reduce or alter those services.

Question 2: What is the effect of the Clemens v. Harvey case recently decided by the Nebraska State Supreme Court on the provisions of LB 203.

Conclusion: LB 203 is a response to the Clemens decision which predated the bill. The purpose of LB 203 is to correct an outdated reference to federal law.

Question 3: What is the legal effect on the Medicaid program should LB 203 not become law?

Conclusion: In the event LB 203 does not pass the Department cannot change eligibility standards for a particular group or class but rather will have to adhere to the outdated standards set out in the Federal Act of 1965.

DISCUSSION

The essence of the opinion in Clemens v. Harvey, 247 Neb. 77, 525 N.W.2d 185 (1994), was that the Department cannot by regulation change eligibility standards of a particular class or group without the express permission of the legislature. The court held that since the Federal Act of 1965, adopted by the Nebraska Legislature, provided medicaid coverage for all caretakers of AFDC children, the Department could not, without legislative direction limit eligibility standards by excluding those caretakers who were maintaining a given income level.

In regard to services, there are services that are optional and services that are mandatory. Neb. Rev. Stat. § 68-1019 specifies certain services under medical assistance that are mandated. A review of that section shows a broad inclusive list of specified services. Irrespective of Clemens, DSS has no authority to reduce the specified services set out in Neb. Rev. Stat. § 68-1019.

However, it should be noted that Neb. Rev. Stat. § 68-1019(5) states that the Director of Social Services shall adopt rules and regulations that provide limits as to amount, duration, and scope of services and goods recipients may receive under the medical assistance program, and such limits shall comply with the applicable provisions of Title XIX of the Social Security Act.

LB 203 basically cleans up and clarifies the issue by amending Neb. Rev. Stat. § 68-1021 thus having the legislature accept and assent to all applicable provisions of 42 U.S.C. 1396, as amended on the effective date of LB 203.

In Clemens the court, citing State ex rel Spire v. Stodola, 228 Neb. 107, 421 N.W.2d 436 (1988) held that an administrative agency may not employ its rule making power to modify, alter or enlarge provisions of a statute which it is charged with administering.

The court stated that when the Legislature established the medical assistance program, it adopted the federal medical assistance provisions contained in Title XIX of the Social Security Act. The adoption of the Federal Act was codified at Neb. Rev. Stat. § 68-1018 and 68-1021 (1990). The Federal Act of 1965 designated the classes of persons eligible for medical assistance and caretaker relatives (mothers in the Clemens case were covered without income exceptions). In Clemens the court stated that with the adoption of the medical assistance program, the Legislature made specific reference to existing federal law by accepting and assenting to "all applicable provisions of Title XIX of an Act of Congress identified as H.R. 6675, 89th Congress, approved July 30, 1965."

It is our opinion the LB 203 remedies the problem since it eliminates the reference to the 1965 Federal Act and essentially accepts and assents to the federal provisions (codified at 42 U.S.C. 1396) that exist on the effective date of LB 203. The enactment updates the Nebraska Medicaid statutes as to eligibility standards for AFDC caretakers making them compatible with the Federal Act thus enabling DSS to properly promulgate and implement regulations pursuant to a legislative enactment.

Sincerely,
DON STENBERG
Attorney General

AM1699

1. Strike the original sections and all amendments thereto and insert the following new sections:

"Section 1. (1) The Legislature finds that it is in the public interest to support development of least cost energy sources, including support for research, development, and prudent use of renewable and nonrenewable supply-side technologies. The Legislature further finds that it is in the public interest to encourage energy efficiency and the use of indigenous energy sources. Consistent with this policy, the public utilities in Nebraska shall practice integrated resource planning and include least cost options when evaluating alternatives for providing energy supply and managing energy demand in Nebraska.

(2) For purposes of this section:

(a) Integrated resource planning means a planning process for new energy resources that evaluates the full range of alternatives, including new generating capacity, power purchases, energy conservation and efficiency, cogeneration and district heating and cooling applications, and renewable energy resources, in order to provide adequate and reliable service to its electric customers at the lowest system cost. The process shall take into account necessary features for system operation, such as diversity, reliability, dispatchability, and other factors of risk, shall take into account the ability to verify energy savings achieved through energy conservation and efficiency and the projected durability of such savings measured over time, and shall treat demand and supply resources on a consistent and integrated basis; and

(b) Least cost or least cost option means providing reliable electric services to electric customers which will, to the extent practicable, minimize life-cycle system costs, including adverse environmental effects, of providing the services. To the extent practicable, energy efficiency and renewable resources may be given priority in any least cost planning.

Sec. 2. Section 1 of this act and the repeal of section 70-627.01 shall not be construed to affect the operating authority of any electric generation facility owned or operated by any Nebraska electric utility on the effective date of this act.

Sec. 3. The following section is outright repealed:

"Sec. 30. Sections 30 to 41 of this act shall be known and may be cited as the Sex Offender Registration Act.

Sec. 31. The Legislature finds that sex offenders present a high risk to commit repeat offenses. The Legislature further finds that efforts of law enforcement agencies to protect their communities, conduct investigations, and quickly apprehend sex offenders are impaired by lack of available information about individuals who have pled guilty to or have been found guilty of sex offenses and who live in their jurisdiction. The Legislature further finds that state policy should assist efforts of local law enforcement agencies to protect their communities by requiring sex offenders to register with local law enforcement agencies as provided by the Sex Offender Registration Act.

Sec. 32. (1) The Sex Offender Registration Act shall apply to any person who on or after January 1, 1996:

(a) Pleads guilty to or is found guilty of (i) a violation of section 28-319, 28-320, 28-320.01, 28-703, or 28-805 or (ii) an attempt, a solicitation, or a conspiracy to commit an offense listed in subdivision (1)(a)(i) of this section;

(c) Is incarcerated in a jail, a penal facility, or any other public or private institution or is under probation or parole as a result of pleading guilty to or being found guilty of an offense listed in subdivision (1)(a) of this section prior to January 1, 1996.

(2) The registration requirements of the act shall not apply to any person while he or she is incarcerated in a jail, a penal facility, or any other public or private institution.

Sec. 33. (1) Any person who becomes subject to the Sex Offender Registration Act shall register with the sheriff of the county in which the person resides or is temporarily domiciled within five working days of becoming subject to the act.

(2) If there is an address change for a person required to register, the person shall inform the sheriff with whom that person last registered of the new address, in writing, within five working days of the change. The sheriff shall forward this information to the sheriff in the new jurisdiction where the person is relocating and would be required to register within five working days of the receipt of the new address.

(3) Each sheriff shall forward all written information, photographs, and fingerprints obtained pursuant to the act to the Nebraska State Patrol within five working days. The Nebraska State Patrol shall maintain a central registry of sex offenders required to register under the act.

Sec. 34. Any person to whom the Sex Offender Registration Act applies shall be required to register during any period of probation or parole and shall continue to comply with the act for a period of ten years after the date of discharge from probation, parole, or release from incarceration, whichever date is most recent.

Sec. 35. Registration shall be in a form approved by the Nebraska State Patrol and shall include the following information:

(1) The name and all aliases which the person has used or under which the person has been known;

(2) A complete description of the person, including date of birth, social security number, photographs, and fingerprints;

(3) A listing of each offense covered in section 32 of this act to which the person pled guilty or was found guilty, the jurisdiction where each offense was committed, the court in which the person pled guilty or was found guilty of each offense, and the name under which the person pled guilty or was found guilty of each offense;

(4) The name and location of each jail, penal facility, or public or private institution to which the person was incarcerated for each offense and the actual time served or confined; and

(5) The address of current residence and place of employment.

Sec. 36. (1) The court shall provide written notification of the duty to register at the time of sentencing to any defendant who has pled guilty or has been found guilty of an offense listed in subdivision (1)(a) of section 32 of this act. The written notification shall be signed by the defendant and retained by the court. A copy of the notification shall be provided to the county attorney and the defendant.

(2) The Department of Correctional Services shall provide written notification of the duty to register pursuant to the Sexual

Offender Registration Act to any person committed to its custody for an offense listed in subdivision (1)(a) of section 32 of this act prior to the person's release from incarceration. The written notification shall be signed by the person and retained by the department. A copy of the notification shall be provided to the person.

(3) The sheriff of each county shall cause written notification of the duty to register to be provided to any person who enters this state from another jurisdiction and makes application for a motor vehicle operator's license. The written notification shall be signed by the person and retained by the sheriff's office. A copy of the notification shall be provided to the person.

(4) All written notification as provided in this section shall be on a form prepared by the Attorney General.

Sec. 37. No person subject to the Sex Offender Registration Act shall willfully furnish any false or misleading information in the registration.

Sec. 38. Access to information obtained under the Sex Offender Registration Act shall be restricted and provided only to law enforcement agencies or their authorized representatives pursuant to rules and regulations adopted by the Nebraska State Patrol in consultation with the Attorney General.

Sec. 39. (1) Any person having a duty to register under the Sex Offender Registration Act may file a petition with the district court for an order to expunge the information.

(2) The petition shall be filed in the district court of the county in which the petitioner was convicted of an offense listed in section 32 of this act. If the petitioner was convicted in another state, the petition shall be filed in the district court of the county in which the petitioner resides. The county attorney shall be named as the respondent and shall be served with a copy of the petition.

(3) The court may grant the petition and issue an order to expunge the information if the petitioner shows by clear and convincing evidence that the (a) petitioner's duty to register has expired, (b) petitioner does not have a criminal charge pending and is not under criminal investigation for an offense listed in section 32 of this act, and (c) petitioner is not a substantial risk to commit another offense listed in section 32 of this act.

Sec. 40. Any person required to register under the Sex Offender Registration Act who violates the act is guilty of a Class IV felony.

Sec. 41. The Attorney General and the Nebraska State Patrol shall adopt and promulgate rules and regulations to carry out the Sex Offender Registration Act.

Sec. 42. Sections 30 to 41 of this act become operative on January 1, 1996. The other sections of this act become operative on their effective date.".

April 25, 1995

Madam President, Mr. Speaker
and Members of the Legislature
State Capitol
Lincoln, NE 68509

Dear Madam President and Senators:

I am returning LB65 without my signature and with my objections. The ability to be represented in the electoral process has been debated on many occasions. I have not found a substantive reason to change a process that was established only two years ago. Frequent changes in election provisions cause confusion and frustration for the voters.

It is truly unfortunate that this proposal has been cast as a partisan issue to some, rather than one of fair representation. The electoral college was to provide for a distinction between delegates representing their respective congressional districts and those representing at-large constituencies. Had this not been the intent, it would seem that all delegates would be determined by a statewide vote. The ability of district representatives to cast their ballots in the manner their districts voted is important to the democratic process.

I feel strongly that providing proper representation is essential to allowing the people's voice in Presidential elections. It is my opinion that by allowing the recognition of the individual districts' diversity, as current law allows, this can best be accomplished.

The issue of election by popular vote rather than electoral college is a matter for another level of government to decide.

Sincerely,
(Signed) E. Benjamin Nelson
Governor

AM1829

1. Insert the following new sections:

"Section 1. The Legislature recognizes that a revitalized railroad industry is essential to the well-being of the citizens of Nebraska and to the national economy, but such revitalization is accompanied by increases in rail traffic across the state. Such increased traffic brings with it the possibility of additional hazards to Nebraska motorists, frustrations caused by lengthy delays at highway-rail crossings, increases in emergency response times for police, fire, and rescue personnel, as well as disruptions in service to rail customers caused by operational delays necessary to keep roads and highways unobstructed.

The Legislature further recognizes that crafting a meaningful solution to such a complex problem will require a review of our current state and local transportation network and the laws and agencies that impact transportation and an assessment of possible modifications to rail and highway traffic patterns and to state and local laws that could enhance safety by expediting traffic flows for motorists and railroad carriers. Such a review and assessment will require the cooperation and input of state and local transportation officials, private and commercial highway users, the railroad industry, and the public at large.

Sec. 2. The Nebraska Highway-Rail Crossing Safety Committee is created. The committee shall carry out the duties specified in section 3 of this act. The Governor shall appoint the following members:

(1) One elected official representing cities of the first class;

(2) One elected official representing cities of the second class;

(3) One elected official representing villages;

(4) One person representing railroad transportation safety districts;

(5) Two persons representing railroad corporations operating within the State of Nebraska;

(6) One active member of a railroad operating craft union representing Nebraska Operation Lifesaver;

(7) One person representing county highway superintendents and engineers;

(8) One commissioner or supervisor representing county

boards;

(9) One person representing commercial highway users; and

(10) One person representing the public at large.

The Director-State Engineer shall represent the Governor and shall serve as chairperson of the committee.

The committee shall cease to exist on January 1, 1997, and sections 2 to 4 of this act shall terminate on such date.

Sec. 3. (1) The Nebraska Highway-Rail Crossing Safety Committee shall examine issues related to highway-rail crossing safety in the State of Nebraska and shall make a report of its findings, conclusions, and recommendations to the Governor and the Legislature within six months after the effective date of this act.

(2) The issues to be examined and considered by the committee shall include:

(a) Provisions of law relating to highway-rail crossings;

(b) The division of authority provided by law between agencies of the state and political subdivisions in the administration of current statutes pertaining to highway-rail crossings;

(c) Standards to be utilized in the development of statewide crossing consolidation, with consideration given to standards and policy which should be considered in the establishment of a safety rating for individual crossings;

(d) The need for and scope of increased public information programs by the state to educate state and local officials and the general public regarding issues related to crossing safety;

(e) The economic and public safety consequences associated with railroad blockage of crossings;

(f) The current procedures and policies to assist political subdivisions in the crossing consolidation process; and

(g) Nebraska liability laws relating to crossings.

Sec. 4. The members of the Nebraska Highway-Rail Crossing Safety Committee shall be reimbursed for their actual and necessary expenses as provided in sections 81-1174 to 81-1177. The Department of Roads shall provide any technical and professional assistance the committee requires upon request of the chairperson of the committee.

Sec. 5. No reports, surveys, schedules, lists, correspondence, statements, or other data of whatever nature compiled for the purpose of identifying hazards, evaluating safety, or planning the elimination or enhancement of crossings provided to the Nebraska Highway-Rail Crossing Safety Committee from the Department of Roads, a railroad, a governmental entity, or any other source, nor any recommendations, conclusions, findings, or reports made by the committee, shall be admitted into evidence in any court or considered for any other purpose in any action for damages arising from any occurrence at a location mentioned or addressed therein.".

81-1632. (1) Any school district may apply to the State Energy Office for an energy efficiency loan from the School Weatherization Fund, which fund is hereby created. Loans received pursuant to this subsection shall only be used for energy efficiency projects which are approved by the State Energy Office at the time the loan is approved. Energy efficiency projects may include studies, programs, building and equipment improvements, the purchase of telecommunications equipment including equipment to provide a direct connection to a statewide public computer information network, the purchase or conversion of vehicles to operate on alternate fuel, and the purchase and installation of fueling facilities for alternate-fuel vehicles. For purposes of this subsection, alternate fuel shall mean ethanol, methanol, electricity, compressed natural gas, liquefied natural gas, propane, and any other alternative fuel approved and recognized by the United States Department of Energy.

(2) The State Energy Office shall approve energy efficiency loan applications for proposed projects which will reduce energy use or result in a more efficient use of available energy resources. Any such loan not denied within forty-five days of its submission shall be considered approved. In determining whether to approve, reduce, or deny such application, the State Energy Office shall consider the type of project proposed and, when applicable, the life expectancy, projected energy savings, and simple payback. For purposes of this subsection, simple payback shall mean the cost of the project divided by the first year's estimated savings resulting from the project.

(3) Following approval of an energy efficiency loan application pursuant to this section, the State Energy Office shall submit vouchers against the School Weatherization Fund to the Director of Administrative Services for the amount of the approved loan as requests are received. The director shall, on a monthly basis or more frequently if requested, notify the State Energy Office of the balance available in the fund.

(4) Any school district may apply to the State Energy

Office for a technical analysis study grant. The State Energy Office shall adopt and promulgate rules and regulations pertaining to the application procedures, approval criteria, funding based on building floor area, and the required contents of a technical analysis study. The funds distributed in any fiscal year for such studies shall not exceed three percent of the funds available from the fund during that fiscal year. No technical analysis study grant shall exceed two thousand five hundred dollars for any one building. Grants received pursuant to this subsection shall only be used for technical analysis studies which are approved by the State Energy Office at the time the grant is approved. The school district shall submit a copy of the technical analysis report and an expense voucher to the State Energy Office as a request for payment. The State Energy Office shall submit a voucher to the director upon approval of the technical analysis study by the State Energy Office.

(5) Approved loan or grant applications shall be effected by contract or such other form or method as shall be provided by the State Energy Office. Loans shall be repaid in semiannual payments, with the first payment due six months after the date the project is completed. Loans shall carry no interest or finance charge, and payments ~~made prior to July 1, 1996,~~ shall be deposited in the fund. The amount of each semiannual payment on loans for studies, telecommunications equipment, alternate-fuel vehicles, and fueling facilities shall be established by the State Energy Office. The amount of each semiannual payment for all other loans shall be no less than one-fourth and no greater than one-half of the estimated first-year savings resulting from the project as established in the approved loan application, and no loan entered into prior to September 9, 1993, shall be made for a term longer than fourteen years after the completion of the project. Any loan made on or after September 9, 1993, for energy studies shall be repaid within five years from the date of such loan. Any loan made on or after September 9, 1993, for telecommunications equipment, alternate-fuel vehicles, or fueling facilities shall be repaid within ten years from the date of such loan. Any other loan made on or after September 9, 1993, shall be repaid within fourteen years from the date of such loan.

(6) The State Energy Office shall provide forms on which loan and grant applications may be made. The State Energy Office shall record and compile a complete list of all loan and grant applications and shall make an equitable geographic distribution of loans and grants as nearly as possible among the congressional districts provided in section 32-504.

1. Strike original section 4 and all amendments thereto and insert the following new section:

"Sec. 4. Policies or contracts authorized by sections 44-4109 and 44-4110 are subject to the following requirements:

(1) A prospective insured shall be provided information about the terms and conditions of the insurance arrangement to enable him or her to make an informed decision about accepting a system of health care delivery. If the insurance arrangement is described orally to a prospective insured, the description shall use easily understood, truthful, and objective terms. All written descriptions shall be in a readable and understandable format. Specific items that shall be included are:

(a) Coverage provisions, benefits, and any exclusions by category of service, provider, or physician and, if applicable, by specific service;

(b) Any prior authorization or other review requirements, including preauthorization review, concurrent review, postservice review, and postpayment review, the manner in which an insured may obtain review of a denial of coverage, and the nature of any liability an insured may incur if the insured does not comply with the authorization requirements of the policy, contract, certificate, or other materials; and

(c) Information on the insured's financial responsibility for payment for deductibles, coinsurance, or other noncovered services;

(2) If an insurer conducts customer satisfaction surveys concerning an insurance arrangement, the results of such surveys shall be made available upon request to existing and prospective participants in insurance arrangements;

(3) The policy, contract, certificate, or other materials shall establish a mechanism by which a committee of preferred providers will be involved in reviewing and advising the insurance arrangement about medical policy, including coverage of new technology and procedures, quality and credentialing criteria, and medical management procedures;

(4) All policies or contracts shall have a system for credentialing participating preferred providers and shall allow all providers within the insurance arrangement's geographic service area to apply for such credentials periodically and not less than annually. The credentialing process:

(a) Shall begin upon application of a provider for inclusion in the policy or contract; and

(b) Shall be based solely on quality, accessibility, or economic considerations and shall be applied in accordance with reasonable business judgment.

Credentialing standards or criteria shall be made available, upon request, to providers and insureds;

(5) If the policy or contract is with an organized delivery system formed by insurers, hospitals, physicians, or allied health professionals, or a combination of such entities, participation by a provider may be limited to a participant in the organized delivery system or to providers having staff privileges at a particular health care facility;

(6) If an insurer or a participant in an insurance arrangement refuses to contract with a provider, the provider shall be permitted to appeal the adverse decision. A person conducting the provider-appeal procedure may be employed by the insurer or participant in an insurance arrangement if the person does not initially participate in the decision to take adverse action against the provider. The provider-appeal procedure shall include, but not be limited to, notice of the date and time of the hearing, a statement of the criteria or standards on which the decision was based, an opportunity for the provider to review information upon which the adverse decision was based, an opportunity for the provider to appear personally at the hearing and present any additional information, and a timely decision on the appeal;

(7) If the insurer or participant in an insurance arrangement excludes or fails to retain a provider previously contracted with to provide health care services, the provider shall be permitted to appeal the adverse decision in the same manner as set forth in subdivision (6) of this section. If the provider disagrees with the decision, the provider shall be permitted to appeal to an appeals committee consisting of one person selected by each party to the appeal and one person mutually agreeable to both parties. The parties to the appeal shall pay to the appeal committee any costs associated with the person they select and shall share the costs of the person mutually agreeable to both parties, which costs shall not be recoverable by the other party;

(8) Prior to initiation of a proceeding to terminate a provider's participation, the provider shall be given an opportunity to enter into and complete a corrective action plan, except in cases of fraud or imminent harm to patient health or when the provider's ability to provide services has been restricted by an action, including probation or any compliance agreements, by the Department of Health or other governmental agency; and

(9) Policies and contracts shall not exclude providers with practices containing a substantial number of patients having severe or expensive medical conditions, except that this section shall not prohibit plans from excluding providers who fail to meet the insurance arrangement's criteria for quality, accessibility, or economic considerations.".

ATTORNEY GENERAL'S OPINION

Opinion No. 95034

DATE:	April 26, 1995
SUBJECT:	Whether LB 609 Violates Article XIII, § 3 of the Nebraska Constitution
REQUESTED BY:	Senator Don Wesely Nebraska State Legislature
WRITTEN BY:	Don Stenberg, Attorney General

Lynn A. Melson, Assistant Attorney General

You have requested our opinion regarding the constitutionality of proposed legislation which would establish a category of airports called privately-owned public use airports. LB 609 would also authorize the Department of Aeronautics to assist in the acquisition, development, operation, and maintenance of airports, including privately-owned public use airports, out of appropriations made by the Legislature as well as federal and other monies.

Your specific question is whether the provisions of LB 609 would violate Article XIII, § 3 of the Nebraska Constitution which prohibits extending the credit of the state to any private individual, association, or corporation. Closely related to the prohibition against the giving or lending of the state's credit, but not part of Article XIII, § 3, is the principle of law that public funds cannot be expended for private purposes. Our conclusion is that the use of state funds in the acquisition, development, operation, or maintenance of privately-owned public use airports would not violate the constitutional prohibition against lending the credit of the state, but may be challenged as an expenditure of state funds for private purposes. Nonstate funds, including various federal grants which the state receives for specific purposes, would not be subject to the restrictions of Article XIII, § 3. We note that LB 609 concerns the expenditure of both state and nonstate funds.

I. Review of Current Statutes and LB 609

We will first review the statutes which would be affected by LB 609 and the amendments which are proposed. As you point out in your letter, LB 609 would create a new category of airports called "privately-owned public use airports." These are defined at LB 609, § 1, as those airports "owned by a person which is primarily engaged in the business of providing necessary services and facilities for the operation of civil aircraft and which (a) has at least one paved runway, (b) is engaged in the retail sale of aviation gasoline or aviation jet fuel, and (c) possesses facilities for the sheltering, servicing, or repair of aircraft." The term "civil aircraft" is currently defined as "any aircraft other than a public aircraft" while "public aircraft" is an aircraft used exclusively by a government or political subdivision. Neb. Rev. Stat. § 3-101(4) and (5) (Cum. Supp. 1994).

Neb. Rev. Stat. § 3-113 (1991) currently authorizes the Department of Aeronautics to offer engineering and other technical services, without charge, to any municipality in connection with the construction, maintenance, or operation of an airport. LB 609 would amend this provision so as to authorize the Department to also offer such services to any person owning a private-owned public use airport. Neb. Rev. Stat. § 3-119 (1991) provides that the Department "may render assistance in the acquisition, development, operation, or maintenance of airports" owned or operated by municipalities, out of appropriations made by the Legislature for that purpose. LB 609 proposes to also authorize the Department to render assistance out of legislative appropriations with regard to privately-owned public use airports.

The proposed amendments to Neb. Rev. Stat. §§ 3-124 and 3-125 would authorize the Department to accept federal and other money, subject to federal statutes and regulations, for and on behalf of any person owning a privately-owned public use airport as well as on behalf of the state or any municipality, for the acquisition, construction, improvement, maintenance, and operation of airports and other air navigation facilities. The Department would be authorized to act as the agent of a private owner in accepting such money and in contracting for the acquisition, construction, improvement, maintenance, or operation of airports financed either in whole or in part by federal money. Further, Neb. Rev. Stat. § 3-126 would be amended to provide that all money received by the Department pursuant to Neb. Rev. Stat. §§ 3-101 to 3-156 shall be remitted to the State Treasurer for credit to the Department of Aeronautics Cash Fund, to be disbursed by the Department whether acting for the state or as the agent of a municipality or private owner.

Finally, Neb. Rev. Stat. § 3-147, as amended, would read as follows:

> The acquisition of any lands for the purpose of establishing airports or other air navigation facilities; the acquisition of any airport protection privileges; the acquisition, establishment, construction, enlargement, improvement, maintenance, equipment, and operation of airports and other air navigation facilities, whether by the state separately or jointly with any municipality, municipalities, or any person owning a privately-owned public use airport; the assistance of the state in any such acquisition, establishment, construction, enlargement, improvement, maintenance, equipment, and operation; and the exercise of any other powers herein granted to the department or hereby declared to be public and governmental functions, exercised for a public purpose, and matters of public necessity. Such lands and other property and privileges acquired and used by the state in the manner and for the purposes enumerated in the State Aeronautics Department Act shall be and are hereby declared to be acquired and used for public and governmental purposes and as a matter of public necessity.

II. Article XIII, § 3 of the Nebraska Constitution

The Nebraska Constitution prohibits the unlawful pledge of the credit of the state: "The credit of the State shall never be given or loaned in aid of any individual, association, or corporation. . . ." Neb. Const. Art. XIII, § 3. You ask whether the proposed amendments set forth in LB 609 violate this constitutional provision. The case of Haman v. Marsh, 237 Neb. 699, 467 N.W.2d 836 (1991), is a recent Nebraska Supreme Court decision which interprets Article XIII, § 3 of the Nebraska Constitution. At issue in Haman was legislation which appropriated state tax money to compensate depositors who had suffered losses due to the failure of industrial loan and investment companies in Nebraska. The Nebraska Supreme Court set out a three-prong test, and stated that to establish a law was unconstitutional under Article XIII, § 3, a plaintiff had to prove each of the following elements: (1) The credit of the state (2) was given or loaned; (3) in aid of any individual, association, or corporation. Haman, 237 Neb. at 719.

"Closely related to the prohibition against the giving or lending of the state's credit . . . is the principle of law that public funds cannot be expended for private purposes." Haman, 237 Neb. at 721-722. While this "public purpose" doctrine is not part of Article XIII, § 3 of the Nebraska Constitution and not strictly part of your inquiry, we will analyze LB 609 under both Article XIII, § 3 and the "public purpose" doctrine.

We first note that LB 609 and the statutes which it amends concern the expenditure of both state and nonstate funds. Our office has previously discussed the distinction between state and nonstate funds and the applicability of Article XIII, § 3 to such funds in Op. Att'y Gen. Nos. 87001 and 87114. These particular opinions dealt with the receipt and use of monies received as a result of court awards in various energy overcharge cases. We found that state funds are those monies which are generated by state fees or state taxes whereas nonstate funds are those which the state receives from outside sources. We gave as an example of nonstate funds the various federal grants which the state receives for specific purposes or to carry out the goals of certain designated federal programs. We further noted that the weight of authority from other jurisdictions indicates that the fact that the monies are deposited within a state treasury does not in itself make them state funds, citing Application of State ex rel. Department of Transportation, 646 P.2d 605 (Okla. 1982) and MacManus v. Love, 499 P.2d 609 (Colo. 1972). A legislative appropriation would be necessary for the expenditure or granting of those federal monies deposited in the state treasury. However, the federal funds or custodial funds which the state holds are not subject to the restrictions contained in Article XIII, § 3.

It is our opinion that if the Department of Aeronautics receives federal money on behalf of the state, a municipality, or the owner of a privately-owned public use airport, for the acquisition, construction, improvement, maintenance, and operation of airports, the expenditure of such federal funds would generally not be restricted by Article XIII, § 3. However, we point out that the receipt and expenditure of such federal funds would be governed by any terms and conditions imposed by federal statutes, rules, and regulations. To the extent that the state was placed in the position of a surety or guarantor of the debt of another as a term or condition of a federal grant program, we believe that the receipt and expenditure of such federal funds under those conditions would indeed violate Article XIII, § 3 as further explained below.

LB 609 also authorizes the use of state funds to assist privately-owned public use airports. To determine whether this expenditure of state funds would violate Article XIII, § 3, we return to the three-prong test set forth in Haman v. Marsh. The threshold question which must be analyzed is whether the proposed amendments to LB 609 involve the "credit of the state." In Haman, the court stated as follows: "There is a distinction between the loaning of state funds and the loaning of the state's credit. When a state loans funds, it is in the position of creditor, whereas the state is in the position of debtor upon a loan of credit." Id. at 719-720. In Haman, the court found that under the legislation in question, "the state would be forever liable for the losses of industrial company depositors. . . ." Id. at 720. "The stated purpose of the act is redemption of the guarantees of a private corporation to depositors by obligating present and future taxes from the state's general fund." Id.

You state in your opinion request that the Department of Aeronautics has established a revolving loan program. We note that Neb. Rev. Stat. §§ 3-101 through 3-158 do not refer to a specific loan program, but pertain generally to the receipt and expenditure of state and federal funds for the acquisition, construction, maintenance, and operation of airport facilities, which language appears broad enough to include gifts and grants. To the extent that LB 609 provides that the Department may give or loan state funds to persons owning privately-owned public use airports, it does not appear to us that such provisions result in the state being either a surety or guarantor of another's debts. Therefore, we conclude that LB 609 does not violate Article XIII, § 3. As stated above, the exception would be any state or federal requirement that would require the state to guarantee the debt of the private owner.

Although the "credit of the state" is not being given or loaned under the aeronautic statutes as amended by LB 609, the constitutional analysis does not end there. "Closely related to the prohibition against the giving or lending of the state's credit . . . is the principle of law that public funds cannot be expended for private purposes." Haman v. Marsh, 237 Neb. 699 at 721-722. This constitutional principle involves the expenditure of state funds in contrast to the extension of credit. While the State Constitution contains no express provision against expending funds for essentially private purposes, the Nebraska Supreme Court has stated that this principle "is grounded on the 'fundamental concepts of our constitutional system.'" State ex rel. Douglas v. Thone, 204 Neb. 836, 842, 286 N.W.2d 249 (1979) (quoting Beck v. City of York, 164 Neb. 223).

There is no hard and fast rule for determining whether a proposed expenditure of public funds is for a public purpose. In Platte Valley Public Power & Irrigation District v. County of Lincoln, 144 Neb. 584, 14 N.W.2d 202 (1944), the Nebraska Supreme Court discussed the parameters of a "public purpose." "A public purpose has for its objective the promotion of the public health, safety, morals, security, prosperity, contentment, and the general welfare of all the inhabitants." Id. at 589.

Since the determination of a public purpose is primarily for the Legislature, it is appropriate to look to the legislative findings or statement of purpose in analyzing a particular statute. The purposes of

Neb. Rev. Stat. §§ 3-101 to 3-154 are described at Neb. Rev. Stat. § 3-102 (1991). Those purposes include granting powers to the Department of Aeronautics so that the state "may assist in the promotion of a statewide system of airports, may cooperate with and assist the political subdivisions of the state and others engaged in aeronautics, and may encourage and develop aeronautics. . . ." Neb. Rev. Stat. § 3-102(3). LB 609 would amend Neb. Rev. Stat. § 3-147 to read that the acquisition, establishment, construction, enlargement, improvement, maintenance, equipment, and operation of airports, whether by the state separately or jointly with a municipality or any person owning a privately-owned public use airport and the assistance of the state in accomplishing those functions are declared to be public and governmental functions, exercised for a public purpose.

The Nebraska Supreme Court has held that it is for the Legislature to determine in the first instance what is and what is not a public purpose. State ex rel. Douglas v. Thone, 204 Neb. 836, 286 N.W.2d 249 (1979). The Court also held therein that there is no requirement that a legislative act calling for the expenditure of public funds need contain an express declaration of public purpose. Id. at 844-845. A number of cases from our Supreme Court have evidenced a somewhat flexible interpretation of the public purpose doctrine in relation to the expenditure of state monies. For example, with regard to housing, the Court found constitutional the act creating the Housing Authority of the City of Omaha in Lennox v. Housing Authority of City of Omaha, 137 Neb. 582, 290 N.W. 451 (1940), and found constitutional the act creating the Nebraska Mortgage Finance Fund in State ex rel. Douglas v. Nebraska Mortgage Finance Fund, 204 Neb. 445, 283 N.W.2d 12 (1979). The Court considered legislative findings such as the need for safe and sanitary housing and the need for adequate housing which could be financed by low income people in determining the existence of a public purpose.

However, the Nebraska Supreme Court has also held that laws which authorize the expenditure of state funds to encourage private enterprises do not serve a public interest. A statute offering compensation or a bounty to private companies to encourage the manufacture of sugar and chicory was found unconstitutional in Oxnard Beet Sugar Co. v. State, 73 Neb. 57 (1905). The Court based its decision on the lack of a public purpose and did not undertake a "lending the credit of the state" analysis.

In Chase v. County of Douglas, 195 Neb. 838, 241 N.W.2d 334 (1976), the Court found that the provisions of the statute authorizing expenditures for the purpose of acquiring real estate or options on real estate for industrial development were unconstitutional and in violation of Article XIII, § 3 of the Nebraska Constitution. Their holding was in part dependent upon another constitutional provision at Article XIII, § 2.

More recently, in discussing the purpose of Article XIII, § 3, the Nebraska Supreme Court has referred to the historical genesis of this provision and similar provisions found in most other state constitutions.

Haman v. Marsh, 237 Neb. at 718, citing City of Tempe v. Pilot Properties, Inc., 22 Ariz. App. 356, 527 P.2d 515 (1974). Such provisions are therein described as representing public reaction during the 19th century to the dissipation of public funds in aid of the construction of railways and canals. They were designed to prevent the use of public funds for enterprises actually engaged in private business.

Conclusion

It is our opinion that LB 609 does not violate Article XIII, § 3 of the Nebraska Constitution. A strong argument can be made that nonstate funds are not subject to the restrictions of Article XIII, § 3. As to state funds, it does not appear that LB 609 requires the giving or lending of the state's credit to private parties. Instead, it would allow the loan or grant of state funds.

We do note that LB 609 might be challenged under the "public purpose" doctrine as allowing a private entity to use state funds or property for a direct benefit to private industry with only a remote or indirect benefit to the public. Although Neb. Rev. Stat. § 3-147, as amended, makes a general statement as to public purpose, the direct benefit to the public is not apparent. We also point out, as previously discussed, that the Nebraska Supreme Court has held that what constitutes a public purpose is primarily for the Legislature to determine, and all doubts are generally resolved in favor of the Legislature.

DON STENBERG

AM1906

PURPOSE:

AM1754 to LB 392 assumes increases in tuition rates for the State College System at 4 percent for FY1995-96 and an additional 4 percent for FY1996-97. The resulting additional cash fund revenue estimated to be generated is utilized to reduce the level of General Funds required to support total funding recommendations for the system. This amendment would eliminate the assumption of the second year tuition rate increase. An assumed tuition rate increase of 4 percent for FY1995-96 would remain within the Appropriations Committee recommendation; however, no additional increase would be assumed for FY1996-97. The effect of this amendment would be to increase General Funds for the State College System by $424,795 for FY1996-97 and eliminate reliance upon increased cash funds estimated to be generated by a second year tuition rate increase.

AM1754 appropriates $325,000 General Funds for each of FY1995-96 and FY1996-97 to the University of Nebraska and an equivalent amount of General Funds each year to the Department of Economic Development to support EPSCoR research initiatives over the biennium. This amendment reduces the annual General Fund appropriations for EPSCoR to each agency by $162,500.

It is the intent of the Legislature that the Department of Social Services and the State Foster Care Review Board shall conduct joint reviews of a statistically valid sample of the children in the department's custody who are placed out of their homes. The State Foster Care Review Board will also review a sample of the cases of children in out-of-home placements and in the custody of other public or private agencies, with an emphasis on children in correctional facilities. It is also the intention of the Legislature that any six-month court review of a juvenile pursuant to sections 43-278 and 43-1313 shall be identified as a review which meets the federal requirements for six-month case reviews pursuant to the federal Adoption Assistance and Child Welfare Act of 1980, Public Law 96-272.

Sec. 2. In order to facilitate the joint review process required in section 1 of this act, the Director of Social Services or his or her designee and the director of the State Foster Care Review Board or his or her designee shall mutually agree on the following:

(1) The establishment of at least two areas, including at least one urban and one rural area of the state, to serve as pilot sites for joint reviews;

(2) The factors to be considered in the selection of a statistically valid random sample for selecting cases for review, including, but not limited to, age and geographical representation;

(3) The representatives from each agency who will sit on the joint review committee; and

(4) The logistics of conducting joint reviews, including, but not limited to, where the reviews will be held, who will write the final report produced by the joint review committee, and the format for the report.

Sec. 3. The joint review process shall include the following:

(1) Preservation of the State Foster Care Review Board case tracking system;

(2) A review reporting form which allows for dissenting views for cases in which agreement cannot be reached; and

(3) Meaningful citizen representation in the joint review process.

Sec. 4. The Department of Social Services and the State

Foster Care Review Board will be allowed to bring special request cases for joint review in addition to the cases in the sample. The joint review committee at each pilot site will evaluate the need for a limit on special requests in order to preserve the intention that a sample, rather than all cases, will be reviewed by the joint review committee.

Sec. 5. Case managers from the Department of Social Services shall be allowed to participate in case reviews conducted by the State Foster Care Review Board.

Sec. 6. Upon the full implementation of the joint review process pursuant to sections 1 to 5 of this act, the permanency plan unit within the Department of Social Services shall be disbanded.

(a) Review at least once every six months the ~~case of each child~~ selected cases of children in ~~a~~ foster care ~~placement~~ placements to determine what efforts have been made to carry out the plan for rehabilitation of the foster child and family unit or for permanent placement of such child pursuant to section 43-1312. The cases shall be selected pursuant to sections 1 to 5 of this act;

(b) Submit to the court having jurisdiction over such child for the purposes of foster care placement, within thirty days after the review, its findings and recommendations regarding the efforts and progress made to carry out the plan established pursuant to section 43-1312 together with any other recommendations it chooses to make regarding the child. The findings and recommendations shall include whether there is a need for continued out-of-home placement, whether the current placement is appropriate, the specific reasons for the findings and recommendations, including factors, opinions, and rationale considered in its review, and the date of the next review by the state board or designated local board;

(c) If the return of the child to his or her parents is not likely or reasonable grounds exist that indicate adoption is not likely, encourage the placement of the child in the most family-like long-term foster care situation possible considering the needs of the child in question; and

(d) Promote and encourage stability and continuity in foster care by discouraging unnecessary changes in the placement of foster children and by encouraging the recruitment of foster parents who may be eligible as adoptive parents.

(2) When the state board determines that the interests of a child in a foster care placement would be served thereby, the state board may request a review hearing as provided for in section

43-1313.

Sec. 8. Original section 43-1308, Reissue Revised Statutes of Nebraska, is repealed.".
